AWARD.

4. The petition of compromise spoken of above, and which finds place in the Appendix disposes of the entire matter in issue. By it the

petitioner has abandoned his claim for reinstatement. The employer also agreed to pay Rs. 225 in full satisfaction of all claims arising out of the discharge in question. This amount has been made payable within one month of the award becoming operative. I find this petition of settlement acceptable to the Tribunal. I pass my award on the lines of the said petition of compromise which I make a part of my award.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For the Union: Shri Patit Paban Pathak.

For the Company: Shri K. B. Basu, Counsel.

AWARD.

1. By order No. 2912Dis./D/7L-24/54, dated the 8th June 1954, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Lansdowne Jute Co., Ltd., Dakhindari, Managing Agents, Messrs. Bird & Co., Ltd., F. W. Heilgers & Co., Ltd., Chartered Bank Buildings, Calcutta, and two of their workmen, Md. Hossain and Shri Tarapada Maity, represented by Bengal Chatkal Mazdoor Union, 249/D, Bowbazar Setreet, Calcutta, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7 of the Industrial Disputes Act, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual summons the parties entered appearance and filed their written statements. The pleadings were completed on 5th August 1954. The parties were thereafter directed to file their lists of documents. After several adjournments at the instance of the parties the dispute was heard and the award was reserved.

3. The matter of dispute as stated in the schedule to the order of reference is as follows:—

Whether the dismissal of Md. Hossain and Shri Tarapada Maity was justified and to what relief are they entitled?

4. The dispute arose out of dismissal of the workmen, Md. Hossain and Shri Tarapada Maity. At the time they were working in the Weaving Department, Md. Hossain as Hessian Weaver and Tarapada Maity as Sacking Weaver. They were dismissed on 23rd April 1953. Bengal Chatkal Mazdoor Union, hereafter called the Union, representing the workmen, alleged that the workmen concerned were wrongfully dismissed on account of their Union activities. The Company denied having done so and pleaded that the workmen were dismissed on account of their gross misconduct after giving charge-sheets and taking explanations and holding enquiry.

DECISION.

The Union has examined only workman, Shri Tarapada Maity (P.W. 1). The Company, on the other hand, has examined the Chief Labour Officer of Bird & Co., D.W. 1, Mr. L. A. Craven, the Labour Officer of the Mill, D.W. 2, Shri Sujoy Kumar Gupta, the Habildar, D.W. 3, Shri Ramdeo Singh, the Chief Security Officer, D.W. 4, Shri P. K. Mitra and a Durwan, D.W. 5, Shri Jang Bahadur Singh, besides proving the charge-sheets (Exts. A and A1), the explanations (Exts. B and B1), the statements of the witnesses taken during the enquiry (Exts. C series) and the statement of the workman, Shri Tarapada Maity taken during enquiry (Exts. D and D1).

Regarding Md. Hossain, the evidence shows that he was rightly dismissed. Md. Hossain did not appear before this Tribunal. The Union also did not press claim regarding the said workman during trial.

Regarding workman, Shri Tarapada Maity, he admittedly received charge-sheet (Ext. A) on 20th November 1953. He was charged under section 14(c)(viii) of Standing Orders for an act subversive of discipline and under section 14(c)(i) for wilful insubordination and disobedience in that after having been warned by the Manager at about 8 a.m. on Wednesday (18th November 1953) that no meetings were to be held in the Mill, he was seen at approximately 6-45 a.m. of 20th November 1953 addressing a gathering in the Sacking Weaving Department of the Mill. Shri Tarapada admittedly submitted his explanation on 23rd November 1953 (Ext. B). In the explanation he denied the charges and stated that he did not even enter the Mill before 7 a.m. on 20th November 1953.

Shri Tarapada however admitted in his deposition that a "golmal" had started in the Mill on 17th November 1953 on the ground that the yarn supplied was bad. From the evidence of D.W. 1, it appears that in the first part of November 1953, there was first agitation regarding spreading-over of working hours. His evidence further reveals that for the "golmal" on 17th November 1953, workman Entaz Ali was alone sent for by the Manager and that not only he but along with him, 8 or 9 persons including Shri Tarapada Maity came to the Manager's office. The evidence further reveals that the Manager warned Entaz Ali, Tarapada and others that they should not hold meeting inside the Mill

or disturb work and that if they had any grievance they should make representation in a constitutional manner. When Shri Tarapada was asked whether workers went to the Manager's office and were warned not to make "golmal", he said that he could not say as he did not attend Mill on 18th November 1953. In his explanation (Ext. B) Shri Tarapada did not, however, say that he did not attend Mill on 18th November 1953. There can, therefore, be no doubt that he was warned by the Manager on 18th November 1953 for not holding or addressing meeting inside the Mill. According to his admission in cross-examination, Shri Tarapada knows that it is improper to hold meeting inside the Mill. The evidence shows that notwithstanding the warning, "golmal" continued and workmen, Hrishi and Pir Mohammed were found on 18th November 1953 addressing a crowd of 200 to 300 workmen inside the Mill. The evidence further reveals that for the same they were given charge-sheets on 19th November 1953. Shri Tarapada Maity admitted that on such charge-sheets, a procession of three to four thousand workmen went to the Manager's office demanding withdrawal of the charge-sheet against the aforesaid workmen and that he too was in that procession. According to Shri Tarapada, charge-sheet was given to him for the said occurrence of 19th November 1953, but the charge-sheet states that he was found addressing a meeting inside the Mill, some time before start of the Mill at 7 a.m. on 20th November 1953. The Habildar (D.W. 3) and the Durwan (D.W. 5), who were eye-witnesses to the same, stated so both during the enquiry and before this Tribunal. The Habildar also reported the matter to the Security Officer then and there. The Security Officer (D.W. 4) also stated so. I have had nothing to discard their evidence. Shri Tarapada's allegation in the explanation that he did not enter the Mill prior to 7 a.m. on 20th November 1953, cannot be accepted as true. The allegation that no workman is allowed to enter into the Mill prior to 7 a.m. on 20th November 1953, cannot be accepted as true. the Mill gate is opened at 6-30 a.m., and the workers are allowed to enter the Mill from then. It is, therefore, no wonder that Tarapada was seen addressing meeting inside the Mill sometime before 7 a.m. It appears that he was abusive and violent in language. The evidence shows that when two European officers happened to come to the locality of the meeting Shri Tarapada pointing them to the workmen collected said that these white-skinned people should first be dealt with when their demand for withdrawal of charge-sheets was not acceded to.

Regarding his allegation that no enquiry was held after the charge-sheets were given, Shri Tarapada himself belied the same. In cross-examination Shri Tarapada admitted that after he submitted explanation enquiry was held on that very day when Mr. Craven, Labour Officer, Shri S. K. Gupta and 2/3 others were present and that during the said enquiry two Durwans were examined in his presence and he was given opportunity to put questions to them and that he declined to do so. The evidence also leaves no room for doubt that enquiry was held. Regarding union activities, there is nothing to show that the management was aware of his alleged union activities. In the explanation submitted, Shri Tarapada did not state that he was being taken to task for his union activities. He, on the contrary, admitted in cross-examination that he did not inform the management about his status in the Union and that others holding similar status and office in the Union have still been in employment of the Company. These would show that the Company's action in dismissing him had nothing to do with his union activities and that the dismissal took place in normal and natural course.

So, in consideration of the entire evidence before this Tribunal, I find that the dismissals were justified. The workmen are not, therefore, entitled to any relief.

I award accordingly.

No. 3831Dis./D/9L-14/54.—19th August 1955.—Whereas under the Government of West Bengal, Labour Department, order No. 3860Dis./D/9L-25(A)/53, dated the 28th October 1953, read with its Addendum No. 3406Dis./D/9L-14/54, dated the 13th July 1954, the industrial dispute between Messrs. Ambootia Tea Estate (The Darjeeling Company, Ltd.), Kurseong, and Messrs. Sheoprasad Darsanlal, Proprietors, Ambootia Tea Estate, post office Kurseong, Darjeeling, and their workmen represented by Ambootia Tea Labourers' Union, Kurseong, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was made by Shri B. B. Rai, a workman of the said company, before the said Tribunal, against the said Company, alleging that the said company had altered, to the prejudice of the said workman the conditions of service applicable to him immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act filed by Shri B. B. Rai against Messrs. Ambootia Tea Estate (The Darjeeling Company, Ltd.), Kurseong and Messrs. Sheoprasad Darshanlal, Proprietor, Messrs. Ambootia Tea Estate, Kurseong, referred under Government order Nos. 3860Dis./D/9L-25(A)/53, dated 28th October 1953 and 3406Dis., dated 13th July 1954. The Union by their letter dated 2nd May 1955, withdrew their case against Messrs. Sheoprosad Darsanlal the present proprietors of Ambootia Tea Estate in the original case.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

Shri S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the workmen: Shri Provatkumar Biswas, President and Shri Hastabahadur Rai, Secretary of the Ambootia Tea Labourers' Union.

For the Company: Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam and Co., Solicitors with Shri D. P. Agarwal, Pleader and instructed by Mr. J. C. Henderson, Superintendent, Darjeeling Co., Ltd., Mr. F. H. H. Dominy, Shri S. Prashad and Col. Rerrie, Labour Officer of D.B.I.T.A.

While the aforesaid dispute was pending Shri B. B. Rai made an application under section 33A of the Industrial Disputes Act complaining that from the month of January 1954 the company changed the condition of his service by transferring him from the post of the hospital clerk to the post of a school master.

Notice of this complaint having been served, the Company filed its written statement on 25th April 1955 alleging that the petition is not maintainable inasmuch as the retransfer of the petition from the hospital to the School was ordered on 8th October 1953 and it was to take effect from 15th October 1953 prior to the date of reference.

The only point for decision is: Whether the application is maintainable?

AWARD.

It appears that the reference to the Tribunal was made on 28th October 1953 and Ext. 1 dated 8th October 1953 shows that B. B. Rai was ordered to be retransferred from the hospital to the school on that date and the order was to take effect from 15th October 1953. B. B. Rai himself has filed the said letter. Presumably, therefore, he carried out the orders and it was to take effect from 15th October 1953, i.e., prior to the date of reference. That being so, the petition under section 33A of the Industrial Disputes Act is not tenable. Besides transfer being the condition of service the Company has not varied in condition of service by retransferring B. B. Rai from the post of a clerk to that of a school teacher. The question whether he was entitled to be treated as a clerk or not has not been judicially determined up till the present day. In that view also by retransfer there has been no change of condition of service of B. B. Rai and as such the petition under section 33A is not tenable.

In the matter of an industrial dispute between Messrs. Anglo-India (Lower) Jute Mills, Jagatdal, 24-Parganas and one of their employees, Shri Sheogovinda Chamar, represented by the Barrackpore Subdivisional Chatkal Mazdoor Union, post office Kankinarah, 24-Parganas.

For the Company: Shri M. M. Ghose, Deputy Labour Adviser, Indian Jute Mills Association.

For the Employee: Shri G. N. Bhattacherjee, Advocate.

This reference made by the Government of West Bengal, Labour Department, by order No. 2765Dis./D/7L-15/55, dated the 17th June 1955, arises out of dismissal of Sheogovinda Chamar.

The issue framed in the letter of reference is as follows:—

ISSUE.

1. Is the dismissal of Shri Sheogovinda Chamar justified? Is he entitled to reinstatement and/or compensation?

AWARD.

The worker's case is that Tulshi Charan Das, the Head Mistry, under whom he had been serving had taken a loan of Rs. 100 from him. In spite of repeated demands Tulshi Charan Das was evading repayment of the loan. On 1st May 1953, during midday recess when Sheogovinda was having his bath in the river, he found Tulshi Charan Das about to get into a boat to cross the river, in order to have his lunch. Finding this a suitable opportunity to reiterate his demand for return of the money, Sheogovinda enquired of Tulshi when he was going to repay the loan. This demand made in a public place within the hearing of other persons enraged Tulshi Charan Das who grew furious and used abusive language. Thereafter Tulshi Charan Das managed to enlist the help of the Police to place Shri Sheogovinda under arrest and a false case under section 392, I.P.C., was started. On 4th May 1953, the Management charge-sheeted Sheogovinda and obtained his thumb

impression on a recorded explanation which was not in fact read out or explained to him. The principles of natural justice were flagrantly violated in so far as no opportunity was granted to Sheogovinda to defend himself. Without giving him any hearing or chance to represent the case in its true colours the Management wrongfully dismissed him from service. On these allegations Sheogovinda claimed reinstatement and/or compensation.

The Company's case is that the post of Head Oiler having fallen vacant, Sheogovinda somehow or other got the impression that he could secure the appointment if the head mistry, Tulshi Charan Das, backed up his candidature. Under this impression he pressed Tulshi Charan to throw his weight about to influence the authorities so that the Head Oiler's mantle might fall on him. Tulshi Charan Das gave him clearly to understand that the promotion was not in his gift or dependent on his recommendation. Sheogovinda did not however believe the disclaimer and continued dancing attendance upon Tulshi Charan soliciting his patronage. Tulshi Charan Das had finally spoken to him sharply that he must not wory him in this fashion. The next landmark in the progression of events was that on 1st May 1953, Tulshi Charan was attacked and assaulted by Sheogovinda with a piece of wood when he was about to leave the mill premises for his midday meal. His watch was snatched away. He was carried to the Manager's Office where after the midday recess, the Manager himself saw his injuries and having heard the report of the incident, summoned the Police to take up the matter. Sheogovinda was taken charge of by the Police. On 4th May 1953, charge-sheet was served on Sheogovinda by the Management. He submitted explanation which was duly read out and explained to him in his mother tongue. An enquiry was thereafter held by the Manager himself attended by the Labour Officer, and two members of the Works Committee. Statements of witnesses as well as the statement of Sheogovinda were recorded. The finding of the Committee was that Sheogovinda was guilty of the charge and on this finding order of dismissal was passed.

The main ground relied on by the petitioner was that the principles of natural justice had been flouted in so far as the charge was not explained, no enquiry was held and no opportunity was given to Sheogovinda to make his defence. The evidence adduced by the Company has conclusively proved that there is not a shred of truth in the allegation that the man was condemned unheard.

Exhibit D is the charge-sheet. Sheogovinda's thumb impression was taken when he was supplied a copy. Exhibit F is the explanation bearing his thumb impression. The learned Advocate appearing for Sheogovinda was at great pains to prove that the thumb impression was not willingly given and further that the contents of the statement as recorded were never read out or explained. The Labour Officer deposed that he had himself explained the charge to Sheogovinda in Hindi. The Labour Officer and O.P.W. 4. Shri L. K. Ghosal whose signature appears in Ext. D, deposed that the statements made by Sheogovinda by way of answer to the charge had been read out and explained to him. No reason have been stated why these witnesses should have ridden rough-shod over truth and given false evidence before the Tribunal. Sheogovinda had not done anything to antagonise them. I am satisfied that these witnesses and the Manager Mr. Brymer spoke nothing but the truth. The Management took scrupulous care to make a fair enquiry in strict conformity with correct procedure. The statement, Ext. F, by its internal evidence proves its genuineness. Had it been prepared by the Labour Officer accordingly to his own fancy, it might have been made more damaging. As a matter of fact it is self-exculpatory in nature. Sheogovinda tried in the statement to minimise the gravity of his offence alleging some sort of provocation. The

story of the loan figures prominently in the statement. I am satisfied that it is Sheogovinda's own statement. In the enquiry held later on the same day, statements of witnesses were recorded. Sheogovinda also made a statement, which is of the same pattern as the statement, Ext. G, but he did not put down his signature in the latter statement. According to the learned Advocate the enquiry was not in conformity with the principles of natural justice as no opportunity was allowed to Sheogovinda to produce evidence on his behalf. It does not appear that Sheogovinda wanted to call witnesses to bear testimony and that his prayer was turned down. The Manager said that Sheogovinda was at liberty to call evidence, if any. It is not proved that Sheogovinda was prevented from examining witnesses on his behalf. The enquiry was conducted in the best possible manner with due regard to all necessary formalities. Two members of the Works Committee were present. In the circumstances, I cannot uphold the contention advanced on behalf of the worker that the principles of natural justice had been violated. Another angle is that Sheogovinda having owned up the truth of the charge of assault, enquiry might be dispensed with.

On an independent review of the facts and circumstances I find that the decision of the Enquiry Committee on facts is beyond reproach. The story of the loan is a creation of Sheogovinda's fancy. On his own showing the wages earned by him are all eaten up in providing maintenance for the family. He could make no savings. It is hence extremely unlikely that he would be in a position to have a sum of Rs. 100 in his possession which he could advance as a loan. The learned Advocate for the workman argued that Sheogovinda might have borrowed this money in order to keep the Head Mistry, under whom he had to serve, in good humour. The fact however remains that Sheogovinda had not a scintilla of evidence, documentary or otherwise, to prove the transaction. He had no doubt informed the Manager Mr. Brymer and the Vice-President of the Union of which he is a member but not a single witness could be produced to confirm the statement. Before the Tribunal also Sheogovinda had nothing but his *ipse dixit* in regard to the transaction. Tulshi Charan while denying the allegation, added that if he wanted a loan he could have it from the Company. I have no manner of doubt the story of the loan was invented as an excuse for tackling Tulshi Charan. Sheogovinda's evidence is that on 1st May 1953 there was no physical violence. He was cool and collected but Tulshi Charan had flown into a temper. All the same, there was only a duel of words. Sheogovinda had the idea that he could get the lift if Tulshi Charan could be prevailed upon to give him a leg up. Tulshi Charan had complained to the Labour Officer that Sheogovinda was worrying him for recommendation. The Labour Officer was not ill disposed towards Sheogovinda. In fact there is no allegation in the written statement of the worker that either the Manager or the Labour Officer had any grudge against him or that they had joined forces to settle his hash. The probabilities are that Sheogovinda was disappointed in not obtaining the expected assistance from the Head Mistry in getting the appointment. The bitterness following in the wake of frustrated hopes, drove him to hurt the person whom he wrongly considered to be responsible for the failure of his prospects. In regard to the incident we have the evidence of the Manager who had found Tulshi with multiple injuries on his persons lying in his office. Balai Babu, an employee of a different section of the mills had witnessed the assault committed by Sheogovinda. The medical certificate, Ext. A, shows that Tulshi had four injuries. There is no suggestion that these were self-inflicted injuries. The weight of evidence is in favour of the finding that Sheogovinda had assaulted Tulshi Charan Das with a piece of wood by the side of the river.

The collapse of the criminal case on the failure of the complainant to appear in court has no bearing upon the merits of this case. Even if the criminal court had acquitted the accused there could be no bar to disciplinary action being taken by the Management on findings arrived at after holding a proper enquiry.

It was argued that the assault committed on Tulshi cannot be described as an act subversive of discipline inasmuch as it occurred outside the mill area and beyond working hours. The evidence shows that the place where the occurrence took place forms part of the mill area. The hour was the lunch interval. These points are however immaterial as under the Standing Orders an act subversive of discipline whether committed within or without mill premises or within or beyond working hours would be misconduct by reason of which the offender would be liable to dismissal. Tulshi Charan was the Head Mistry, Sheogovinda was serving under him. On the facts, the Tribunal finds that Sheogovinda nursed a grievance that the Head Mistry had refused to do him the favour of recommending his promotion. Smarting under a sence of wrong he had laid violent hands on the Head Mistry. This was clearly an act subversive of discipline. In the case reported in 1955, (1) L.L.J page 164, the learned Appellate Tribunal has held that an act committed outside the working hours and outside the esablishment may be regarded as an act subversive of discipline if it is either—

(i) inconsistent with the fulfilment of the express or implied conditions of service, or

(ii) is directly linked with the general relationship of employer and employee, or

(iii) has a direct connexion with the contentment or comfort of the men at work, or

(iv) has a material bearing on the smooth and efficient working of the concern.

In the present case the reprehensible act committed by the workman has directly linked with the relationship of employer and employee in the sense that Tulsi Charan was the superior operative under whose direction and guidance Sheogovinda had to perform his duties. From whatever standpoint the matter may be viewed, there is no escape from the conclusion that the assault committed on the Head Mistry by his subordinate was an act subversive of discipline as contemplated in the Standing Order. It may be added that no complaint of victimisation or unfair labour practice was alleged by the workman in his written statement. There was no want to bona fides on the part of the Management in taking the action it did against Sheogovinda. There was proper enquiry and the finding was not vitiated by any error of facts or perverse finding. The workman fully deserved the punishment he got and is not entitled to any relief.

This is my Award.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. PALIT, *District Judge, Chairman, Fifth Industrial Tribunal.*

Present for the Workman : Shri Haralal Dutt, Organising Secretary of the Union.

Present for the Company : None.

1. By Government order No. 6204Dis./D/8L-44/54, dated the 30th December 1954, the aforesaid dispute has been referred to the Fifth Industrial Tribunal, presided over by me, for adjudication under the section 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under the section 7 of the Act by the notification No. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 7th January 1955. The Union filed written statement on 25th January 1955. But in spite of notices the Company did not enter appearance. It was only on 25th March 1955 when the Company entered appearance and prayed for time. When time was given the Company again did not appear till the Tribunal was forced to dispose of the case *ex parte*.

3. The only issue contained in the schedule to the order of reference stands as follows:—

(1) Whether the retrenchment of Shri Bankim Chandra Das is justified. What relief by way of reinstatement and/or compensation is he entitled to?

AWARD.

4. It is the contention of the workman that on 1st July 1954 he was suddenly retrenched without any notice, and without assigning any reason for it. The workman then moved the Assistant Labour Commissioner. There was a conciliation proceeding, but without any results. So the matter

has been referred to this Tribunal for adjudication. The Company did not file any written objection. So I am unable to ascertain what is the defence the Company wants to make out. From the statement which the Company had filed before the Labour Commissioner, and a copy of which has been annexed to the written statement of the Union, I find that the Company conceded that no written notice was given to Shri Bankim Chandra Das before his discharge. He had put in 17 months' service under this Company from February 1953 to June 1954. The Company was prepared to pay him gratuity at the rate of 15 days' wages in a year.

The workman has deposed before me. He admits that he had put in one year and five months' service under the Company prior to his discharge. He was summarily discharged on the plea that there was no work for him. He was admittedly discharged on 1st July 1954. At the time he was discharged, the section 25F of the Amended Industrial Disputes Act had come into operation. So the workman was entitled to be given a notice in writing of one month, or wages for the period in lieu of such notice. Besides, he is to be given compensation equivalent to 15 days' average pay for each completed year of service, or any part thereof in excess of six months. All these benefits the workman is legally entitled to. So I award him one month's wages including dearness allowance in lieu of notice. I also award him 15 days' average pay as compensation in the present case. He is not entitled to any compensation for the extra five months' services he had put in because under the section 25F(*b*) he could have another 15 days' average pay if this period of service was in excess of six months. Admittedly, it was not.

Next, regarding the matter of retrenchment, the workman claims reinstatement. The Company here has assigned no reason before me why it has dispensed with the services of this man. In the statement before the Labour Commissioner all that it has stated is that his services were not required by the Company. But is that enough? I think, it is not. It is incumbent on the management to make out a case before the Tribunal which will justify the retrenchment in question. Merely saying that the department in which the workman had been working was wound up is not sufficient for the purpose. The "Last come, first go" principle will apply in respect of the entire body of workmen employed under the Company, unless it can be established by evidence that the workman concerned was employed in a water-tight compartment or category. In the present case the Company did not think it worthwhile to place its case before the Tribunal, let alone place evidence in support of the case. So the Tribunal can very well presume that the Company did not have enough evidence to make out its case of retrenchment. The manner of the retrenchment in question, as I have already shown, does not answer the requirements of the section 25F of the Amended Industrial Disputes Act. So I find that the retrenchment in question is unjustified. In that view of the matter the workman in question can very well legitimately claim reinstatement in his former post of employment. But I am told by the workman himself that the Company does no longer employ under it any *mistry* like him. So, if I reinstate him, it may be that his services may not be suitably utilised. So, it is better that he should be given compensation in lieu of his retrenchment. Even that apart, when the workman was unjustly retrenched, he is entitled to some compensation at the hands of the Tribunal. Now, a question arises, whether the compensation given under the section 25F of the Amended Industrial Disputes Act is the only compensation that is available in such cases. In other words, whether the Tribunal is competent to grant any other compensation besides the compensation legally provided for under the

said section. In my opinion, the Tribunal is perfectly competent not only to grant legal compensation under the section 25F which is nothing more than retrenchment relief, but also compensation for the period the workman has been kept out of employment on account of the action of the management, which cannot be justified, or which is wanting in *bona fides*. In the present case, though I am not in a position to pronounce with precision any *mala fide* on the part of the management, because the management has not cared to give its version before the Tribunal, yet I have found on evidence that the retrenchment of the workman in question has not been justified. So he is entitled to compensation right from 1st July 1954, i.e., the date on which he was retrenched, up to the date the award becomes operative, i.e., one month after the publication of the award. I allow him during this period of unemployment, his basic wage and dearness allowance last drawn. This is made payable within one month of the award coming into operation. This is the compensation which I award besides what I have already awarded under the section 25F of the Amended Industrial Disputes Act.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri Provat Kumar Biswas, President, with Shri Hasta Bahadur Rai, Secretary.

For the Company: Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam & Co., Solicitors with Shri D. P. Agarwal, Pleader and instructed by Mr. J. C. Henderson, Superintendent, Darjeeling Co., Ltd., Mr. F. H. H. Dominy, Manager, Shri S. Prasad and Col. E. S. E. Rerrie, Labour Officer of D. B. I. T. A.

By Government order No. 3860Dis./D/9L-25(A)/53, dated 28th October 1953, the aforesaid dispute was referred to this Tribunal for adjudication. The issues framed by the Government were the same as the issues framed by this Tribunal and they were as follows:—

(1) Whether the retrenchment of 53 workers is justified and if they are entitled to reinstatement and/or any other relief?

(2) Whether removal of Shri B. B. Dewan from the post of a Factory Clerk is justified?

(3) Whether dismissal of Birkhabahadur Tamang, Dhanay Rai, Ashbahadur Limbu, Maily Chettrini, Nari Raini, Kanchhi Goleni, Maily Limbuni, Jethi Limbuni and Krishnamaya Dewan is justified and whether they are entitled to reinstatement and/or any other relief?

(4) Whether any wages are due to Kancha Gurung, Kirprasad Dewan and Jitay Rai?

(5) Whether Shri B. B. Rai is entitled to be treated as clerk and if so, what should be his scale of pay?

The notice of the aforesaid dispute having been served on the parties, the Union filed its written statement on 16th December 1953 and the Company filed its written statement on 25th January 1954.

The case for the Union is that Shri Tilok Bahadur Dewan, son of late Harkadhaj Dewan, one of the permanent Sardars of the garden had a great influence over the people of the garden, that the Manager of the garden Mr. Dominy accordingly wanted to win the support of this gentleman by fair means or foul, to which Mr. Dewan refused to be a party, and thereupon the Manager decided to take revenge upon Tilok Bahadur and his associates and with this object in view he dismissed Bhakta Bahadur Dewan, brother of Tilok Bahadur Dewan and directed removal of the three tea makers involved in issue No. 4 from factory to garden. This direction was an outcome of a very minor incident in the factory which incident subsequently formed the subject-matter for consideration of the Garden

Superintendent who reviewed the whole proceedings and agreed to reinstate all the persons involved to their former posts but so far as Bhakta Bahadur Dewan is concerned, the Superintendent for the time being posted him as a Stores Clerk until the normal condition in the garden returned. He, however, allowed back pay to Bhakta Bahadur Dewan but to the Factory Clerk he refused to give the back pay in most unjustified manner. The Union accordingly pressed that the three tea makers be allowed their back pay and that Bhakta Bahadur Dewan be given his former post as Factory Clerk from which he was removed as Stores Clerk.

Then following another incident in the garden the Manager dismissed the nine persons involved in issue No. 3 over which incident there was a criminal case but these nine persons were finally acquitted. With regard to these nine persons the Union prayed for reinstatement with their back pay.

Union also contended that the Company utilised the services of Shri B. B. Rai as a Hospital Clerk but he is not given either the I. T. A. scale of pay or any other appropriate grade for the period. Union prays that he should be designated as a Clerk and the wages be paid to him.

Lastly, the Union contended that the retrenchment of 53 workmen with effect from 1st January 1953 was illegal and unjustified, that the story of the economic decline of the Company is unfounded, that the real reason for retrenchment was to victimise the Union workers, that in the matter of retrenchment no principle whatsoever was followed, but only persons were selected who were looked upon with disfavour by the Manager. With regard to these persons the Union claimed reinstatement with back pay.

The Company, on the other hand, contended that the allegation that the Manager wanted to take revenge upon Tilok Bahadur Dewan is totally false, that for some time Ambootia Tea Estate had been passing through financial difficulties which were aggravated on account of the general crisis in 1952, as a result of this, financers and Banks refused to supply finance to the garden unless the cost of production is reduced to the stipulated figure and in addition the guarantors were found against the loss. After proposals of various economic measures ultimately it was settled that Ambootia Tea Estate must reduce its labour force if the condition of our finance imposed by the Bank were to be met and other possible measures of economy also have to be adopted, that these 53 persons mentioned in issue No. 1 were selected according to the scheme formulated by the Management and the labourers in a joint meeting, that under the circumstances the retrenchment was justified and the Union is bound by their own action. Regarding the incident of the tea makers the Company contended that on 12th September 1951 some of the tea makers of the factory who were detailed to do sickling work refused to do the same and prevented others from doing not only such work but also other works in the factory, that as a result they were charge-sheeted and disciplinary action was taken against them by the Manager by removing them from factory to garden but later the whole action was reviewed by the Superintendent and they were given back their posts in the factory but they were refused the pay for the intervening period on the ground that they refused to accept alternative jobs offered to them.

With regard to B. B. Dewan the Company contends that some facts came to their knowledge and it caused them to suspect that the Factory Clerk B. B. Dewan had been encouraging the tea makers in their insubordinate activities, that consequently on 14th September 1953 a charge-sheet was issued against him and he was dismissed on and from 8th

September 1951 by the Manager, which order was confirmed by the Superintendent on 30th December 1951. His case also was subsequently reviewed by the Superintendent of the Company and the order for dismissal against him was set aside but he was reinstated on transfer as a Stores Clerk.

As regards the nine persons involved in issue No. 3 the Company contended that these people were charged with riotous conduct, inciting others to disturbance and violence culminating in an assault on the Garden Munshi named Indraman Monger in relation to the incident which took place on 31st January 1953, that these persons neither appeared before the Manager nor offered any explanation, that the Management waited for them as long time and thereafter it made necessary enquiries, and found him guilty and consequently by its letter, dated 21st February 1953, dismissed them.

As regards B. B. Rai the Company contended that in October 1951 he was transferred to hospital to assist the Medical Officer in filling up the patient's registers, that he was never appointed as a Clerk nor performed the duties of a Clerk, that Company, therefore, finds no justification for paying the wages of a Clerk to him.

The Union by their letter, dated 2nd May 1955, withdraw their case against Messrs. Sheoprosad Darsanlal the present proprietors of Ambootia Tea Estate and they are permitted to do so and the Award against them would be that the case is withdrawn.

AWARD

Issue No. 1.

In connection with this issue the Company relied on the evidence of Mr. J. C. Henderson, P. W. 1, as well as the Manager of the garden P. W. 2. As Superintendent the main duty of the P. W. 1 is to advise the Managers on agricultural policy, labour matters, economic matters and advise the Board on conditions prevailing in India and to put in force their recommendations appertaining to different gardens under the Company. He has said that at the end of October 1952 he received a cable from the Company's London office saying that there will be difficulties in obtaining finance from the Bank for 1954 so much so they might have to close down Ambootia and Rungneet—two Tea Estates under the Management of the Darjeeling Tea Company owing to habitual losses which these gardens incurred. Exhibit P is the statement which shows that Ambootia Tea Estate had been suffering losses from 1948 to 1952. In support of this the Company has also filed balance-sheets for the year 1952 as also of 1953. In course of cross-examination however he even candidly admitted that Ambootia Tea Estate has made only two profits in the period of last 30 years. On the basis of this statement it was contended by the Union representatives that if Ambootia had surplus labour force, and it suffered losses in consequence all these years, there is no justification why all on a sudden there was to be a retrenchment in the year 1953. But if the Company's action is *bona fide* the Company is entitled to take steps for saving the garden any time it pleases them. Company's action cannot be *mala fide* because it selected Ambootia in preference to other gardens. Mr. Henderson has explained that with the consent of labourers the methods of economy had been carried out on other gardens also as Bannockburn and Ging. As regards Rungneet—this is a small garden and the Union has failed to show that a different sort of treatment was meted out to Rungneet. Mr. Henderson was candid enough to admit that with regard to Ambootia

there had been heavy surplus labour force on account of the failure of its Manager to exercise proper check with regard to appointments on family basis. The statements submitted by Mr. Henderson shows that average number of manual workers per acre was maximum in Ambootia in 1952, viz., 1.58. Shortly after the first cable from London (Ext. N), Mr. Henderson received another cable, dated 10th November 1952, which two cables read together show that particularly in respect of Ambootia and Rungneet the Bank was insistent that the cost of production must not exceed two shillings six pence a pound on any account and that all expenditures on building, manuring, cultivation, etc., should be eliminated. After receipt of these cables the Superintendent called a meeting of the Managers on 18th November 1952 at Rungneet Tea Estate, the minutes of which have been kept in Ext. O. In this meeting the Superintendent suggested that there was no other alternative but to close down Ambootia and Rungneet, and they all agreed to find out ways and means to save the gardens from closing down by adoption of strict economic measures and by way of gesture for their *bona fides* the Managers agreed to offier a voluntary cut of 10 per cent. of their salaries and also agreed to the stoppage of payment on commission and bonus to them and to the managerial staff and further agreed to stoppage of increment of salary of the European and Indian Staff. In this meeting it was also suggested that the Managers should pay their attention to (1) retrenchment of surplus labour, (2) reduction of working days, (3) raising of concessional price foodstuff, (4) cessation of manuring machinery repairs (unless absolutely necessary) and minimum cash expenditure. Shortly after the aforesaid meeting the Superintendent Mr. Henderson also went to London and there together with the Managing Director interviewed the Bank and he said in this connection that in London he found that the Directors have foregone their dues and Calcutta Agents also have agreed to accept half of their annual remuneration. As a result of the interview the Bank was made to agree to arrangement for the finance of the Company in certain terms of economy and this was confirmed by the letter, Ext. R. A reading of the letter, Ext. R and also the other letters, Exts. O and Q, show what amount of anxiety was in the mind of the Company's officers to save the calamity of closing down the Tea Estates, particularly Ext. R shows that the London Office considered it to be a great relief for all concerned when the Bank agreed to allow the advances for the year 1953. The anxiety of Mr. Henderson in this connection is also evident from his own statement as well as the fact of his having allowed the entire amount of 2,500 pounds sterling which he received for contingencies from the London Banks as a result of his personal interview with them at London to the account of the Ambootia Tea Estate. According to the evidence of Mr. Henderson retrenchment of 123 persons at least was necessary in order to bring down the number of his labour force per acre at par with the corresponding figure which will be the next highest out of the gardens of the Company. This figure was subsequently reduced to the number 53 at the meeting of the Managers for the purpose of ensuring smooth work with the labour in the matter of retrenchment. In fact, the labour had accepted necessity of retrenchment by their letter, Ext. A, but the Union only made certain alternative proposals in lieu of retrenchment. Actually the economy effected by such proposals not being up to the requirements of the Company, the Company was unable to accept the suggestions. In the circumstances, I am satisfied that the necessity for the retrenchment having been established the Company had acted up *bona fide* in that matter.

That being so, according to the Viswamitra Press Case number given by the Company for effecting retrenchment is to be accepted. As against

this the Union had contended that Company had appointed new persons and consequently to that extent the expenditure which the Company had incurred on account of them must be counted as unjustified expenditure and that amount of finance may be utilised to maintain some at least of 53 workmen, unless the Company can justify its action by showing the expenditures were not unjustified but was justified in the circumstances of the case.

I will consider these grounds of attack one by one. In the first place it was contended that the expenses incurred by the Company on account of wages of Ganga Tamang, Kanchi Gurungini, Kayla Tamang, Bisnumaya Gurungini, Agamdhoj Tamang and Kanchi Moktarni were unjustified. It was contended by the learned Advocate for the Company that the expenses were justified as these persons who were working Lokras and Chhokras were promoted as labour (*vide* deposition of P. W. 21). P. W. 21 himself entered the garden as Lokra and Chhokra and has been promoted to the post of Dafadar. It is quite possible that even in the face of financial stringency the Company did not like to disturb its existing practice such as promotions from Lokras and Chhokras. Consequently this item of expenditure cannot be said to be unjustified expenditure. Besides this retrenchment took place during 1952-53 and prior to the first cable from London (Ext. N), dated 29th October 1952. There was no talk of retrenchment in the garden at that time. Consequently these promotions were given prior to the time, the point at issue arose and further these being cases of promotions the expenditures are justified.

It was next contended that Company had employed the Typist Lakshmihira Chhetrini and that the expenditure incurred on account of her was unjustified, but Mr. Morgenstern has said that on account of labour troubles in the gardens, correspondence increased beyond volumes and it was absolutely necessary for him to have the assistance of a Typist to type out long reports. This expenditure was therefore essential for the maintenance of the garden. Consequently it cannot be said that this expenditure was unjustified.

Next as regards appointment of Padma Chhetrini it is clear that she was a School Teacher. She was posted as a Factory Clerk in the vacancy caused by the dismissal of B. B. Dewan. It has not been shown that the post of a Factory Clerk is superfluous and consequently the Company acted properly by promoting a School Teacher to the post of a Factory Clerk. Unexpectedly however B. B. Dewan's case was reviewed by the Superintendent and he was posted as a Stores Clerk and the Stores Clerk reverted to his post as a Factory Clerk and naturally at that length of time it was difficult for the Company to dismiss Padma Chhetrini and consequently it was bound to bear the additional burden and as such the expenditure on her account was essential expenditure and it cannot be said to be unjustified expenditure.

Then as regards the Clerk Loke Bahadur Chhetri the Union's contention that he was a new recruit is not true. Mr. Morgenstern has said that this man was transferred to this garden by the Company from another garden. He was so transferred because he was suffering from T.B. at his ancestral home which was located at Ambootia. This man applied for the transfer and naturally the Management out of compassion posted him there and under the circumstances he is not a new recruit of this Company and consequently the expenditure on his account cannot be said to be unjustified expenditure. Besides the actual number which the Company was required

to retrench was 123, and out of that the Company has put forward the cases of only 53 persons and in these circumstances the number suggested by the Company has to be accepted as justified.

Lastly, we will have to come to the personnel to be selected. The ordinary rule is that the other things being equal "last come must first go". When there is no charge of discrimination the employer can violate the principle of "last come first go", provided it is *bona fide* and it is for the employer to justify such deviation. In the present case it has been shown by P. W. 3 by citing examples that the principle of "last come first go" cannot be applied to the case of tea gardens where the appointments are made on family basis on the ground of hardship to the individual family. He has said that suppose a family having got 4 or 6 members, has just shifted from another garden to this garden Ambootia and if the principle of "last come first go" is applied to it, the whole lot of working members will have to go out. There may also be similar cases of hardship and in fact the committee which was appointed in this case to look to the hardship cases exempted as many as 25 such persons on the ground of hardship from the axe of retrenchment. In the circumstances, the deviation has been fully justified by the Management and I hold that in view of the method of recruitment on family basis, the principle of "last come first go" cannot be applied to tea gardens. Besides in this case the method of selection was adopted by consent of the employer and the employees. Mr. Henderson has said that on return to garden on 18th November he convened a meeting of Supervisory staff, Clerks and Works Committee members. At this meeting the staff and other persons accepted the retrenchment but requested the Manager to convene a meeting next day for the purpose of settling the procedure for retrenchment. The next meeting was attended by 1,200 to 1,500 labourers. Of those who were present at the meeting previous day, viz., Jetha Ali, T. B. Dewan, Monger Singh Tamang, Head Clerk and all the Supervisory staff, were also present in this meeting. Jetha Ali and T. B. Dewan explained the object of the meeting to the persons present. The decision of the meeting was that the labourers accepted the retrenchment but they suggested that one worker in every house of four or more workers should be retrenched and the persons who will be retrenched will be selected by the heads of the family. They said that by this method no hardship will be involved to any particular man but will be borne better by the family. This suggestion was originally made by T. B. Dewan and later on it was accepted unanimously. This is also evidenced by the fact that the labourers appointed a committee which would look to the individual cases of hardship placed before them and their findings would be placed before the Manager for final consideration. Indraman Monger, and I. K. Chhetri and T. B. Dewan were nominated as members of the committee and the Manager also accepted it. Thereafter the heads of the families gave the names of the persons to be retrenched and in this way 78 persons were nominated and they were given a month's notice prior to retrenchment. During this notice period of one month, Manager received quite a number of applications pointing out cases of hardship. He accepted 25 cases out of 78 originally notified for retrenchment on the recommendations of the Hardship Committee. That the committee actually dealt with cases of hardship is evident from their own recommendations made on petitions, Exts. 2(2) to 2(4). It is also significant that these persons on the committee have not come to challenge the truth of this part of the Company's case. In the circumstances although Union was not directly consulted I am satisfied that the workers through

the heads of the families and the Works Committee members agreed to the retrenchment and to the number of and to the mode of selection of the personnel. Consequently, the Company's decision in this respect is binding upon them.

There still remains the question of compensation. For, even if the retrenchment is justified, the persons retrenched will be entitled to compensation which has to be decided by taking into consideration the period for which the employees served the Company along with the grounds of retrenchment, and the capacity of the employer to pay and also the period for which these employees are likely to remain unemployed. The learned Advocate for the Company pointed out to the evidence of P.Ws. 17 and 20 and contended that actually these people have been re-employed by the new Management. But undoubtedly these people have no continuity of service for if the Company relies on the admission of these witnesses they must take it as a whole. P.W. 20's own admission is that he was working in the garden for the last 4 or 5 months, i.e., according to him he has been re-employed some time in October 1954. P.W. 17 also said that presently these retrenched people are working in the garden. The present Management employed them of their own accord. These retrenched people did not go to seek employment at the garden but they were sent for by the Chowkidar that the work in the garden was heavily suffering. That being so, the only effect of this re-employment would be that the period for which these workers were likely to remain unemployed will be reduced to that extent. It was contended that these workers were also offered bigha work by the former Company and they refused to do the same. The workers on the other hand said that bigha work was not offered to them. Company's Ext. Z(1) shows that bigha work was available only to 10 persons and they earned only a small amount by that. Company is unable to show that retrenched persons were notified for bigha work verbally or in writing and they refused to undertake the same. As regards the capacity of the employer to pay, it may be observed that although the garden was running at a loss, the Company at present has transferred the garden and they are now holding the proceeds of the sale and so no question of capacity to pay actually arises for consideration.

As regards the ground which led to the retrenchment it is clear that the workers are being retrenched for no fault of theirs. The Company employed excess number of persons due to their own indiscretion and the workers cannot actually suffer for that.

Lastly as regards the period of service, parties have not adduced any evidence, so this has to be decided in later proceedings. In consideration of all these to meet the ends of justice, I direct that these workers be given compensation at the rate of 12 days' basic wages per year of their service.

Issues Nos. 2 and 4.

These three tea makers were removed from the factory to the garden under order of the Manager from 18th September 1951 but they refused to join at the garden until their case was reviewed by Mr. Henderson to permit them to join the factory on 3rd March 1952 and they actually joined the factory on 24th March 1952. These workers thereupon claimed their wages for the period 8th September 1951 to 24th March 1952. It is clear that they cannot get the back-wages unless it can be shown that the Manager's order removing them to the factory was unjustified. The Manager charge-sheeted the workers on account of certain incident that took place on 12th September 1951. This charge-sheet has been described as a warning notice by which the workers were removed to the factory.

to retrench was 123, and out of that the Company has put forward the cases of only 53 persons and in these circumstances the number suggested by the Company has to be accepted as justified.

Lastly, we will have to come to the personnel to be selected. The ordinary rule is that the other things being equal "last come must first go". When there is no charge of discrimination the employer can violate the principle of "last come first go", provided it is *bona fide* and it is for the employer to justify such deviation. In the present case it has been shown by P. W. 3 by citing examples that the principle of "last come first go" cannot be applied to the case of tea gardens where the appointments are made on family basis on the ground of hardship to the individual family. He has said that suppose a family having got 4 or 6 members, has just shifted from another garden to this garden Ambootia and if the principle of "last come first go" is applied to it, the whole lot of working members will have to go out. There may also be similar cases of hardship and in fact the committee which was appointed in this case to look to the hardship cases exempted as many as 25 such persons on the ground of hardship from the axe of retrenchment. In the circumstances, the deviation has been fully justified by the Management and I hold that in view of the method of recruitment on family basis, the principle of "last come first go" cannot be applied to tea gardens. Besides in this case the method of selection was adopted by consent of the employer and the employees. Mr. Henderson has said that on return to garden on 18th November he convened a meeting of Supervisory staff, Clerks and Works Committee members. At this meeting the staff and other persons accepted the retrenchment but requested the Manager to convene a meeting next day for the purpose of settling the procedure for retrenchment. The next meeting was attended by 1,200 to 1,500 labourers. Of those who were present at the meeting previous day, viz., Jetha Ali, T. B. Dewan, Monger Singh Tamang, Head Clerk and all the Supervisory staff, were also present in this meeting. Jetha Ali and T. B. Dewan explained the object of the meeting to the persons present. The decision of the meeting was that the labourers accepted the retrenchment but they suggested that one worker in every house of four or more workers should be retrenched and the persons who will be retrenched will be selected by the heads of the family. They said that by this method no hardship will be involved to any particular man but will be borne better by the family. This suggestion was originally made by T. B. Dewan and later on it was accepted unanimously. This is also evidenced by the fact that the labourers appointed a committee which would look to the individual cases of hardship placed before them and their findings would be placed before the Manager for final consideration. Indraman Monger, and I. K. Chhetri and T. B. Dewan were nominated as members of the committee and the Manager also accepted it. Thereafter the heads of the families gave the names of the persons to be retrenched and in this way 78 persons were nominated and they were given a month's notice prior to retrenchment. During this notice period of one month, Manager received quite a number of applications pointing out cases of hardship. He accepted 25 cases out of 78 originally notified for retrenchment on the recommendations of the Hardship Committee. That the committee actually dealt with cases of hardship is evident from their own recommendations made on petitions, Exts. 2(2) to 2(4). It is also significant that these persons on the committee have not come to challenge the truth of this part of the Company's case. In the circumstances although Union was not directly consulted I am satisfied that the workers through

the heads of the families and the Works Committee members agreed to the retrenchment and to the number of and to the mode of selection of the personnel. Consequently, the Company's decision in this respect is binding upon them.

There still remains the question of compensation. For, even if the retrenchment is justified, the persons retrenched will be entitled to compensation which has to be decided by taking into consideration the period for which the employees served the Company along with the grounds of retrenchment, and the capacity of the employer to pay and also the period for which these employees are likely to remain unemployed. The learned Advocate for the Company pointed out to the evidence of P.Ws. 17 and 20 and contended that actually these people have been re-employed by the new Management. But undoubtedly these people have no continuity of service for if the Company relies on the admission of these witnesses they must take it as a whole. P.W. 20's own admission is that he was working in the garden for the last 4 or 5 months, i.e., according to him he has been re-employed some time in October 1954. P.W. 17 also said that presently these retrenched people are working in the garden. The present Management employed them of their own accord. These retrenched people did not go to seek employment at the garden but they were sent for by the Chowkidar that the work in the garden was heavily suffering. That being so, the only effect of this re-employment would be that the period for which these workers were likely to remain unemployed will be reduced to that extent. It was contended that these workers were also offered bigha work by the former Company and they refused to do the same. The workers on the other hand said that bigha work was not offered to them. Company's Ext. Z(1) shows that bigha work was available only to 10 persons and they earned only a small amount by that. Company is unable to show that retrenched persons were notified for bigha work verbally or in writing and they refused to undertake the same. As regards the capacity of the employer to pay, it may be observed that although the garden was running at a loss, the Company at present has transferred the garden and they are now holding the proceeds of the sale and so no question of capacity to pay actually arises for consideration.

As regards the ground which led to the retrenchment it is clear that the workers are being retrenched for no fault of theirs. The Company employed excess number of persons due to their own indiscretion and the workers cannot actually suffer for that.

Lastly as regards the period of service, parties have not adduced any evidence, so this has to be decided in later proceedings. In consideration of all these to meet the ends of justice, I direct that these workers be given compensation at the rate of 12 days' basic wages per year of their service.

Issues Nos. 2 and 4.

These three tea makers were removed from the factory to the garden under order of the Manager from 18th September 1951 but they refused to join at the garden until their case was reviewed by Mr. Henderson to permit them to join the factory on 3rd March 1952 and they actually joined the factory on 24th March 1952. These workers thereupon claimed their wages for the period 8th September 1951 to 24th March 1952. It is clear that they cannot get the back-wages unless it can be shown that the Manager's order removing them to the factory was unjustified. The Manager charge-sheeted the workers on account of certain incident that took place on 12th September 1951. This charge-sheet has been described as a warning notice by which the workers were removed to the factory.

This was followed by some sort of enquiry in presence of the three victims, the details of which were recorded in Ext. Z(18) to Z(20) but which took place after service of the warning notice. So there was no proper charge-sheet and there was no calling for an explanation prior to the enquiry and the decision was already taken as embodied in the warning notice before the so-called enquiry took place. There has been thus a violation of the principle of social justice but that does not vitiate the proceedings but it simply puts an additional burden upon the Tribunal to enquire the merits of the proceedings and to see whether the Manager's order was justified. The contention of the Company that they were enjoying garden facilities is also out of palce because these were the facilities which were enjoyed by the heads of the family. So far as ration facilities were concerned these people were enjoying ration because they were inhabitants of the garden and they were purchasing ration at controlled rate as an outsider rather than at a concessional rate. From the evidence of the Manager it appears that on 12th September 1951 there were no sufficient quantities of green leaves for running the factory. Manager thereupon called the Factory Clerk and the Factory Sardar on the previous evening and told them that the tea makers would be sent for plucking on the next day. But on the next morning the Factory Sardar reported to the Manager that there was no basket for plucking leaves available in the office. Thereupon the Manager called the Factory Clerk and told him to apportion the work either to sickling or some other job available. The Factory Clerk allotted outside jobs to all workers except few who were employed at the factory. But the tea makers did not comply with the Manager's orders and they did not even allow those tea makers who were detailed for working at the factory to do their jobs there. Evidently the tea makers were agitated on account of Manager's expressing his desire on the previous evening that the tea makers would have to go for outside work on the next day. A number of tea makers have come to depose and they wanted to say that during their tenure of service they have never seen tea makers going out for plucking leaves during the factory season. But this story is not reliable. If there were no sufficient leaves at the garden, it must be at the discretion of the Manager to detail the workers for outside work. I do not find from the evidence that there is any custom or contract that the tea makers will not go outside for plucking leaves or doing other outside work. P.W. 5 admitted that adult male members go for plucking if they are made to do so. In the next breath he also admitted that during off-season they usually go and they do not object to these works. P.W. 7 admitted that tea makers might have plucked leaves before but after they joined as tea makers they do not go for plucking. They do not also know what plucking is. This is, in my opinion, a bitter pill which cannot be swallowed. It is further said that during the course of his 43 years' tenure of service he has not seen the adult persons going out to pluck leaves for many years. That shows that till some years ago they used to go. On an analysis of this evidence, it goes to convince me that there cannot be a custom or contract that the tea makers cannot be detailed for plucking of leaves and other outside work. There is also a contradiction amongst the witnesses themselves so far as to the work of sickling is concerned, for some of the PWs. even went so far as to say that the tea makers never go out for sickling. These witnesses have however given details of the outside work which the tea makers are required to do when there is no sufficient work in the factory but evidently that includes sickling. So, the evidence of all these witnesses is subject to exaggeration. There is also no substance in the contention that women go out for plucking leaves. The copy of the register [Exts. Z(5), Z(5)(1)] shows that adult people as well as female workers go for plucking of leaves. So I hold that the order of the

Manager directing these workers to go for plucking was justified but the workers got agitated when they heard about this order on the 11th evening. On the 12th noon, however, the position was changed and baskets were not available, the Factory Clerk was directed to detail the tea makers for different kinds of jobs other than plucking. It is admitted by the Factory Clerk that he wrote Ext. M by which some of the tea makers were allotted to withering and some were allotted to sickling work and other kinds of work. It also appears that this document is itself incomplete and this indicates that this document could not be completed, when the trouble started. It seems that the workers were informed in the previous evening the orders of the Manager that they were to go out for plucking. These workers from the very beginning insisted that when there are green leaves, the Manager should allow the factory to run for such a period as is necessary to convert the green leaves into tea. This demand of the workers was unreasonable. The Factory Register shows that there were 65 maunds of tea in the evening of 11th September 1951. The evidence of the Manager is that 150 maunds of green leaves would be necessary to keep the full complement of tea makers engaged for the whole day. So there was hardly half a day's work. In such circumstances, the Manager was at liberty to exercise his discretion for stopping factory work on that date. The Factory Clerk Bhakta Bahadur Dewan admitted that at times Company had occasion to keep two days' leaves for manufactures in one day. Conspicuously enough he did not support the story of the tea makers that they were never required to go out for plucking. Although according to Ext. M, Kancha Gurum and Jitay Rai were detailed for sickling work and Jitay Rai admitted that he was detailed for sickling. Dhanbir *alias* Kancha Gurum went to the length of saying that nobody asked him to go for sickling work and even if B. B. Dewan had so asked him to go for sickling he would not have gone out for such kind of job. As regards Kir Prosad Dewan, his evidence is that he was detailed for plucking although according to Manager he was detailed to other works than plucking on the next day because baskets were not available. Of course, the name of Kir Prosad Dewan does not appear in Ext. M but evidently before Ext. M could be completed, the agitated workers started trouble and refused to go to any outside work except factory work. This attitude of the workers was unreasonable. Accordingly the Manager was justified in charge-sheeting these workers and punishing them by transferring them to garden work.

It was contended that as no formal charge-sheet was given except the warning notice which has been filed, the principle of social justice has been violated. That does not vitiate the proceedings but only puts the Tribunal to enquiry. But upon a review of the whole proceedings this Tribunal has come to the conclusion that the order of the Manager was justified on merits so far as the incident of 12th is concerned. As the incident of subsequent dates were not referred to in the written statement the charge relating to the incident of 13th and 14th is out of order, but the other portion of the charge relating to the incident of 12th, namely, that the tea makers were insubordinate to the Manager, has been brought home beyond doubt. The other charge regarding inciting the workers on 12th instant is of no avail as there is no definite proof regarding inciting the other workers. However, the decision of the Manager cannot, in any view of the case, be said to be *mala fide* or perverse or based on no evidence or was made in bad faith—with the object of victimising the workers. No doubt Jitay Rai is the son-in-law of T. B. Dewan, and Kir Prosad Dewan is a relation of T. B. Dewan. But that will not give them a passport to refuse to comply with the lawful and justifiable orders of the

Manager. So the Manager's order cannot be challenged on that score. As regards these persons the Superintendent, however, reviewed the whole position on a later date by his letter, dated 3rd March 1952 and wrote to the Manager that these men who were given option about the work in the garden instead of in the factory may now be offered employment in the factory when manufacture commences. In pursuance of this order these workers were permitted to rejoin the factory as they did with effect from 24th March 1952. On 3rd March 1952 the Superintendent also reinstated B. B. Dewan on transfer as a Stores Clerk. Subsequently on the request of B. B. Dewan, the Manager gave him the back pay. Up till before that those persons did not raise the question of back pay. It seems to me that they did not venture to claim back pay for having refused to join in the garden as directed by the Company. Now that B. B. Dewan was awarded back pay, these people have also come forward to claim their back pay. Mr. Henderson took this matter into consideration and I think verily he did that, when giving his decision on the prayer of these three persons about their pay. He treated their case on a different footing from that of B. B. Dewan because they refused to accept the alternative job that was offered to them. No case justifying reversal of that order has been made out for all these reasons; therefore, the question of payment of back pay to these persons does not arise and they are not entitled to it.

As regards B. B. Dewan Mr. Henderson reviewed the Manager's order and reversed the same on 3rd March 1952, and reinstated him on transfer as a Stores Clerk. B. B. Dewan says that he accepted the job for the time being as the Superintendent told him by his letter that when tension would come down he will consider the case of putting him back to his post and he agreed to what he said. This fact becomes clear from the Superintendent's letter, Ext. H4 in which he writes "I am glad you have done this in order to relieve the past tension on the garden. When all this has died down it may be possible to reconsider the position again but not at present." This shows that B. B. Dewan has not waived his right by joining the garden but what he did was for the purpose of relieving the past tension. Later on he remained in that post on the Superintendent's giving an undertaking that when tension has died down it may be possible to reconsider his position again. After this he wrote several letters to the Superintendent but the matter was put off on the plea that the tension has not yet died down. But before the final order could be made by the Superintendent, the garden was transferred. This, therefore, tantamounts to Superintendent's refusal to consider his case and this entitles B. B. Dewan to pray for re-opening his case and if his dismissal is found to be unjustified, his removal to the post of a Factory Clerk will follow the suit. In my opinion, the Manager's order regarding B. B. Dewan was not supported by evidence and stinks bad faith. It is clear that Manager and the Superintendent all wanted to get rid of his presence in the factory. Manager in that view dismissed him and the Superintendent though he found his dismissal to be unjustified, removed him to the garden from the factory. This B. B. Dewan was no other than the brother of T. B. Dewan, who held a great influence in the garden and was not in good book of the Manager. Evidently the Manager acted on a slender thread of evidence, namely, the bare statement of the witness Bansraj Chhetri. The nature of the statement shows that he was biased against B. B. Dewan and actually B. B. Dewan had no opportunity to cross-examine him when he made his statement on 13th September 1951 against him at 1 p.m. Actually charge-sheet was framed against him on 14th of September. Charges against him were (1) that he questioned a loyal worker in connection with his turning up for work, and (2) that he threatened other

loyal workers for the same reason. This notice said to have been served on B. B. Dewan was received by him on 14th September 1951 and he replied to it on the next day, i.e., 15th September 1951. Thereafter on 18th of September Manager made an order dismissing him without hearing either the delinquent persons or the others. This notice of dismissal, it is said, was received by B. B. Dewan on 25th September 1951, when he sent a reminder about his explanation to the Manager [*vide* Ext. 11(d)]. He was thereupon informed by letter which he received on 27th September 1951 that he will be given a hearing on 26th or 27th. On 27th he came to the Manager's bungalow for the hearing. Exhibit H(6) represents the copy of the proceedings which took place at the time of the hearing. Exhibit H(6) shows that when he appeared before the Manager he was asked by the Manager to avail of that opportunity of being present at the enquiry. He agreed and took up the matter with the Manager. But the Manager in spite of protest practically acted upon biased and interested statement of Bansraj Chhetri which was recorded long ago on 13th September 1951. Mr. Dewan challenged the statement of Bansraj and pointed out that even accepting his statement as true that did not amount to either threatening or inciting the workers to desist from work, and he offered to put in his own witnesses on the point. Manager, however, refused to listen to him and was not prepared to change his orders which he has already made before the hearing. Thereupon on 20th Mr. Dewan wrote a long letter explaining the whole situation [*vide* Ext. 11(d)]. The entire circumstances and the evidence as also the contents of this letter go to show that the Manager did not give him proper hearing and made the order in advance and thereby violated the principles of social justice. This entitles the Court to look into the merits of the case. Superintendent himself was convinced that the order of the acting Manager had no legs to stand upon and so he was compelled to set aside the same. Considering all these matters I am satisfied that Bansraj's statement was a got-up or interested statement which was made in the absence of Shri B. B. Dewan and so it cannot be used in evidence against him and if he was allowed to examine his own witnesses it could have shown that the allegations of Bansraj were all false. In the circumstances, there is no proper evidence, on which Manager would have placed his reliance. His order was, therefore, rightly set aside by the Superintendent but in setting aside that order he was entitled to the ordinary remedy of re-instatement in his original post. There is no justification on the part of the Superintendent to remove him from factory, simply because he could not pull on well with the Head Clerk there. I, therefore, hold that the removal of B. B. Dewan from the factory is not justified.

Issue No. 3.

The ten persons involved in this issue were charge-sheeted on account of an incident which took place on 13th January 1953. They were directed to offer explanation by 13th February 1953 but since they did not offer any explanation the Manager by an order on 19th/21st February 1953 dismissed them. While passing this order the Manager, it appears, did not hold any enquiry and so the principle of social justice has been violated. Actually criminal cases were started against these people and in spite of the Manager giving evidence therein these persons were acquitted. It is, therefore, necessary for this Tribunal to enter into the merits of the case to see how far the Manager's order dismissing these persons had been justified. It appears from the evidence that on 31st of January the Chowkidar intimated the workers that with effect from the following day they will be required to carry four maunds of grass instead of three maunds

because the contract has been increased by the Manager from three to four manuds and he further told them that the pay of 31st will also be deducted accordingly. At that time about 15 to 20 people collected there and told the Chaprashi to represent the Manager about the hardship that had entailed upon the workers, as a result of this order but the Chaprashi refused to go to him. These people threupon went to the Manager but the Manager told them that it was not his order probably Munshi might have done so of his own accord. When Manager had taken up the stand, there was really no reason for further trouble but the Manager acted with some amount of indiscreet on account of which the people collected took it as a manoeuvre caused either by Munshi or the Manager on the workmen. However they then went away. But soon after the number of people began to swell and they began to appear in batches before the Manager and question him. The last batch which came before the Manager was headed by Nari Raini and others and they demanded production of the Munshi before them. Manager apprehended trouble and demanded an undertaking from Nari Raini and others that they would not molest the Munshi. On their giving such undertaking the Manager produced the Munshi before them and at once the people fell upon the Munshi and assaulted him and when Manager tried to defend him, he was also hurt along with the Munshi. Thereupon a criminal case was started against these persons but that had ended in an acquittal of all of them. In the meantime these persons were charge-sheeted and the order as stated above was passed by the Manager against them. But here also in order to sustain the dismissal of these nine persons, there must be a positive proof of the fact that these persons took part in riotous and disorderly conduct. It is admitted that a large number of people had collected at the time of the occurrence and I have every reason to believe that the occurrence has been exaggerated. The learned Magistrate who tried the case, himself remarked that "violent demonstration as deposed to by the Manager must be a fair fancy of his agitated mind". However whatever demonstration there might have been, may not be sufficient for their conviction, but this may be sufficient for the purpose of entailing their dismissal under the standing order. But there also the matter has to be strictly scrutinised. Individual persons taking part in riotous and disorderly conduct must be strictly identified from amongst the mob. No doubt at this distant date P.W. 1 named all the nine persons to be the assailants of himself and Indraman Munshi. But in the course of his deposition P.W. 1 stated in the Criminal Court that "the accused Jethi Limbuni took part in the assault of Indraman Munshi and himself but he could not identify either Jethi Limbuni or Maili Limbuni." Again of these two persons Maili Limbuni has pledged his oath before the Court and she said that at the time of occurrence she was in Tar Division and Jethi Limbuni was also present there while she was in the Tar Division. She also said on oath that when the women of other divisions went for a representation, the people of Tar Division continued to do their work. This coupled with the fact that the Manager was unable to identify these two ladies, is sufficient evidence in favour of these two ladies for the purpose of holding that they did not actually take part in the occurrence. A reading of the report made by the Manager himself and his Assistant Manager immediately after the occurrence also inclines me to contribute to that view. In the report, Ext. Y, the Manager said that Maili Limbuni and Jethi Limbuni beat him with handles—on his back and shoulders—of their weeding implements, but his assistant who made a report on the same day stated that Maili Limbuni and Jethi Limbuni also struck the Munshi with the wooden handles of their *Ankusay*. So it is quite possible that they could not recognise Maili Limbuni and Jethi Limbuni at all and they confused

the names of other persons with the names of these two ladies. In these circumstances the evidence of the Manager that he knew these two ladies but he only confused the name of the two cannot be relied on and I am of opinion that none of them actually took part in the affray but at that moment they were engaged in work in the Tar Division. At any rate when the matter is involved in great doubt, I do not think that it will be proper to accept the finding of the Manager that these two persons were guilty of riotous and disorderly conduct and were liable to be dismissed from their service.

As regards other persons the evidence of the Manager read in corroboration with the reports, Exts. Y, Y(1) and the evidence in the Criminal Court leads me to think that the Manager was justified in his conclusion with regard to them that these people were actually present amidst the crowd and they took part in riotous and disorderly conduct and were guilty of inciting others to disturbance and violence and were responsible for the assault on Munshi. It is admitted by P.Ws. that these persons shouted in one voice. Even the Chowkidar P.W. 16 said that he told the gathering not to create disturbance but 40 or 45 men together wanted to speak to the Manager. So P.W. 10 said that he did not hit the Manager but if he was otherwise hurt, he cannot say. P.W. 12 also said that he cannot say who molested the Manager.

Taking the whole evidence and circumstances into consideration I hold that the discharge of the workers except Maili Limbuni and Jethi Limbuni is justified. Ordinarily, therefore, Maili Limbuni and Jethi Limbuni are entitled to reinstatement with back pay, but in the circumstances of the present case I do not wish to direct their reinstatement but in their case also I direct that they will be paid compensation at the rate of 12 days' pay per year of their service in lieu of that reinstatement with back pay.

Issue No. 5.

The case of Mr. Rai is that when he was working as a School Teacher he was transferred as a writer to the hospital on 1st June 1948. In the school he was getting Rs. 25 as basic pay and Rs. 15 as dearness allowance. In hospital although according to him he was doing the work of a Clerk he was not given the Clerk's scale. The learned Advocate for the Company wanted to say that he was a "writer" but there is no special grade for a writer in the hospital, so he must be deemed to be a "clerk" in the hospital. He next said that he had no whole-time work in the hospital but that does not take him away from the position of a Clerk which was his designation. The Doctor, under whom he worked, has been examined on the side of the Union and he has proved that this gentleman had to maintain six registers. He also admitted that to maintain six registers there is need of a Clerk and a Clerk will have to work 5 or 6 hours daily to complete this work. In cross-examination, however, he said that in maintaining three of its registers, such as maternity register, milk register and the attendance register he might have to work two hours in off-season, and three to four hours in other season. But besides these there are three other registers, viz., hardship register, sick-allowance register and medicine stock register. Besides he had to make certain other reports, e.g., a weekly report which contained maternity benefit, sick-leave benefit, and attendance of patients and an account of hardship

allowance and besides these he had also to write monthly return which was termed as health report. There was thus ample work for a clerk and there is no reason behind the argument that because a Clerk is not fully employed he will not get full pay of a Clerk. Considering all the circumstances I hold that B. B. Rai is entitled to be treated as a Clerk and to be paid the minimum wage that is payable to a Clerk according to I.T.A. scale during the period he was employed in the hospital as a writer.

Provided that if any public holiday (besides Sundays) intervenes between the date of publication of the Preliminary Electoral Roll and the last date of filing claims or objections under paragraph 5, the roll shall be kept ready for inspection by the public even on those days between the hours 10 a.m. and 5 p.m.

(2) When objection is made to the inclusion in the Preliminary Electoral Roll of the name of any person recorded therein, the Revising Authority shall serve on such person a notice in writing at the address entered in the Preliminary Electoral Roll stating the grounds of such objection and specifying the place and the time fixed for the hearing of such objection and notifying him that he may there produce or cause to be produced by an agent authorized in writing such evidence as he may wish to produce.

(3) Such notice may be served by the Revising Authority by sending it to the person concerned by registered post or even by ordinary post, if a certificate of posting is kept.

For the purposes of the enquiry the Preliminary Electoral Roll as published shall be presumed to be correct and complete until the contrary has been proved.

12. (1) The Administrative Officer shall then cause the roll to be amended in accordance with any orders passed under paragraph 11 and shall endorse the amendments in token that this has been done.

(3) Not less than 32 days before the election day the Administrative Officer shall publish a notice in Form C annexed to these orders at the office of the Corporation, fixing the time at and date on which the nomination papers will be scrutinised by him, such date being not less than 26 days before the date fixed for the election.

(4) (a) At the time and on the date so fixed, the Administrative Officer shall, at the office of the Corporation, scrutinise all nomination papers in the presence of the candidates or their agents if they appear, and shall register as candidates all those whose nomination papers are found to be valid.

(b) On completion of the scrutiny of nominations, the Administrative Officer shall forthwith examine symbols selected by the candidates and, if such symbols are found to conflict with each other, he shall allocate symbols in conformity as far as possible with the wishes of the candidate and if necessary by lot, and his decision in this respect shall be final. If, in any particular constituency, the number of candidates whose nomination papers are found valid exceeds the number of symbols specified in Schedule A, the Administrative Officer shall in assigning symbols in the manner hereinbefore prescribed, allocate them also out of the list of additional symbols specified in Schedule B and his decision shall be final. Each candidate or his agent shall be informed of the symbol assigned to such candidate and shall be given a specimen thereof. The Administrative Officer shall then prepare a list of valid nominations indicating therein the symbol assigned to each candidate.

(5) Not less than 25 days before the election day the Administrative Officer shall publish at the office of the Corporation a list of the candidates registered under sub-paragraph 4(a) indicating therein the symbol assigned to each candidate. These candidates shall be deemed to be registered as such from the date of publication of the list.

15. Any candidate may withdraw his candidature by a notice in writing which must be subscribed by him and be sent to the Administrative Officer within three days of the date of his registration as a candidate under sub-paragraph (5) of paragraph 14 or sub-paragraph (2) of paragraph 17, as the case may be. A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be renominated as a candidate for the same election.

16. As soon as possible after receipt of a notice of withdrawal under paragraph 15 the Administrative Officer shall cause written intimation thereof to be published in some conspicuous place in the office of the Corporation and, also in the constituency to which the matter relates.

17. (1) If any person who has filed a nomination paper under sub-paragraph (1) of paragraph 14 finds that his name is not included in the list of candidates published by the Administrative Officer under sub-paragraph (5) of paragraph 14 or disputes the right of any other candidate to be on such list, he may appeal to the District Magistrate in writing within three days of the date of publicaion of such list. The District Magistrate shall make such order as to the insertion or omission of the name as appears to him to be just, and shall forward a copy of his order to the Administrative Officer so as to reach him not less than 15 days

before the date of the election; and the Administrative Officer shall on receipt of the order amend the list, note upon it the date of such amendment and forthwith publish at the office of the Corporation and, if necessary, in the respective constituency or constituencies, the amendments made in the list.

(2) A person whose name has thus been newly inserted in the list shall be deemed to be registered as a candidate from the date of such insertion and the Administrative Officer shall allocate to such candidate a symbol in the manner provided in clause (b) of sub-paragraph (4) of paragraph 14 and shall inform the candidate of the symbol assigned to him and give him a specimen thereof.

(3) The order of the District Magistrate shall be final.

18. Not less than ten days before the date fixed for the election the Administrative Officer shall publish at the office of the Corporation a revised list of candidates containing all the alterations and amendments made in the original list whether by the order of the District Magistrate under paragraph 17 or in consequence of the withdrawals of candidates under paragraph 15. The revised list thus published shall be the final list of candidates for the election.

Conduct of election.

19. (1) All registered candidates in a constituency shall be declared to be duly elected if their number is not more than the number of vacancies in the constituency.

(2) In all such cases, the declaration shall be made by the Administrative Officer in writing, aganist the name of the candidate concerned, in the final list of candidates published under paragraph 18.

(3) If the number of registered candidates is greater than the number of vacancies, a poll shall be held.

20. (1) Before the date of publication of the final list of candidates under paragraph 18, the Adminsitrative Officer shall fix the place or places (hereinafter referred to as polling centres) at which the poll shall be held on the election day and the hours between which voters shall be admitted into the polling enclosures.

(2) The poll shall be held at the time and at the polling centres so fixed:

Provided that where it is considered necessary, separate polling centres may be fixed for the recording of votes by female voters.

(3) Notice of such time and such polling centres shall be given by beat of drum and by the publication of notices at the office of the Corporation at the same time as the publication of the final list of candidates under paragraph 18.

21. After the latest hours mentioned in this behalf in the notice referred to in paragraph 20, no person shall be admitted on the election day within the polling enclosures but the votes of all duly registered voters who are already within the enclosure shall be recorded.

22. Each voter shall be entitled to vote for the constituency in respect of which his name has been registered, and for no other, and to give as many votes as there are vacancies for each constituency for which he is thus entitled to vote:

Provided that he shall not give more than one vote on the same voting paper to any one candidate.

23. (1) There shall be in each constituency at least one polling centre.

(2) Where there are more than one polling centre in a constituency, the Administrative Officer shall cause a notice to be published at the office of the Corporation showing the names and serial numbers as given in the Final Electoral Roll of persons whose votes will be recorded at any specified polling centre in the constituency.

(3) The Administrative Officer may, if he thinks necessary, provide more than one polling booth in a polling centre and shall cause a notice to be published at the gate of each polling booth showing the serial numbers as given in the Final Electoral Roll of persons whose votes will be recorded at the booth.

(4) The Administrative Officer shall appoint a polling officer to preside over the election at such polling centre, and where there are several polling centres in one constituency shall declare one of the polling officers to be the chief polling officer. The Administrative Officer may, if he considers necessary, appoint not more than two polling assistants to assist a polling officer in the conduct of election and may assign to each such polling assistant such duties as he may think fit:

Provided that no person who is himself a candidate for election or the agent of a candidate for election shall be appointed either as a polling officer or as a polling assistant.

(5) If a polling officer for any reason fails to attend, the Administrative Officer shall appoint another fit and proper person who is not himself a candidate or the agent of a candidate, to take his place.

24. (1) On the morning of the election day the Administrative Officer shall supply each polling officer with the following:—

(a) a ballot box provided with an aperture for receipt of voting papers;

(b) an instrument for stamping the official mark on such papers;

(c) a copy of the Final Electoral Roll, with the particulars prescribed in sub-paragraph (2) of paragraph 23;

(d) a bound book or books containing as many voting papers serially numbered in foil and counterfoil as there are voters entered in the Final Electoral Roll for that polling centre, and other persons, if any, entitled under sub-paragraph (1) of paragraph 31 to vote at that polling centre.

(2) The Administrative Officer shall cause to be provided at each polling centre sufficient writing materials with which voters may mark the voting papers.

(3) The official mark shall be kept secret until the commencement of the polling.

25. The voting paper shall be printed both in English and Bengali in Form D annexed to these orders. The names of candidates in English shall be in alphabetical order. The symbol assigned to each candidate shall be printed against his name. The names shall be printed in Bengali, below that in English in each case.

26. With the object of safeguarding the secrecy of the ballot and of preventing undue crowding, the Administrative Officer shall divide each polling booth into two rooms or compartments, hereafter, called the inner and outer compartments. Votes shall be recorded in the inner compartment.

27. (1) On the election day the polling officer shall admit to the outer compartment of the polling booth the candidates and such agents as may be selected by the candidates, to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(2) Only voters, and such other persons (if any) as the polling officer may by special directions admit, shall be allowed to enter the inner comparment of the polling booth.

(3) No candidate or agent of a candidate shall be admitted into the inner compartment except for recording his own vote.

(4) The polling officer shall regulate the number of voters to be admitted at any one time into either the inner or the outer compartment.

28. Immediately before the commencement of the poll the polling officer shall satisfy such persons as may be present in the outer compartment that each ballot box is empty and shall then lock it and place upon it his seal in such manner as to prevent its being opened without breaking such seal.

29. The candidates and their agents shall not speak to or address any intending voter in the polling booth, but may submit to the polling officer objections to a voter on any one or more of the following grounds:—

(1) that his name is not on the Final Electoral Roll of the constituency in respect of which the election is being held;

(2) that his claim to be a certain voter shown on the Final Electoral Roll is false;

(3) that he has already voted;

(4) where there is more than one polling centre in a constituency, that under paragraph 22 he is not entitled to record his vote at the polling centre in respect of which the objection is raised.

30. The procedure for recording a vote shall be as follows:—

(i) there shall be no voting by proxy;

(ii) as each intending voter enters the outer compartment, his name and his number in the Final Electoral Roll shall be called out, so that everybody present can hear them;

(iii) no objection to an intending voter shall be entertained except on the grounds mentioned in paragraph 29;

(iv) any objection shall be summarily decided by the polling officer, who may for this purpose take such evidence as may be available on the spot;

(v) if after taking such evidence the polling officer disallows the objection or if no objection is raised, he shall hand the voter the foil of a voting paper for the constituency and shall allow him to proceed to vote; but if an objection is allowed, the intending voter shall not be given any voting paper and shall be ordered by the polling officer to leave the polling booth forthwith and the intending voter shall comply with the order immediately;

(vi) immediately before a voting paper is delivered to a voter, it shall be marked on the back with the official mark and an indication shall be placed in a copy of the Electoral Roll against the number of the voter to denote that he has received a voting paper, but no note shall be made of the particular voting paper which he has received;

(vii) the number of the voter in the Final Electoral Roll shall be marked on the counterfoil of his voting paper;

(viii) a voter who has received a voting paper shall forthwith be directed, by the polling officer or a person (not being a candidate or his agent) deputed by the polling officer for this purpose, to a

place set apart in the inner compartment and shall there mark a cross, within the space headed "voter's mark" on the voting paper, against the symbol assigned to any candidate for whom he intends to vote. He shall then conceal his vote by folding the voting paper and shall put the paper so folded into the ballot box. He shall vote without undue delay and shall quit the polling enclosure as soon as he has put the voting paper into the ballot box;

(ix) if the voter owing to physical or other disability is unable to read the symbols on a voting paper or to make a mark thereon, the polling officer shall mark the vote in the voting paper according to the direction of the voter. The voter shall then himself or with the assistance of the polling officer, put the paper folded up into the ballot box.

31. (1) A polling officer or a polling assistant who is a voter and who is, by reason of his being on duty at a polling centre unable to be present and to vote at the polling centre where he is entitled to vote, may apply to the Administrative Officer three days before the election day giving his name, address and serial number in the electoral roll for permission to vote at the polling centre where he is on duty as such polling officer or polling assistant; and the Administraitve Officer, if he is satisfied that the claim is just, shall cause the polling officer of the polling centre where the applicant is entitled to vote to issue to him a certificate that he is entitled to vote at such polling centre; and thereupon the applicant may be allowed to vote at the polling centre where he is on duty as polling officer or polling assistant, as the case may be, on his producing such certificate.

(2) The vote of such polling officer or polling assistant shall be recorded in the manner prescribed in paragraph 30 except that, his voting paper after being filled in and folded as prescribed in that paragraph shall be placed, with the certificate, in a sealed envelope by the polling officer and sent to the polling officer of the other polling centre who shall remove it from the envelope and put it in the appropriate ballot box.

32. It shall be the duty of the polling officer to see that votes are recorded with the utmost secrecy, that the number on the voting paper handed over to a voter is not divulged to any person, that no persons are admitted to either compartment except under these orders and that persons who have recorded their votes or against whom objections have been allowed are caused to leave immediately. It shall also be their duty to see that these orders and special directions given by the polling officer thereunder are strictly observed.

33. (1) On the conclusion of the poll, the polling officer shall, in the presence of the candidates or their agents, if any,—

(a) satisfy himself that the seals affixed to the ballot boxes under paragraph 28 are intact, and either,

(b) forthwith, when there is only one polling centre in the constituency, open the ballot box and scrutinise the votes in accordance with paragraph 34, or

(c) when there are several polling centres in the constituency send to the chief polling officer the ballot boxes and the books of counterfoils and unused foils of voting papers and the marked copy of the Electoral Roll properly sealed with his own seal and the seal of such candidates or agents as may desire to affix their seal.

(2) The chief polling officer shall thereupon in the presence of the candidates or their agents, if any, satisfy himself that the seals are intact, open the ballot boxes and scrutinise the votes in accordance with paragraph 34.

34. Any voting paper not marked, marked otherwise than with a cross, or marked elsewhere than in the space provided for the purpose, or on which more crosses are marked than there are vacancies, or on which a cross is so placed as to make it doubtful to which candidate the vote has been given or on which any mark is made by which the voter may be identified shall be invalid. A note to this effect shall be made upon it by the polling officer and it shall not be included in the count.

35. (1) When the voting papers have been scrutinised the polling officer or chief polling officer, as the case may be, shall, in the presence of the candidates or their agents, if any, count the valid votes and declare to be elected in any constituency the candidate or candidates to whom the highest number of votes has been given.

(2) If there be an equality of votes and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected he shall by drawing lots in such manner as he may determine select one of such candidates whom he shall declare to be elected.

36. The polling officer or chief polling officer shall forthwith, report in writing the result of the election to the Administrative Officer.

37. When a candidate has been elected for more than one constituency—

(a) he shall be declared by the Administrative Officer to have been elected for such constituency, if any, in which the election has been uncontested;

(b) otherwise, within five days from the date of the election, he shall declare which of such constituencies he will represent;

and if he fails to make such declaration, the Administrative Officer shall forthwith declare the constituency which such candidate shall represent. In either case such candidate shall be held to be elected in the constituencies in respect of which a valid declaration has been made under this paragraph

and in every other constituency for which the said candidate has been elected, the result of the election shall be determined as if no votes had been recorded for him:

Provided that, if there is no other candidate for whom votes have been recorded to fill the vacancy thus caused, a fresh election shall be held.

38. A second election, under section 26 of the Bengal Act, shall begin at the stage from which the original election failed.

Illustration.—If the election failed at the time of polling, a fresh poll only shall be held or if the election failed for want of candidates, fresh nominations shall be called for.

39. When the voting papers have been scrutinised and counted the polling officer or the chief polling officer, as the case may be, shall forthwith replace them in the ballot box from which they were taken and seal it in the manner prescribed by paragraph 28. He shall also seal up the books of counterfoils and unused foils of voting papers and also the copy of the marked Electoral Roll, with his own seal and the seal of such candidates or their agents as may desire to affix them. He shall make them over with the ballot box to the Administrative Officer to be kept in safe custody until the books and the voting papers are destroyed under paragraph 40.

40. On the expiry of 30 days from the date of the declaration of the result of the election, or, if an election petition has been filed under section 36 of the Bengal Act, as soon as possible after the disposal of the petition, the voting papers in the ballot boxes and the sealed books containing unused voting papers and the counterfoils shall be destroyed in the presence of such member or officer of the Corporation as the Corporation may appoint for this purpose.

41. The names of duly elected Councillors shall be forwarded by the Administrative Officer to the State Government, for publication in the *Calcutta Gazette*.

42. No person having directly or indirectly by himself or his partner any share or interest in any contract or employment with, by or on behalf of the mmebers of the Corporation, or holding any office of profit under the Corporation shall directly or indirectly, engage in canvassing for votes or otherwise assist in the election of any candidate otherwise than by giving his own vote.

43. All costs incurred in the preparation, printing and publication of the Electoral Rolls, the publication of notices, the holding of elections, or the taking of any other necessary action under these orders, shall be payable out of the fund of the Corporation.

By order of the Governor,
N. M. BARDHAN, Joint Secy.

were flung open and the lights were blazing in all the rooms. He ran to the master who came down and discovered the theft. The management fixed the time of theft in this way: Mr. Kenneth retired to bed at 10 p.m. after examining that the doors were secured. The management proceeded with the statement of the servant of Mr. Kenneth that he found the doors open and the lights ablaze and the inference was that this was done by the miscreants. This certainly would have attracted the attention of the men moving about on the road. The clock durwan came at 3 a.m. and there was nothing wrong to attract his attention. By this process of elimination, the management came to the conclusion that the theft must have taken place after 3 a.m. and could not have been possible if the two durwans under reference had been dutiful. The management further found that there were muddy foot prints on the veranda and the barbed wire entanglement was found disturbed, indicating that the thieves came from the river side. The two durwans were charge-sheeted and after an enquiry, they were found negligent and were dismissed. After this there was this reference.

In their statement before the Tribunal, the workmen contended that no theft took place during the time of their duty and that they were alert and dutiful. The Company on the other hand maintained that the theft must have taken place after 3 a.m. and could not have been if the two men had been dutiful. It transpired that the Manager interrogated all the durwans and Mr. Kenneth and his servant and came to the conclusion that the theft took place after 3 a.m. and charge-sheeted the two persons who submitted explanations. Thereafter the Assistant Manager held the enquiry and found the men guilty of negligence which was found to be misconduct under the Standing Orders and dismissed them.

Though an enquiry is said to have been held by the management the procedures suffer from the reproaches made by this Tribunal in Great Eastern Hotel case (1953 L.A.C., page 416). There is no memorandum of enquiry and no record of evidence was maintained. It was just an informal thing. This is just a type of cases where no formal enquiry is held. In such cases the Tribunal, as had been pointed out in Bathgate case (1953 L.A.C., page 149) has got to go into merits of the case.

The Tribunal went into the merits of the case and came to the conclusion that there was the theft in Mr. Kenneth's house and the miscreants came from the river side. The Tribunal was faced with the difficulty about fixing the time of theft. If the theft took place before 2 a.m. these two durwans were not responsible. The Company fixed the time with reference to the blazing lights and open doors. Certainly, these would have attracted the attention not only of the two durwans but also of the clock durwan. The durwans, however, denied in evidence that the lights were ablaze with the doors open. An open door was not sufficient to invite attention but the blazing lights in addition certainly would arrest attention. The servant of Mr. Kenneth woke up the master in an excited mood, obviously he had suspected the place before.

If the servant on seeing the door open put on the lights to see what had happened, the reasonings of the Company would fail. The learned Tribunal appreciated this and was faced with the difficulty that the servant was not examined on the plea that he was in Pakistan. Without his evidence it cannot be said if the theft took place during the time these two durwans were on duty. The learned Tribunal failed to fix the time of theft in the absence of the evidence of the servant of Mr. Kenneth and therefore, could not find the two durwans guilty of negligence but disposed of the case in a different way.

He concluded the award by saying "In the circumstances, it appears to me that although the Manager is entitled to entertain a reasonable suspicion as to the alertness of the durwans in the discharge of their duty, an order of dismissal of the durwans in the circumstances was not justified. It is, therefore, decided that in view of the fact that the Manager was justified in losing confidence in the efficiency of the two durwans in question as watch and ward, these two durwans should be discharged from service with one month's pay in lieu of notice and gratuity at the rate of half a month's basic pay for every year of service and it is awarded accordingly. This issue is accordingly answered".

Reasonable suspicion is that suspicion which is based on reason. In the absence of the evidence of Mr. Kenneth's servant, the matter was beyond the scope of reasoning as the time of theft could not be fixed. The theft might have taken place when the other two durwans were on duty. The Manager's suspicion is based on what the servant of Mr. Kenneth might have said at the enquiry of which no record was kept. If we once banish from our mind that prejudice, these two durwans are no more guilty than the durwans on the second shift. If the Manager has reasonable confidence in them he should have reasonably the identical feelings towards these two men. The contrary inference entertained by the learned Tribunal has not been correct and amounts to unreasoned discrimination.

We have entertained the appeal as the learned Tribunal has disposed of the case on extraneous considerations. These two persons were dismissed on positive findings that they were negligent in their duties but the Tribunal

found that this was not sustainable and gave relief on a ground which was not Company's case. This in our opinion involves a substantial question of law.

The learned Advocate for the workmen told us that after this lapse of time, he would be satisfied with an order for reinstatement and would not claim wages for this period of long unemployment. We appreciate the reasonableness of this and allow the appeal and set aside the award of the Tribunal and order for reinstatement of the two appellants within seven days of this decision coming into operation. The period of non-employment shall not be considered as a break in continuity of service and they will be entitled to increment on the footing that they were in service. The appellants shall recover Rs. 50 as costs from the respondent company.

DECISION.

This is an appeal by the workers of "Daily Lokmanya" represented by the Press Employees' Association against an award of Shri M. C. Banerjee, First Industrial Tribunal, West Bengal, published in the *Calcutta Gazette*, dated the 4th June 1953. The appeal is directed against an order refusing reinstatement of the discharged workmen and allowing them gratuity and compensation for loss of employment.

All the 17 employees mentioned in Schedule to the Order of Reference are permanent workers of the "Daily Lokmanya". The respondent, the proprietor of the newspaper, adopted mischievous tactics to get rid of the old employees with a view to replace them by new at a considerable low cost. These employees were not paid wages in time and when there was a demand for payment, the proprietor used to put it off on some plea or other. Kalika Roy, one of the employees went on home leave and resumed his duties on the expiry of it. On 13th November 1952, the proprietor asked him to produce a certificate of fitness from the certifying Surgeon and started a surprise check. As a protest against that, there was a strike of the workers, on the next day, at 11-30 a.m. and the proprietor dismissed the workers summarily on that day. The proprietor contested the claim of these employees for reinstatement on the ground that they held a stay-in strike on 14th November 1952 and declined to resume work, when requested to do so. These employees were dismissed as they failed to resume their duties in spite of notice.

The learned Tribunal on evidence found in favour of the workmen and held that Kalika Roy was dismissed by the proprietor on the 14th November 1952 for his frequent demand of wages and not for any other reason. The strike was provoked by this unfair labour practice of the proprietor. He further found that the dismissal of these employees was unjustified in the circumstances of this case and that the employees were entitled to reinstatement but "in view of the fact, however, that the employer is anxious to have compositors on lower wages than the striking compositors and that the reinstatement of the striking compositors may be attended with the same trouble as it happened in the month of November," he allowed the dismissed employees compensation and gratuity instead of reinstatement in the interest of "industrial peace". Mr. Manna, the learned counsel for

the appellants, in this case contended before us that the Tribunal erred in law in holding that the stoppage of work is a strike and not a lockout and also in finding that the appellants in the interest of industrial peace are allowed gratuity and compensation in place of reinstatement. Further, the Tribunal was wrong in finding against the length of service of the workmen as given by the State Government in its Order of Reference. The Tribunal had no jurisdiction to do so. Mr. Manna contends that these are substantial questions of law involved in this appeal.

The respondent, the proprietor of "Daily Lokmanya", was, it appears from the record, duly served with notice of the date of the hearing of this appeal. He was found absent at the time of hearing without any reasons whatsoever. The appeal was accordingly heard ex-parte. As already stated above, the learned Tribunal decided the dispute in favour of the workmen, the appellants before us. It found that the dismissal of the workmen was unjustified in the circumstances of this case and accordingly they were entitled to reinstatement. On a further consideration of the fact that the reinstatement is likely to disturb the industrial peace, it made an order for payment of compensation and gratuity for loss of employment and for wrongful dismissal. It did not allow reinstatement.

This Tribunal exercises only a limited jurisdiction in the matter of appeal. Its jurisdiction is limited to cases specially mentioned in section 7 of the Act. An award refusing reinstatement and allowing compensation and gratuity for wrongful dismissal is not an item listed in section 7(1) (b) of the Act. Accordingly, the appeal must be incompetent unless it involves a substantial question of law under section 7(1)(a) of the said Act. Question now is whether this appeal involves any substantial question of law. Mr. Manna says that it does, for, the learned Tribunal below has exercised the jurisdiction which it did not possess in determining the question of length of service of the dismissed employees as against that provided in the Order of Reference. He further contends as stated above that the learned Tribunal has exercised its discretion most arbitrarily in refusing the reinstatement of these employees after categorically finding that their dismissal was not justified and that they woud be entitled to reinstatement. We have carefully considered these points and the argument so ably advanced by the learned counsel in this case. He relied upon some reported decisions on the subject of reinstatement. As these cases are not on points before us, we do not propose to examine them at length in this appeal. It is enough for our present purpose to say that they are not relevant to the points at issue and also are distinguishable on facts. True, the State Government in its Order of Reference, mentioned the length of service against the names of the workers whose discharge gave rise to the industrial dispute. The Management challenged the length of service and the learned Tribunal decided the issue on facts before it. As at present advised, we do not consider the length of service of a discharged employee involved in an industrial dispute an essential part of an Order of Reference. Further, under section 10(c), the appropriate Government refers an industrial dispute or any matter connected with or relevant to the dispute to a tribunal for its adjudication when it is of opinion that such a dispute exists or is apprehended. The State Government does not decide the points of dispute or any of its component parts in making a reference under that section. Accordingly, an Industrial Tribunal does not exceed its jurisdiction in deciding the dispute or any matter connected with or relevant to it. We are unable to accept Mr. Manna's contention on this point that the Industrial Tribunal has gone beyond its jurisdiction in deciding the length of service of the dismissed workers mentioned in the Order of Reference, particularly when it was a contested issue before it. Mr. Manna in the next place said that the learned Tribunal has exercised its jurisdiction most arbitrarily in refusing reinstatement of the employees after finding that they are entitled to it and that their dismissal was unjustified. We have carefully gone through the record and we find that the learned Tribunal has recorded its reasonings for refusing reinstatement in this particular case, and we cannot say that it exercised its discretion in this matter arbitrarily against all principles of justice. After all, the question of reinstatement has got to be considered subjectively from the point of view of the employees concerned and objectively from the view of the industry in which these employees are employed. The learned Tribunal appears to have applied its mind to the question of reinstatement, but it did not consider it reasonable in the interest of industrial peace to send these employees back in the services of the employer with whom they had very strained relations in the past. We are not so much concerned with the cause or source of the trouble as with the result, viz., disturbing the industrial peace. We are unable to say that in refusing the normal remedy of reinstatement for wrongful dismissal, it acted arbitrarily. Since, it has exercised its discretion in a way which is warranted on the facts and in the circumstances of the case, we do not like to interfere. The mere fact that the evidence and other materials on the record may lead to a different conclusion does not warrant an inference that the learned Tribunal has exercised its discretion arbitrarily. In our view, this appeal does not involve any substantial question of law and, therefore, is incompetent. It is accordingly dismissed. Parties to bear their own costs.

WEST BENGAL LEGISLATIVE ASSEMBLY SECRETARIAT

NOTIFICATION.

No. 2081L.A.—1st September, 1955.—With reference to the footnote at the end of the Report of the Joint Select Committee on the West Bengal Land Reforms Bill, 1955, published with notification No. 1925L.A., dated the 18th August, 1955, in Part IVA of the *Calcutta Gazette Extraordinary*, of the 18th August, 1955, it is hereby notified for general information that Sj. Hemanta Kumar Basu, Member, West Bengal Legislative Assembly, has subsequently signed the said Report subject to the following minute of dissent:

Minute of Dissent by Sj. Hemanta Kumar Basu, M.L.A.

Distribution of land

The abolition of Zamindary system without compensation and the free distribution of land to the landless peasants—these are the two main demands on which the peasants' movement has developed in our country. Instead of our opposition provision has been made for compensation to the Zamindars in the Estates Acquisition Act. Now I apprehend that the promise for free distribution of land has also been given up. The "Settlement" does not necessarily mean "free distribution of land". This should have been made very clear.

The addition of a new chapter on distribution of land, after our discussion in the Joint Select Committee, is welcome. But it has not been provided that in distributing land first preference would be given to the landless peasants, *khetmajurs, bargadars*.

Ceiling

2. So far fixation of ceiling for a *raiyat* is concerned, I feel that mere fixation of the same at 25 acres is not just. The fixation should be made on the basis of the number of members of a particular family for which ceiling is fixed. In my opinion 10 acres of land should be allowed for a family unit of five members.

Personal cultivation

3. As for the definition of "Personal Cultivation", it gives scope to the creation of a new Zamindar class. This new class, without taking part in cultivation directly, shall get their lands cultivated by *bargadars*, who shall have to sign "*Mazur Kabuliyats*".

Revenue

4. I hold that the introduction of a system of Agricultural Income-tax would have been better than the Revenue system, provided for in the Bill. Such tax on the basis of net income, after deducting the cost of cultivation and maintenance of the family unit of cultivators, would be more just in principle and simpler in practice.

Fear of ejection

5. Though the word "ejection" has not been used in the Bill, as amended by the Joint Select Committee, much scope has been laid open for cessation of right of ownership to land and that too on petty grounds.

Bargadars

6. I feel that in cases where plough, cattle, manure, and seeds would be supplied by the *bargadars* the share of the *bargadars* should be two-thirds of the produce.

Revenue Officers

7. Too much power has been given to the Revenue Officers. Unless these are curtailed the proposed reforms of the Government, to the extent they are beneficial to the *raiyats*, would be a complete failure. I am sorry to make this observation because of the manner in which the bureaucracy still moves in our country.

Right to move Courts of Law

8. The right to move Courts of Law in the matter of dispute relating to the proposed Bill has been completely denied. Only in one case provision has been made for moving the Munsifs. If decisions on disputes and also on appeals to them are arrived at on executive levels the judgment may not be held above doubt.

Raiyats' **views**

9. Provisions should have been made for taking *raiyats'* opinion on important matters, e.g., management of estates vested in the State. This can be done by forming *Raiyats'* Board in the manner *Bhagchas* Board was formed.

In the matter of complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Mrs. H. B. Krishna, an employee of Messrs. C. Comens & Sons, Ltd., represented by C. Comens Mazdoor Union, against the aforesaid Company (Case No. 126/33A/54).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, NEW SECRETARIAT BUILDINGS, THIRD FLOOR, CALCUTTA.

PRESENT:

SHRI SAILESH SENGUPTA, *Judge*,
Sixth Industrial Tribunal.

Appearances.

For the Company: Shri R. K. Singh, Labour and Welfare Officer of Engineering Association of India.

For the employee: Shri Patit Paban Pathak.

The original reference out of which this present complaint under section 33A of the Industrial Disputes Act has arisen was made under Government order Nos. 6002Dis./D/10L-99/53, dated the 30th December 1953 and 2157Dis./D/10L-74/55, dated the 17th May 1955.

AWARD.

This is an application under section 33A of the Industrial Disputes Act preferred by Mrs. H. B. Krishna, an Assistant in the firm of Messrs. C. Comens & Sons, Ltd., whose services were terminated at a time when a proceeding in respect of a dispute between the same Company and their workmen was pending before this Tribunal. The Company did not obtain permission of the Tribunal for the action taken against the petitioner.

The grounds taken in opposition by the Company are that the petitioner is not a workman as defined in section 2(s) of the Industrial Disputes Act and she was not concerned in the dispute pending before the Tribunal. No permission was therefore necessary. Termination of service was also said to be justified as re-organisation was required for reasons of economy.

In regard to the first point, viz., that Mrs. Krishna was not a workman, the Company is not on firm ground. The Managing Director Mr. Lake described her as his personal assistant and confidential secretary, holding a rank next to him in the hierarchy of the superior staff. The designation, however grandiose, does not clinch the issue. The nature of the duties attached to the post is the deciding factor. In the appointment letter Ext. E, Mrs. Krishna is described as an assistant simpliciter. She had to deal with correspondence and perform the duties of a stenographer. She used to be assisted by Miss Wooten who is also a stenographer. According to the Managing Director, Mrs. Krishna had to see if the other two stenographers, Miss Wooten and Miss Pinto, were working properly. If any serious fault was found in the work done by them, she was to report to the Managing Director. She was not vested with authority to deal with their delinquencies. Supervisory capacity thus ascribed to her was illusory. As the senior most stenographer in direct association with the Managing Director, Mrs. Krishna might have to keep an eye on the other two stenographers, but this is hardly the kind of supervision which might

raise her status to a higher plane. Admittedly she had no power delegated or *ex officio* to grant leave or award punishment. The Managing Director was, in the normal course, the fountain head of all powers of administration and control. Mrs. Krishna might have the shine of reflected glory but on a sober assessment she cannot be said to have occupied a position of command and direction. Referring to Exts. D (3) to D(5) the Company's representative propounded an argument that Mrs. Krishna was free to exercise her own initiative. With all respect, I must say, that in offering this argument the learned gentleman was only punching the air. Mrs. Krishna has explained that for the purpose of correspondence she had to collect information and notes were issued accordingly to have the required information. The notes have no intrinsic value of their own. Another argument pressed in this context was that Mrs. Krishna was entitled to "car facility" a privilege enjoyed only by the members of the superior staff. According to the terms of the letter of appointment she could use the company's car for transport *if available*. To my mind this was nothing more than a concession to the Managing Director's chief stenographer. Having so far dealt with the negative aspect I may now point out that Mrs. Krishna's duties were essentially clerical. She used to handle correspondence of a routine character and the rest she had to place before the Managing Director. Taking down dictation and transcribing the same on the typewriter were predominantly her normal duties. In this set-up, the only logical inference is that Mrs. Krishna's duties were clerical. She must hence be held to be a workman as defined in 2(s) of the Industrial Disputes Act.

In 1953, the Company was in the throes of severe trade depression. In two instalments batches of its factory workers were laid off. Ultimately 80 workers were retrenched. Disputes raised on these measures being taken, were referred to this Tribunal for adjudication on the two issues framed by the Government in the following terms:—

(1) Whether the workmen are entitled to get remuneration under involuntary unemployment scheme for the period of lay off?

(2) Whether the discharge of 80 workers as per list attached is justified? What relief are they entitled to?

During the pendency of this proceeding before the Tribunal the Company terminated the services of the petitioner. The Company's view point is that the workmen engaged in the factory were undoubtedly concerned in the dispute but not so the head office staff who formed a separate unit entirely unaffected by the lay off and subsequent retrenchment of the factory workers. The provisions of section 33 were not contravened as Mrs. Krishna was not concerned in the dispute. In these circumstances the application under section 33A of the Industrial Disputes Act is not maintainable.

A Tribunal decision reported in 1954 (1), L. L. J., page 248, and an Appellate Tribunal decision, reported in 1954 (1), L.L.J., page 674, were cited in re-enforcement of the argument. The Appellate Tribunal decision is clearly inapplicable. The applicants were working in quarries. They could not be deemed concerned in the appeal arising out of the decision of the Tribunal on a reference made by the State Government as in regard to quarry-workers the Central Government alone could make a reference. They could not be made parties in the proceeding or in the appeal. In the other case the decision of the Appellate Tribunal reported in 1952, L.A.C.,

page 103, was not considered. It was held that the other workers not appearing as parties in the reference, though interested, could not be brought within the category of persons concerned in the dispute. With this view I must respectfully disagree. If interested, they were concerned in the dispute. On behalf of the petitioner reliance was placed on the case, reported in 1952, L.A.C., page 103. In that case 13 workers were dismissed. The workers' union took up the matter and a reference was made by the State Government to a Tribunal. Three other workers were discharged without the Tribunal's permission during the pendency of the proceedings. Agreeing with the view taken by the Tribunal, Their Lordships observed that the dispute being a collective one, all the other workers were concerned therein as they were or must be considered to be parties to the proceeding. In course of the discussion their Lordships referred to section 18 of the Industrial Disputes Act. It appears to me that in Their Lordships' view the real test is whether a settlement arrived at or award made in the proceeding would be binding on the others. In that case settlement or award would have been binding on all the workers by virtue of section 18(d). The result would not be the same if this test is applied to the present case. Admittedly the workers laid off and subsequently retrenched were factory workers. Mrs. Krishna belongs to the head office establishment. Though located in the same premises the factory and the head office where Mrs. Krishna is engaged, cannot be treated as one of the same establishment. They are separate establishments. Lay-off and retrenchment of some of the factory workers gave rise to a dispute in which the rest of the factory workers were certainly concerned as any settlement or award made would be binding on that by reason of clause (d) of section 18. But it would not be binding on the employees of the head office belonging as they did to a separate establishment. This is the distinguishing trait which leads me to hold that the case relied on by the learned Labour representative is of no assistance to him. It was pointed out that the company had to resort to lay-off and retrenchment on account of losses suffered during the slump in business. For the same reasons the services of Mrs. Krishna were dispensed with. Trade depression was the common denominator in both instances of retrenchment. That is so, but the pertinent question is if Mrs. Krishna was concerned in the dispute which was actually engaging the attention of the Tribunal on the reference as made. In my judgment she was not. In this view I am bound to hold that section 33 of the Industrial Disputes Act was not contravened—permission of the Tribunal not being a necessary pre-requisite. The application under section 33A must accordingly fail and is hereby rejected.

(*a*) reaches them before the time fixed by the Collector, under section 9 of the Land Acquisition Act, 1894, for making claims in reference to the land, and

(*b*) is made by all persons who have interests in the land greater than a lease for years having seven years to run.

(*3*) If the Board decide to allow any such application, they shall forthwith inform the Collector; and the Collector shall thereupon stay for a period of three months all further proceedings for the acquisition of the land, and the Board shall proceed to fix the sum in consideration of which the acquisition of the land may be abandoned.

(*4*) Within the said period of three months, or, with the permission of the Board, at any time before the Collector has taken possession of the land, under section 16 of the Land Acquisition Act, 1894, the person from whom the Board have arranged to accept the sum so fixed may, if the Board are satisfied that the security offered by him is sufficient, execute an agreement with the Board, either—

(*i*) to pay the said sum three years after the date of the agreement, or

(*ii*) to leave the said sum outstanding as a charge on his interest in the land, subject to the payment in perpetuity of interest at such rate not exceeding six *per centum per annum* as the State Government may fix by notification, and to make the first

annual payment of such interest four years after the date of the agreement:

Provided that the Board may, at any time before the Collector has taken possession of the land under section 16 of the Land Acquisition Act, 1894, accept immediate payment of the said sum instead of an agreement as aforesaid. I of 1894.

(*5*) When any agreement has been executed in pursuance of sub-section (*4*), or when any payment has been accepted in pursuance of the proviso to that sub-section, in respect of any land, the proceedings for the acquisition of the land shall be deemed to be abandoned.

(*6*) Every payment due from any person under any agreement executed under sub-section (*4*) shall be a charge on the interest of that person.

(*7*) If any instalment of interest payable under an agreement executed in pursuance of clause (*ii*) of sub-section (*4*) be not paid on the date on which it is due, the sum fixed by the Board under sub-section (*3*) shall be payable on that date, in addition to the said instalment.

(*8*) At any time after an agreement has been executed in pursuance of clause (*ii*) of sub-section (*4*), any person may pay off the charge created thereby, with interest, at the rate fixed under the provisions of that clause up to the date of such payment.

(*9*) When an agreement in respect of any land has been executed by any person in pursuance of sub-section (*4*), no suit with respect to such agreement shall be brought against the Board by any other person (except an heir, executor or administrator of the person first aforesaid) claiming to have an interest in the land.

(*10*) When an application has been made under sub-section (*1*) and the Board are of opinion that the whole or any part of the land belonging to the applicant is not required for the execution of the scheme but that it is necessary that some adjoining land should be purchased by the applicant and amalgamated with his land or the portion not so required, in order to conform to the general layout of the scheme, they may permit the applicant to execute an agreement to purchase the adjoining land abovementioned and may at the same time fix a fee in consideration of which the land not required for the execution of the scheme may be exempted from acquisition. The price of the land sold together with the sum fixed as exemption fee shall then be dealt with in the manner provided in sub-section (*4*), and if the whole sum payable or any part of it is kept outstanding, it shall be secured as a charge on the applicant's interest in the total area of the land sold to the applicant and of the land exempted. Sub-sections (*5*), (*7*) and (*8*) shall apply to such agreements in the same manner as in the case of total abandonment under the foregoing provisions of this section.

Betterment fee.

Payment of betterment fee.

80. (*1*) When by the making of the drainage and sewerage scheme or any improvement scheme, any land in the area comprised in the scheme which is not required for the execution thereof will, in the opinion of the Board, be increased in value, the Board, in framing the scheme, may, in lieu of providing for the acquisition of such land, declare that a betterment fee shall be payable by the owner of the land or any person having an interest therein in respect of the increase in value of the land resulting from the execution of the scheme.

(*2*) Such betterment fee shall be an amount equal to one-half of the increase in value of the land resulting from the execution of the scheme, and shall be calculated upon the amount by which the value of the land on the completion of the execution of the scheme estimated as if the land were clear of buildings exceeds the value of the land prior to the execution of the scheme estimated in like manner.

Assessment of betterment fee by Board.

81. (*1*) When it appears to the Board that any particular scheme is sufficiently advanced to enable the amount of the betterment fee to be determined, the Board shall, by a resolution passed in this behalf, declare that for the purpose

of determining such fee the execution of the scheme shall be deemed to have been completed and shall thereupon give notice in writing to every person on whom a notice in respect of the land to be assessed has been served under clause (*i*) of sub-section (*1*) of section 47 that the Board propose to assess the amount of the betterment fee payable in respect of such land under section 80.

(*2*) The Board shall then assess the amount of betterment fee payable by each person concerned after giving such person an opportunity to be heard and such person shall, within three months from the date of receipt of notice in writing of such assessment from the Board, inform the Board by a declaration in writing whether he accepts or dissents from the assessment.

(*3*) When the assessment proposed by the Board is accepted by the person concerned within the period specified in sub-section (*2*), such assessment shall be final.

(*4*) If the person concerned dissents from the assessment made by the Board or fails to give the Board the information required by sub-section (*2*) within the period specified therein, the matter shall be determined by arbitrators in the manner provided by section 82.

Settlement of betterment fee by arbitrators.

82. (*1*) For the determination of the matter referred to in sub-section (*4*) of section 81, the State Government shall constitute a panel of arbitrators consisting of two parts, the first part of which shall be composed of persons having special knowledge of the valuation of land and the second part of other suitable persons.

(*2*) When the Board have, in accordance with the provisions of section 81, assessed the amount of betterment fee payable by all persons in respect of land in the area comprised in the scheme, the Board shall serve a notice on all those persons who have dissented from the assessment made by the Board, requiring them to meet at such time and place as may be fixed by the Chairman for the purpose of electing an arbitrator.

(*3*) For each scheme there shall be a body of two arbitrators, one of whom shall be elected by vote by the persons present at the meeting referred to in sub-section (*2*) from one part of the panel, and the other shall be appointed by the State Government from the other part of the panel:

Provided that for the purposes of a particular scheme the State Government may, prior to the election referred to in this sub-section, if it thinks fit, modify either part of the panel.

(*4*) In the event of a difference of opinion on any matter between the two arbitrators, a third arbitrator who shall act as an umpire shall be selected by lot from the first part of the panel, and the decision of the umpire on the matter shall be final.

(*5*) If an arbitrator dies, resigns, becomes disqualified, is removed under sub-section (*6*), or refuses to perform or in the opinion of the State Government neglects to perform or becomes incapable of performing his functions, the authority who elected or appointed him shall forthwith elect or appoint a fit person to take the place of such arbitrator.

(*6*) If the State Government is satisfied after such inquiry as it thinks fit that the arbitrator has misconducted himself, it may remove him.

(*7*) When an award has been made under this section by the arbitrators or the umpire, as the case may be, the award shall be signed by the arbitrators or the umpire, as the case may be, and shall be forwarded by the arbitrators to the Board, and such award shall, subject to the provisions of sub-section (*8*), be final and conclusive and binding on all persons.

(*8*) If the State Government is satisfied, after such inquiry as it thinks fit, that an award has been improperly procured or that an arbitrator has misconducted himself in connection with an award, the State Government may set aside the award.

Fees for arbitrators.

83. The Board shall pay to each arbitrator a fee to be determined by the State Government in respect of the whole of the scheme for which his services are utilized.

Provided that every party to such proceedings shall be entitled to appear before the arbitrators either in person or by his authorized agent.

Board to give notice to persons liable to payment of betterment fees.

85. When the amount of all betterment fees payable in respect of land in the area comprised in the scheme has been determined under section 81 or section 82, as the case may be, the Board shall, by a notice in writing to be served on all persons liable to such payment, fix a date by which such payment shall be made, and interest at the rate of six *per centum per annum* upon any amount outstanding shall be payable from that date.

Agreement to make payment of betterment fee a charge on land.

86. (*1*) Any person liable to the payment of a betterment fee may, at his option, instead of making a payment thereof to the Board, execute an agreement with the Board to leave the said payment outstanding as a charge on his interest in the land, subject to the payment in perpetuity of interest at the rate of six *per centum per annum*, the first annual payment of such interest to be made one year from the date referred to in section 85.

(*2*) Every payment due from any person in respect of a betterment fee and every charge referred to in sub-section (*1*) shall, notwithstanding anything contained in any other enactment and notwithstanding the existence of any mortgage or other charge whether legal or equitable, be the first charge upon the interest of such person in such land.

(*3*) The provisions of sub-sections (*7*), (*8*) and (*9*) of section 79 relating, in the case of the payments mentioned in that section, to the non-payment of instalments of interest, the paying off of the charge with interest and the restrictions in respect of suits against the Board, shall apply, *mutatis mutandis*, to the payment of the money payable under an agreement made in pursuance of sub-section (*1*) and of the interest payable in respect thereof.

In deciding on such a reference the Court shall have regard only to the question whether the land proposed to be taken is reasonably required for the full and unimpaired use of the remaining portion of the house, manufactory or building.".

STATEMENT OF OBJECTS AND REASONS.

The extremely unhygienic condition of the town of Howrah, which may be described as the gateway to the city of Calcutta, has been a matter of serious concern to the Government for a long time past. The need for its improvement has long been recognised on all hands. Attempts were made in the past to provide the necessary machinery for carrying out the improvement of the town of Howrah. Unfortunately, however, this did not materialise so far.

The present Bill seeks to set up a separate Improvement Trust for the improvement of the town of Howrah instead of extending the sphere of the Calcutta Improvement Trust to Howrah. This has been done in order to ensure that undivided attention may be paid to the problems connected with the improvement of Howrah and to facilitate the working of the proposed Trust effectively and efficiently.

The Bill provides for a Trust composed of nine Trustees constituted on principles analogous to those of the Calcutta Improvement Trust.

The Bill provides for—

(*a*) street scheme,
(*b*) general improvement scheme,
(*c*) housing scheme,
(*d*) re-housing scheme, and
(*e*) *bustee* improvement scheme.

In addition to the above, provision has also been made for what is called sewage disposal scheme which ordinarily is a municipal function as in the case of the Calcutta Corporation, but having regard to the financial resources of the Municipality of Howrah, it was considered fit to make the proposed Howrah Improvement Trust responsible for it.

It has been provided that the persons who might be displaced owing to the *bustee* improvement schemes should be provided with alternative accommodation before such schemes are executed.

The Bill provides for a separate Improvement Tribunal as in the case of Calcutta, but it has also been laid down that as a measure of economy, subject to its capacity for additional work, the Calcutta Tribunal may be used for the discharging of duties in respect of the Howrah Improvement Trust also.

When fair rent fixed by the Controller takes effect.

12. When in fixing the fair rent or any increase of rent under section 9 or revising the fair rent under section 11, the rent which was being paid at the time of the application is—

(*Chapter III.—Suits and proceedings for eviction.—Clause 13.*)

(*f*) where the premises are reasonably required by the landlord either for purposes of building or rebuilding or for making thereto substantial additions or alterations or for his own occupation if he is the owner or for the occupation of any person for whose benefit the premises are held;

(*g*) where the premises were let to the tenant for use as residence by reason of his being in the service or employment of the landlord and the tenant has ceased before or after coming into operation of this Act to be in such service or employment;

(*h*) where premises let out for residential purpose have been used for any other purpose for more than four months without the consent in writing of the landlord;

(*i*) where the tenant has made a default in the payment of rent for two months within a period of twelve months or for two successive periods in cases where rent is not payable monthly;

(*j*) where the tenant has given notice to quit, but has failed to deliver vacant possession of the premises to the landlord in accordance with such notice;

(*k*) where the tenant having agreed in writing with the landlord to deliver vacant possession of the premises to the landlord has failed to do so.

Provided that except in cases covered by clause (*f*) or clause (*g*) of sub-section (*1*), no decree or order for ejectment shall be passed against any such sub-tenant unless any of the grounds mentioned in clauses (*b*) to (*e*) and (*h*) apply to him.

(*3*) Save as provided in sub-section (*2*) and sub-section (*4*), a decree or order for the delivery of possession of any premises shall be binding on every sub-tenant.

(*4*) Where the landlord requires the premises on any of the grounds mentioned in clause (*f*) of sub-section (*1*), and the Court is of opinion that such requirement may be substantially satisfied by ejecting the tenant or a sub-tenant from a part only of the premises and allowing the tenant or the sub-tenant to continue in occupation of the rest, then, if the tenant or a sub-tenant agrees to such occupation, the Court shall pass a decree accordingly and fix the proportionate rent for the portion remaining in the occupation of the tenant or the sub-tenant. The rent so fixed shall be deemed to be the fair rent for purposes of this Act. If the tenant does not agree but a sub-tenant agrees to such occupation, no decree or order for ejectment shall be passed against such sub-tenant and such sub-tenant shall become, with effect from the date of the decree or order, a tenant directly holding under the landlord.

(*5*) Where under sub-section (*2*) a decree or order for ejectment is passed against a tenant but not against a sub-tenant, the sub-tenant shall become, with effect from the date of the decree against the tenant, a tenant directly holding under the landlord in respect of the premises in his occupation and he shall pay such rent as may be fixed by the Court.

The rent so fixed shall be deemed to be the fair rent for purposes of this Act.

(*6*) Notwithstanding anything in any other law for the time being in force, no suit or proceeding for the recovery of possession of any premises on any of the grounds mentioned in sub-section (*1*) except the grounds mentioned in clauses (*j*) and (*k*) of that sub-section shall be filed by the landlord unless he has given to the tenant one month's notice expiring with a month of the tenancy.

(*2*) If upon an order being made under sub-section (*1*)—

The Controller shall not pass any order of forfeiture until after the expiry of 30 days from the date of issue of such notice by post. The cost of transmission by post and the cost of publication of such notice shall be deducted from the amount in deposit in accordance with such rules as may be prescribed

(*8*) If at the time of filing the petition mentioned in sub-section (*5*), but not after the expiry of thirty days from receiving the notice of deposit, the landlord or the person or persons mentioned in sub-section (*3*) complain to the Controller that the statements in the tenant's application of the reasons and circumstances which led him to deposit the rent are untrue, the Controller, after giving the tenant an opportunity of being heard, may levy on the tenant a fine which may extend to an amount equal to two months' rent or one hundred rupees, whichever is more, if he is satisfied that the said statements were materially untrue and may order that a sum out of the fine realised be paid to the landlord as compensation.

Time-limit for making deposit and consequences of incorrect particulars in application for deposit.

22. (*1*) No rent deposited under section 21 shall be considered to have been validly deposited under that section for purposes of clause (*i*) of sub-section (*1*) of section 13, unless deposited within fifteen days of the time fixed by the contract in writing for payment of the rent, or in the absence of such contract in writing unless deposited within the last day of the month following that for which the rent was payable.

(*2*) No such deposit shall be considered to have been validly made for the purposes of the said clause if the tenant wilfully or negligently makes any false statement in his application for depositing the rent, unless the landlord has withdrawn the amount deposited before the date of institution of a suit or proceeding for recovery of possession of the premises from the tenant.

(*3*) If the rent is deposited within the time mentioned in sub-section (*1*), and does not cease to be a valid deposit for the reason mentioned in sub-section (*2*), the deposit shall constitute payment of rent to the landlord as if the amount deposited has been valid legal tender of rent if tendered to the landlord on the date fixed by the contract for payment of rent when there is such a contract, or, in the absence of any contract, on the fifteenth day of the month next following that for which rent is payable.

(Chapter IV.—Deposit of rent.—Clauses 23—25.—Chapter V.—Appointment of the Controller and other Officers, their powers and functions.—Clause 26.)

Saving as to acceptance of rent.

23. The withdrawal of rent deposited under section 21, in the manner provided therein, shall not operate as an admission against the person withdrawing it of the correctness of the rate of rent, the period of default, the amount due, or of any other facts stated in the tenant's application for depositing the rent under the said section, nor shall it operate as a waiver of any notice to quit given by him to the tenant except a notice on the ground of default referred to in clause (*i*) of sub-section (*1*) of section 13.

Where there shall be a waiver of default.

24. When there is no proceeding pending in Court for the recovery of possession of the premises, the acceptance of rent in respect of the period of default in payment of rent by the landlord from the tenant shall operate as a waiver of such default.

25. (*1*) Every tenant who makes a payment of rent to his landlord shall be entitled to obtain forthwith from the landlord or his authorised agent a written receipt for the amount paid by him, signed by the landlord or his authorised agent.

Penalty for disturbances of easements, etc.

31. Payment and recovery of fine.

32. Any fine imposed or any sum ordered to be paid under this Act shall be paid by the person fined or ordered to pay the same in the prescribed manner within such time as may be allowed by the Controller and the Controller may for good and sufficient reason extend the time allowed by him. Limitation for complaints.

33. No complaint under section 30 or section 31 shall be brought against a person after the expiration of six months from the date of the commission of the act in respect of which the complaint is brought.

Making of repairs and taking of measures for the maintenance of essential services

34. (*1*) The Controller shall, on application made to him in this behalf by any tenant in possession of any premises, cause a notice to be served in the prescribed manner on the landlord thereof requiring him to make such repairs in the premises or to take such measures for the due maintenance therein of any essential supply or service, such as measures for the maintenance for the supply of water, gas or electricity, the maintenance of conservancy or sanitary service or the maintenance of any lift, as the landlord may be bound to make or take, as the case may be, under the conditions of the tenancy or as the Controller may consider reasonable.

(*2*) If after the service of such notice the landlord fails to show proper cause or neglects to make such repairs or to take within reasonable time such measures, as the case may be, the tenant may submit to the Controller an estimate of the cost of such repairs or measures, and may apply to him for permission to make such repairs or to take such measures himself and, thereupon, the Controller may, after giving the landlord an opportunity of being heard and after considering such estimate of the cost and making such inquiries as he may consider necessary, by an order in writing, permit the tenant to make such repairs or to take such measures at such cost as may be specified in the order and it shall thereafter be lawful for the tenant to make such repairs or to take such measures himself and to deduct the cost thereof which shall in no case exceed the amount so specified, from the rent or otherwise recover it from the landlord:

Provided that the amount so deducted or recoverable in any year shall not exceed one-twelfth of the rent payable by the tenant for that year:

Provided further that if the repairs or measures though necessary in the opinion of the Controller exceed in cost the said amount, and the tenant agrees to bear the excess cost himself, the Controller may permit the tenant to make such repairs or take such measures.

(*3*) Notwithstanding anything contained in any law for the time being in force and in the absence of any agreement to the contrary, it shall be the duty of every landlord to keep any premises let out for residential purposes wind and water tight. If the landlord fails to do so, the provisions of sub-section (*1*) and sub-section (*2*) shall apply but without the limitation referred to in sub-section (*2*) as to the amount to be deducted or recovered. In such a case, however, the landlord shall be entitled to apply to the Controller to revise the rent payable for the premises and to fix the fair rent after taking into consideration the cost of such repairs. Rent so fixed shall be deemed to be fair rent for purposes of this Act.

(Chapter VII.—Penalties and Miscellaneous.—Clauses 35—41.)

Taking of measures by tenant in case of emergency.

35. If the necessity for making any repairs or for taking any measures referred to in section 34, is so urgent that any delay involved in the procedure referred to therein is likely to subject the tenant to personal loss, damage or serious inconvenience then notwithstanding such procedure, the tenant may himself cause the notice referred to in section 34 to be served in the prescribed manner on the landlord requiring him to undertake such repairs or to take such measures within seventy-two hours of the service of such notice and shall in every such case submit, at the same time, a copy of such notice to the Controller together with an estimate of the cost of such repairs or measures to enable the Controller to make such enquiries as he may consider necessary about the necessity of such repairs or measures and the correctness of the estimate so submitted. The Controller shall make immediate enquiry and order the tenant to undertake such repairs or take such measures if the landlord fails to undertake such repairs or take such measures within the time mentioned in the notice. After the completion of such repairs or measures the tenant shall submit to the Controller a statement of the costs thereof and thereafter the Controller, after giving the landlord an opportunity of being heard and making such further inquiries as he may consider necessary, may, by an order in writing, determine the amount of the costs which the tenant is entitled to recover from the landlord, and the tenant may thereupon deduct the amount so determined from the rent or otherwise recover it from the landlord subject to such limits as are referred to in section 34.

IX of 1910.

(*2*) On receipt of such application, the Controller, after giving the landlord and the owner of the premises, if he be not the landlord, an opportunity of being heard, permit the tenant to get the supply in accordance with the scheme set out in the tenant's application or in accordance with any modified scheme.

(*3*) On such permission being given, notwithstanding anything contained in any other law for the time being in force, the owner shall be deemed to have given the requisite consent under sub-section (*2*) of section 12 of the Indian Electricity Act, 1910, and the licensee shall not be liable to the owner for trespass for steps taken for supply of electricity according to the said permission.

Controller to be a public servant.

(*2*) In particular and without prejudice to the generality of the foregoing powers, such rules may provide for all or any of the matters which, under any provision of this Act, are required to be prescribed or to be provided for by rules including charging or remitting of costs and fees and the fixation of the scale of costs and fees.

(*3*) All rules made under this Act shall, as soon as may be after they have come into force, be laid before the State Legislature.

THE SCHEDULE

(*See* section 20.)

(*i*) when the rent payable for one month for the premises exceeds Rs.500—The Calcutta High Court,

(*ii*) in all other cases—

The Chief Judge of the Court of Small Causes of Calcutta, who shall entertain and try the suit as a Court of District Judge under the Bengal Agra and Assam Civil Courts Act, 1887: XII of 1887.

Provided that he shall be entitled to transfer the suit for trial to any other Judge of the Court of Small Causes of Calcutta who shall try it as a Court of Subordinate Judge under the Bengal, Agra and Assam Civil Courts Act, 1887.

(*2*) Where the premises are situate on land, wholly or partly outside the Ordinary Original Civil Jurisdiction of the Calcutta High Court—The Court other than the Calcutta High Court, which would have had jurisdiction to try the suit if this Act were not passed.

STATEMENT OF OBJECTS AND REASONS.

To meet the situation brought about by acute shortage of housing accommodation in urban areas in consequence of the last World War and to prevent rack-renting and arbitrary eviction of tenants in respect of premises the Bengal House Rent Control Order, 1942, was promulgated under the Defence of India Rules. This was followed by the Calcutta House Rent Control Order, 1943, the Calcutta Rent Ordinance, 1946, and the West Bengal Premises Rent Control (Temporary Provisions) Acts, 1948 and 1950. As the housing problem had not noticeably eased, every succeeding enactment for control of house rent widened the scope of the previous one and covered more matters of relationship between the landlord and tenant. The Act of 1950 was to have remained in force up to the 31st day of March, 1953. But as there was a growing concentration of people in town areas particularly in Calcutta and its suburbs and as construction of new premises was far too inadequate, it became necessary to extend the life of this Act up to the 31st day of March, 1956. Meanwhile a large number of representations were made to the Government by various public bodies and Associations representing all interests for a more comprehensive measure for regulating the rights and obligations of landlords and tenants. Government have considered the suggestions made to them. It is realised that these temporary enactments which have already remained in force for over thirteen years have stood in the way of more investment on buildings and a better relationship between a landlord and a tenant. Accordingly it is proposed to enact a permanent measure for the regulation of the incidents of tenancy in respect of premises in Calcutta and some other areas in West Bengal and to provide for the following matters, namely—

(1) fixation of fair rent and the circumstances under which such rent can be increased or revised,

(2) protection of tenants against eviction and the grounds on which a landlord shall be entitled to recover possession of any premises,

(3) the conditions under which a tenant shall be entitled to get the benefit of protection against eviction,

(4) restrictions on sub-letting, transfer or assignment except without the previous consent of the landlord,

(5) obligations of the tenant and sub-tenant to notify creation or termination of every sub-tenancy,

(6) the position of sub-tenants who were inducted before the commencement of this Act without the previous consent of the landlord,

(7) deposit of rent,

(8) making of repairs and taking measures which are necessary to keep the premises wind and water tight and maintenance of essential services,

(9) penalties for recovery of rent in excess of fair rent or for doing anything by a person in contravention of the provisions of the Act, and

(10) certain other connected and necessary matters.

The Bill has been framed with the aforesaid objects in view.

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was received from Shri Dibakar Paul, an employee of Clive Mills Co., Ltd., 43/1, Garden Reach, 24-Parganas, one of the said Jute Mills before the said Tribunal against the said Company alleging that the said Company had discharged the said employee concerned in such disputes;

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, made by Shri Dibakar Paul against Clive Mills Co., Ltd., in connection with Government of West Bengal, Department of Labour, order Nos. 1988Dis./D/7L-48(A)/53, 3398Dis./D/3A-10/54 and 3537Dis./D/7L-47/54, dated 7th April 1954, 12th July 1954 and 21st July 1954, respectively referring certain industrial disputes between 101 Jute Mills in West Bengal and their workmen.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJEE, *District Judge (Retd.), Chairman.*
SHRI S. C. MUKHERJEE, *District Judge, Member.*

For the workmen: Shri J. Pandey.
For the Company: Shri B. Roy Choudhury, Counsel.

AWARD.

While the aforesaid dispute was pending Shri Dibakar Paul, one of the workers of the said Mill applied under section 33A complaining that he had been in the employ of the Company since 1st January 1944, that the Company did not take any permission from the Tribunal but had illegally locked him out, that the petitioner continued to work till 3rd of August 1954, that his attendance was recorded on that date, that on 4th of August Manager made a cross against the petitioner's name and that as the lock-out is illegal the petitioner was entitled to be reinstated with back pay.

Notice of the aforesaid application having been served on the opposite party, the Company filed its written statement on 12th November 1954 alleging that on account of the abolition of the ration shop the said employee who was working in the ration shop was surplus and as such he was laid off from 1st August 1954, that the petitioner worked up to the end of July not up to 3rd of August as stated in the petition, that he was selected for retrenchment with due regard to the principle of last come first go and that he has only been laid off and not locked out as alleged.

The only points for decision are:—

(1) Whether the service of the petitioner can be terminated as alleged?

(2) To what compensation he is entitled?

DECISION.

Point 1.—The application under section 33 was filed on 6th December 1954 long after the opposite party had come to Court with an application under section 33A complaining their lay off as being illegal. This application was filed on 29th October 1954 and the Company replied on 12th November 1954. At the same time they made the present application

under section 33 on 6th December 1954. The lay off in this case was effected with intent to terminate the services of the opposite parties, as such it is not a lay off as contemplated by the standing orders. Hence, as lay off was effected without permission of the Tribunal, there was already a violation of the principles of section 33 of the Industrial Disputes Act. This, however, does not invalidate the order of the Management by itself. This only puts the Court to enquiry into the merits of the case. As there has been a violation of the principles of social justice on account of the order of the Manager being made without taking permission of the Tribunal, there is, however, no evidence that Manager's order was *mala fide*.

It is contended by the learned Counsel of the Company that the rationing department was a water-tight department. He admitted that there had been transfers from the ration department to the general department. He, however, contended that there had been no transfer from the General Department to ration department, as such it is a water-tight department. In view of the evidence and circumstances we are not prepared to accept the contention. Admittedly the Company had a common list of employees of all the departments including the ration department and the Welfare Department and there had been confirmations of clerks in their posts from all these departments. The payment of wages is also made from the same establishment register—all the departments being shown under separate heads. There had been also admitted transfers from ration shop to general department and there had been at least one transfer from the Labour Office to the ration shop. The name of the clerk who was so transferred is Indra Bhusan Bhattacharji. Manager wanted to say that this clerk left the service of the Labour Office and took up a new employment in the ration shop. This story is unworthy of belief for nobody would ordinarily like to come to ration shop from the General Department. Taking the whole circumstances and evidence into consideration we hold that the ration shop department and welfare department cannot be treated as water-tight departments. It is admitted that the welfare shop existed for at least 25 years from long before the introduction of rationing system. After the introduction of the rationing system Welfare Shop used to serve the Company's employees and the ration shop used to serve the dependants of the employees. These two departments were thus mixed up. We hold that the ration shop department was never intended to be kept as water-tight department. As a result of this, however, the clerks of both the departments were rendered surplus when the ration system was withdrawn.

The next question is as regards the personnel to be retrenched. For selection of personnel to be retrenched, the Company is bound, as held in the case reported 1955(1) in L.L.J., page 641, to take the clerks of all the departments into the pool in order to apply the principle of last come first go. From the evidence of O.P.Ws. 1 and 2 it appears that Dibakar Paul joined the Welfare Shop in March 1942. His evidence is that Laksmi Narayan Poddar, Jethmal Bhatia, Prithiraj Kadia, Debi Prosad Lohia, Madan Lal Sharma, Gouri Shankar Deb Sarkar, Hanuman Prosad Dalmia, Sib Krishna Pal, Arabinda Ghosh, Jatendranath Niyogi, Mahabir Prosad Bajoria, Raghunath Pandey, Debi Prosad Sharma, Haripada Sarkar, Surajmal Gupta, Kamal Krishna Sarkar, Indra Mohan Dey, Banshidhar Prosad, Satya Narayan Sharma and Banwarilal Sharma (in all 20 persons) are all juniors to him. Company contended that he was a temporary worker in a temporary department. But at least 3 of the clerks of this department namely, Nanda Lal Bhattacharji, Indu Bhusan Bhattacharji and Durgadas Roy were made permanent. It was contended that

they were made permanent in the temporary establishment and for this reference was made to the entry of the words "temporary establishment" against the name of Durgadas Roy. But the entry itself was open to suspicion and we are not prepared to act upon it. The confirmation of these persons against temporary department leads us only to one conclusion that these departments were never considered as a water-tight department but they were a part of the establishment. Dibakar Paul contended that he applied to the Company for deduction of his Provident Fund and for making him permanent but the Company due to unfair labour practice refrained from giving effect to his prayer. But even this unfair labour practice apart, the Company was also bound to give effect to the question of the principle of last come first go as amongst temporary workers. The Company also did not try to explain the alleged violation of this principle in the case of the present employee Dibakar. Thus if all the clerks in the general establishment were taken in one pool, all the persons named by Dibakar will turn out to be junior to him. Even in the ration shop itself, we find on examination of the Register M3 that there was only one clerk namely, Indra Mohan Bhattacharji who still appears to be a temporary clerk and who is junior to Dibakar Paul. In other departments there are other clerks namely, Raghu Nath Pandey and Hari Pada Sarkar who are also junior to him. Under the circumstances in selecting of Dibakar Paul there has been violation of the principle of last come first go and consequently, the Company cannot be given permission to retrench him.

Point 2.—As the petitioner has failed to prove that the company has acted *mala fide* in laying him off, the lay off must be held to be justified in view of the fact that the petitioner became surplus as a result of derationing. Under the Amended Act, therefore, the petitioner was entitled to 50 per cent. of the total basic wages and dearness allowance that would have been payable had he not been so laid off. In the present case, however, it is complained that the petitioner worked up to 3rd of August and that the Manager has wrongfully put cross against his name on 4th of August 1954. His only reply is that he cannot say unless he brings the books, whether he worked up to 3rd August. Manager admittedly crossed his name on 4th of August. As these people were allowed to sign the attendance register, it must be presumed that they worked up to that date, *i.e.*, up till 3rd of August. So the petitioner will get his full pay for this period and the period of lay off will start on 4th of August 1954 and his dues will be computed accordingly.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

Appearances.

For the employee: Shri Madan Mohan Saha, Advocate.

For the Company: None.

On his summary dismissal by Messrs. Gouri Knitting Factory, Shri Sachindra Nath Sen Sarma, an employee, moved the Labour Department, Government of West Bengal, for redress. Conciliation proceedings having come to naught, the dispute was referred to this Tribunal by Government of West Bengal, order No. 2671/Dis./D/11L-220/55, dated Calcutta, the 14th June 1955.

Notice issued under Registered Post to the Company was refused. It must hence be treated as duly served. The matter was accordingly heard *ex parte*.

Sachindra Sen Sarma was employed in the Machine Department since 28th January 1952. He was drawing Rs. 110 as consolidated wages. Wages for the months of July, August, September, and October 1954 fell into arrears. Naturally the employee pressed for payment of the wages. For reasons best known to the management the wages were not paid. On the other hand, the demands made by the worker put the proprietors into ill humour. On 12th November 1954, when the employee reiterated his demand

for the wages due, he was told that he was dismissed and was turned out of the factory. The proprietors proceeded in the most arbitrary manner assigning no reason for the summary dismissal. The employee is therefore entitled to reinstatement and also to recover all his wages.

The Company must reinstate Shri Sachindra Nath Sen Sarma and pay the back wages for the months July, August, September, and October 1954. He must be paid wages for the whole period of unemployment up to the date of reinstatement. Reinstatement and payment be made within seven days from the date of publication of the award in the *Calcutta Gazette*.

This is my award.

PRESENT:

Appearances.

For the Company: Shri P. R. Mookherjee, M.A., L.L B

For the workmen: None.

The original reference out of which this complaint under section 33A of the Industrial Disputes Act has arisen was made under Government order No. 18Dis./D/10L-169/53, dated the 5th January 1954.

AWARD.

This is an application under section 33A of the Industrial Disputes Act, by one Shri Mukul Chandra Bhattacharjee who was discharged by the Company (opposite party) during the pendency of the reference above stated. When the application was taken up for hearing the applicant did not appear before the Tribunal. The matter was hence heard *ex parte*. The Company adduced all relevant evidence.

Shri Mukul Chandra Bhattacharjee was appointed temporarily as an apprentice on 18th December 1953. The period of apprenticeship was due to expire on 7th December 1954. On the report of the factory Supervisor that the apprentice did not acquit himself satisfactorily, the Company refused to confirm him and terminated his services. The first question to be considered is whether in taking the action, the Company had contravened the provisions of section 33 of the Industrial Disputes Act. The learned lawyer for the Company submitted that the services of the apprentice terminated automatically on the expiry of the period of apprenticeship. With all respect, I cannot subscribe to this view. Under the terms of the agreement, Ext. B, the apprentice could expect confirmation after completion of 12 months"

training if his work was found satisfactory. The Company no doubt reserved the right to put an end to his apprenticeship within the period of 12 month. No such notice of earlier termination was in fact given. If on completion of the period of training the Company was satisfied that the quality of his work was not upto the mark, he could be thrown out of employment. Confirmation or termination of service depended on the quality of the work. In my view therefore it cannot be urged that his services terminated automatically on completion of 12 months' training period. Reference was made to a decision of the Central Government Industrial Tribunal, reported in 1954, 2 L.L.J., page 377, in which it was held that the dismissal of a probationer workman on the ground that he was not suitable to be confirmed could not be held to be in contravention of section 33 of the Industrial Disputes Act even if such dismissal was effected during the pendency of adjudication proceeding, before an Industrial Tribunal without its permission. This decision supports the contention of the learned lawyer that no permission was necessary.

Assuming that permission of the Tribunal was necessary, the merits must still be gone into. During the period of his apprenticeship, Mukul Bhattacharjee proved abundantly by his conduct that he was not fit for confirmation. On the 31st of March 1954, a warning notice Ext. B(1) was served which shows that he was an indifferent worker. Again on the 18th of September 1954, he was found wasting time in idle gossip. Ext. B(2) is the warning notice served on that occasion. On the 18th of November, a charge-sheet was served on him on account of his damaging 163 battery plates. No explanation was submitted in reply to the charge framed. The management refrained from taking any action as the period of apprenticeship was due to expire on 7th December 1954. Having regard to the nature of the work done by this apprentice and the estimates of his worth formed by the management, it was open to the Company to refuse confirmation. On this point the decision of the management must be respected. The order terminating the services of the petitioner was in conformity with the terms of his appointment in which the management stipulated clearly that he would be confirmed on rendering satisfactory service. The order of the management must hence be up-held. The application under section 33A of the Industrial Disputes Act is hereby rejected.

In the matter of an industrial dispute between Salt Supply Agency, 24, Brabourne Road, Calcutta and their employee Shri Satish Chandra Roy, 5/2, Canal East Road, Calcutta.

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

DR. B. K. BHATTACHARYA, M.A., LL.B., Ph.D. (London), *Barrister-at-Law, District Judge, Judge, Seventh Industrial Tribunal*

APPEARANCE:

For the workman: Shri Suprabhat Mukherjee.

For the Company: Shri L. N. Jalan, Advocate.

This industrial dispute between Salt Supply Agency, 24, Brabourne Road, Calcutta and their employee Shri Satish Chandra Roy, 5/2, Canal East Road, Calcutta, regarding the matters mentioned below in the issue was referred to this Tribunal for its adjudication under Government of West Bengal, Labour Department, order No. 1945Dis./D/11L-76/55, dated the 4th May 1955.

The case relates to an alleged wrongful dismissal.

The employee in question, Shri Satish Chandra Roy (S. C. Roy), alleges *inter alia* in the written statement that he was wrongfully dismissed from service—without any charge-sheet and without any written order of dismissal—and was not given the salaries for the months of June and July 1954. According to him he attended the office till the end of June 1954.

The Company in its written statement filed before the Tribunal has stated *inter alia* as follows: The Company had to incur heavy losses due to his acting negligently and irresponsibly. At times he did not attend the Railway authorities whereby the Company had to forego its Priority of Wagons. It is needless to point out that losing of priority means a loss of at least Rs. 300 per wagon. He, when orally warned that his services would be dispensed with, always pleaded his old age and that he had to look after the affairs of his family and as such he should be kept in employment. It was purely due to humanitarian reason that in spite of his being negligent,

and irregular, he was kept in employment. But there is a limit to everything. In the end, he was discharged after giving him more than sufficient notice and warning.

The following issue arose:—

(1) Whether the dismissal of Shri Satish Chandra Roy is justified. What relief is he entitled to?

FINDINGS.

The Working Partner of the Company, Shri Mathura Prasad Goel, has admitted that no written charge-sheet was given to Shri Roy and that no written notice of dismissal was served on him. That here has been flagrant violation of the principles of natural justice cannot be gainsaid.

At the outset it may be stated that the Company in its written statement has not made "absence without sanction" a ground for dismissal. Paragraph 1(a) of the written statement is clear. It is true that in paragraph 1(c) of the said statement the Company has mentioned that the contents of paragraph 1 of its previous reply were reiterated but the previous reply has not been proved and is not an exhibit here. The written statements which the parties are called upon to file before the Tribunal must be self-contained. In the circumstances the Tribunal will confine itself to the consideration whether there was any inefficiency as stated in paragraph 1(a) of the written statement, of which a relevant extract has been given above.

The Managing Partner, Shri Goel, has stated at the time of hearing that as Shri Roy could not submit in time applications for wagons on account of absence due to illness, the firm did not get allotment, or priority in allotment, of wagons from the Railway. *Prima facie*, illness has been stated as a ground. Negligence and irresponsibility, mentioned in the written statement, have not been stated by Shri Goel at the time of hearing. Supply of wagons is dependent on various circumstances and a poor clerk in a firm cannot be blamed if priority is not secured. Shri Roy has vehemently denied any negligence in this respect. In the circumstances it cannot but be held that the charge of inefficiency or irresponsibility is without any foundation. The order of dismissal, in my opinion, was utterly unjustified and the procedure adopted was most uncommon. Ordinarily, therefore, the order of the Tribunal would have been one of reinstatement, but Shri Roy does not want that. He has pressed for adequate compensation only.

As regards the claim for bonus for 1952-53, Shri Goel has given a denial and Shri Roy has not been able to prove his claim. In the circumstances, no such amount can be allowed in favour of Shri Roy.

The employee has claimed Dastoori or commission. In his deposition Shri Roy has mentioned that this commission was to be paid at the end of every year. Shri Goel has denied the system of Dastoori. In my opinion, in the circumstances, Shri Roy is not entitled to any amount by way of Dastoori.

In the written statement mention has been made of withholding salaries for the months of June and July only. But at the time of hearing, the employee confines his claim to May and June. He admits that he was absent for about 7 days in April 1954 and about 21 days in May 1954. Shri Goel would have us believe that he gave verbal notice of dismissal to Shri Roy in March, to be effective from the 1st day of April. But it appears that 8 days' salary for April was paid to Shri Roy, and the

Attendance Register shows that he was present from 10th April to 17th April 1954 at least. He was also paid, as indicated in the Pay Roll, salary for these 8 days of April on 2nd June 1954, the date when Shri Roy signed the entry. The Attendance Register of the Company does not bear the name of Shri Roy on and from May 1954. Shri Roy has admitted that he was absent for about 21 days in May 1954. There is nothing to show that he joined his duties thereafter. According to him, he applied for leave by post. This application admittedly was not sent by registered post. His son, who is said to have posted the letter, has not been examined. On an anxious consideration of the facts and circumstances of the case, I am of opinion that Shri Roy did not actually do any work in May and June though he might have attended the office as an old employee with 11 years' service to his credit.

Shri Roy is entitled to one month's pay in lieu of notice. Further, he should be awarded by way of compensation 10 months' salary at the rate of Rs. 70 per mensem. This amount, in my opinion, is not heavy for in the event of reinstatement (which he would have got for the mere asking) he would have received arrears of pay for more than a year, not to mention the high-handed and arbitrary manner of his dismissal.

The aforesaid amount of Rs 770 in all must be paid by the Company to Shri Satish Chandra Roy (S. C. Roy) within 10 days from the date when the award becomes enforceable after its publication in the *Calcutta Gazette*.

The award is made accordingly.

ANNEXURE.

In the matter of an industrial dispute existing between Messrs. National Carbon Company (India), Ltd., 5, Rustomji Parsee Road, Calcutta-2 and their hourly-rated workmen represented by National Carbon Mazdoor Union, 1, Joy Bhattacharyya Lane, Calcutta-3, National Carbon Workers' Union, 29/10, Cossipore Road, Upper Floor, Cossipore, Calcutta-2 and National Carbon Sramik Union, 29, Barrackpore Trunk Road, Cossipore, Calcutta-2.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. PALIT, *District Judge, Chairman, Fifth Industrial Tribunal.*

Present for the Company: Shri J. N. Chatterji, Assistant Labour Adviser of the Indian Engineering Association.

Present for the Unions: (1) Shri Panchanan Bhattacharyya, on behalf of the National Carbon Mazdoor Union, (2) Shri Patit Paban Pathak and Shri Birendra Nath Bhattacharyya, on behalf of the National Carbon Workers' Union and (3) Shri Kamekshya Guha, on behalf of the National Carbon Sramik Union.

1. By Government order No. 1858Dis./D/10L-57/53, dated the 21st May 1953 and the subsequent addendum No. 2820Dis./D/10L-57/53, dated the 30th July 1953, the aforesaid dispute was referred to the Fifth Industrial Tribunal, presided over by me, under the section 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under the section 7 of the Act by the notification No. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 27th May 1953. The Sramik Union filed its written statement on 22nd June 1953. The Mazdoor Union filed written statement on 11th July 1953. The Company filed its written objection on 22nd August 1953. The Workers' Union filed its written statement on 29th August 1953. There was a petition for an interim relief filed on 5th October 1953. The order was passed on this petition on 2nd December 1953 rejecting the prayer for interim relief. The case was then sent to the Labour Appellate Tribunal. It was received back on 25th February 1955. The case was taken up for hearing on 18th April 1955. Then there was a talk of compromise, but it did not materialise. The case was actually heard on 13th May 1955, 14th May 1955 and 16th May 1955, when the argument was concluded, and the award was reserved.

3. The issues contained in the schedule to the order of reference stand as follows:—

(1) Increment in rates and grades.

(2) Bonus.

(3) When a workman is transferred to a different job, whether his rates of wages, etc., should remain unchanged or not.

(4) Free quarters.

AWARD.

Issue No. 2.

4. I take up the second issue first for the sake of convenience. This issue relates to the claim of bonus for the year 1952. Though the issue is not very clear and specific about the year relating to bonus in question, the written statements of the parties concerned would confine the claim of bonus to the year 1952. During the hearing the Unions stretched out the claim on this head to include the years 1953 and 1954. But I am afraid, I cannot allow this for the simple reason that the reference was made to this Tribunal on the 21st May 1953. So this Tribunal cannot take cognisance of the bonus claim of the years subsequent to the date of the reference of the dispute. Besides, as I have already shown, the claim should be confined within the scope chalked out in the written statements of the parties made before the Tribunal. If it is allowed to be expanded during the trial, the parties may naturally be handicapped for obvious reasons. This might mean springing a surprise. They might evidently not be prepared to meet the case. So I turn down the contention of the Unions that the claim for bonus in the present case should go beyond the year 1952. I take it as confined only to the year 1952.

The Company wants to defeat this claim of bonus for the year 1952, firstly, on the ground that the Company introduced a Joint Contributory Fund in response to the claim of bonus by the workers. This was initiated in 1949. Later on, in September 1950, its rules were amended, and the rate of contribution was raised from 1 anna to 2¼ annas per rupee. The workers accepted this system of contribution and received the benefit thereunder in respect of the year 1952. So their claim re-agitating this matter is said to be untenable. Secondly, the Company refers to certain other engineering firms and shows that bonus granted by them falls much short of what the workers are claiming here. The workers originally claimed 3 months' basic salary as bonus, and later on it was raised to 6 months' basic salary. This is being claimed irrespective of the Joint Contributory Fund, already referred to. By the Ext. B1, the Company shows from a newspaper article that the benefit given under this system of Joint Contributory Fund works out to 2 months' basic salary of the employees, and that this system was introduced in answer to the claim for bonus of the workers. But I am afraid, I cannot accept this contention of the Company to defeat the legitimate claim of the workers based on the quantum of profits. Even if the agreement Ext. F is taken on its face-value, it does not cover the whole of the year 1952. There can be no question of estoppel or waiver of claim, as the Company would ask the Court to believe. That the Joint Contributory Fund differs essentially from bonus in its very nature will appear from the following considerations, apart from others. The fundamental nature or characteristic of bonus is that it depends on profits. The claim of the workers to profits is based on the fact that profit is earned by the conjoint efforts on the part of the workmen and the employer in the shape of supplying capital. If there is no profit, there is no bonus. But in the case of the Joint Contributory Fund system, this rule does not hold good. The workers lay by a part of their earnings, and hand-over the same to the employer to be kept in his custody for them. The employer, to encourage this saving propensity on the part of his workmen, makes in return generous contribution against those savings equivalent to the sum laid by a workman. Now, whether there is profit or not, this system can continue. Besides, the workmen cannot claim legally this contribution of the employer. It is entirely *ex-gratia*. But in the case of bonus, the matter stands on a different footing. It can be extorted even from the unwilling hands of an employer,

and it does not depend on the bounty of the employer. So the nature of "bonus" and the nature of this Joint Contributory Fund are different. Besides, the membership of this Joint Contributory Fund is not compulsory. So it is not obligatory that every workman should make contribution to the said Fund. If one does not do so, he is deprived of the benefit under the said system. But in the case of bonus, the position is not like this. A workman can claim bonus when as a result of his effort any profit has been earned. So it can never be said that the benefit under the Contributory Fund was in fact a substitute for bonus. So, if the workmen now say that they can claim bonus in spite of the introduction of this Joint Contributory Fund, I do not think their claim can be defeated by the Company. The workmen asked for bonus, and the Company gave them the above system. But by that the Company cannot say that the workmen's claim has been met. If one asks for bread, and he is given stone, it cannot be said that the claim has been satisfied or has been answered. So in that view of the matter, I think, the question of waiver or estoppel that the Company has raised here is totally misconceived. But, as the employer had been under the impression that it was meeting the "bonus claim" of the workers, and was giving some sort of benefit to them, and also as the workmen accepted the same in turn to account for the said benefit, I think, in equity, while reckoning the bonus claim of 1952, deduction of the amount received by the workers under the Joint Contributory Fund from the quantum of bonus granted should be awarded.

Next, I come to the actual calculation and computation of bonus for the year 1952. Here the Company has preferred not to produce its balance sheet. Neither does it want to disclose the profits it made in the year 1952. The Company meets the demand of the workers for production of the balance sheet by saying that it is not bound to produce it because it does not plead any financial incapacity to pay. So the position is that the Company asks the Tribunal to assume any amount of profit it has been making. The Tribunal is free to award any quantum of bonus it likes. But to keep the quantum of bonus within a certain limit, it has produced a chart showing the amount of bonus that the other engineering firms are giving to their workers. This is, indeed, a queer method of placing things. But the reference to other engineering firms on this point is practically out of place in the present case. The Tribunal has not been supplied with circumstances under which the engineering firms referred to gave those particular amounts of bonus. This Tribunal has also not been furnished with the amounts of profit they had made. So, the reference to the quantum of bonus as given by other engineering firms cannot stand the Company in good stead in the present case. If the matter before the Tribunal was what should be the customary bonus in the case of engineering firms, which is absurd in the context of the conception of bonus, as we have now, such reference might have been relevant. As it is, I can very well treat this reference to other engineering firms with scant ceremony. In the present case, though it will be to a certain extent arbitrary, but it cannot be otherwise because of the Company's peculiar attitude, I grant 3 months' basic pay of the workers as bonus for the year 1952. From the Company's own Ext. viz., Ext. B1, I find that the benefit under the Joint Contributory Fund works out to 2 months' basic salary. So the Company will have to pay (3—2) one more month's basic salary as bonus for the year 1952, besides the benefit under the Joint Contributory Fund already given. But this benefit is confined to workers whose names are on the muster roll for the bonus year 1952, and who have rendered at least 3 months' service during that period. But those workers who have been deprived of the benefit under the Joint Contributory Fund for the year 1952, shall get 3 months' basic salary as bonus for the said year. This is made payable within one month of the award coming into operation.

Issue No. 3.

The Company has evolved a system of Incentive Wage which it calls "job premium". Under it the workers are given their basic pay and dearness allowance, and over and above, an extra payment which is proportionate to the output put in by the respective workers. This increases the earnings of the workers considerably. So the system, as such, seems to be helpful to the workers, so far as their total earning is concerned. But their grievance is that when a particular workman is transferred from the incentive-wage-giving department, he merely gets his basic pay and dearness allowance which together falls far short of his previous total earnings. It is alleged that the Company punish people and transfer them from the Incentive Wage Department by way of penalty. The Company, of course, denies this. The Company contends that when orders are being received in abundance, surplus men are drafted from other departments to cope with the extra requirements. But when the order is executed, and the condition returns to normalcy, these extra men drafted become surplus. So there is no scope left for the Company to keep them in the department where the Incentive Wage is available. I am inclined to accept this version of the Company. I, however, ask the Company not to resort to such reversion or transfer by way of penalty. I had a joint consultation with the workmen and the Company's representatives just to take steps that the benefits of the Incentive Wage system might be given to all and sundry, provided they are efficient, so that there might not be any discrimination or any preferential dealing in their matter of earnings between workman and workman. The Company has agreed to this and has offered to keep a register and to make a pool from which surplus workmen would be drafted. The Company will try to make the benefit of this Incentive Wage system available to as many people as possible, subject, of course, to their efficiency. So I answer the issue saying that when a workman is transferred to a different job, his basic pay and dearness allowance should be kept in tact. But regarding the Incentive Wage, I give no direction. So the issue is disposed of.

Issue No. 4.

The workmen contend that most of them have to come to the factory from Calcutta where they have to pay a very high prohibitory house rent. Those who are housed in the localities near about the factory are either ill-housed or find accommodation difficult. The Company resists the claim of free quarters on the grounds, viz., that (1) the cost of residence is included in the basic wage, (2) the Company alone is not responsible for providing quarters to the workmen, the State has also partial responsibility in this respect, (3) the Company has its factory on a leasehold site, and that lease is likely to expire within the coming 4 years. So the Company is not in a position to build quarters for the employees, (4) the workmen live in shared rooms, and they do not pay any high housing cost, and that cheap rented houses are available near the factory, (5) the work is carried on in two shifts only, viz., day shift and night shift. Bus is available to reach the factory from Calcutta. Adequate night shift allowance is given. Though I partially accept the Company's contention, I am unable to accept it in toto. It is no doubt true that house rent was an ingredient of the basic salary arrived at by the major Engineering Tribunal. But it was only 10 per cent. of the total salary. It was found by that Tribunal that basic pay constituted 60 per cet. on food, 30 per cent. on clothing and other things, and 10 per cent. on house rent. So if one's basic salary is Rs. 30, the allowance that was made on the score of house rent would be Rs. 3 only. Now, can it be conceived that anybody can have a room or a portion of it at Rs. 3 per month? It will be blinking at facts if we merely

say that the grievance of the workers on the score of house rent is unreal, and it should be thrown out simply because it was included in the basic salary of Rs. 30/- per month. The Company has not produced any single house rent receipt from the workmen. The workmen have produced a bunch of them showing the house rent actually paid by many of them residing in Calcutta. Even those who live near the site of the factory, pay much more than Rs. 10 per capita. So I have no misgiving that the grievance of the workmen on the score of house rent is really genuine. This grievance is all the more acute when we remember that the basic salary given by the Engineering Tribunal was nothing more than "minimum wage", bordering on the "starvation level". Out of this 10 per cent. is carved out for house rent, and the workmen are left with a pittance for their food and clothing. So, it is no wonder that the workmen of the Engineering concerns are ill-clothed and ill-nourished,—hardly efficient for their arduous work. If the Company was granting them "living wage", then there might be some point in repudiating such a claim. But, as it is, I think, some redress on this score is vitally necessary, and it cannot be postponed, far less resisted. Of course, it is a part of obligations of the State to come forward to provide with industrial occupational quarters for workmen. But the Company cannot be totally absolved from all responsibility under this head. Under the subsidised housing scheme for the industrial workers, the Government of India has agreed to pay onethird of the total cost of housing, and is also prepared to grant another twothird of the cost as loan to all industrial undertakings. The loan is given at different stages of the construction. But in the present case the Company has no mind to build quarters for its workers, or to come in for loans from the Government because, it is said, its factory is located on a leasehold land the term of which lease is going to expire within the coming 3 or 4 years. So it is clear that the Company wants to perpetuate the difficulty of the workmen, so far as the matter of their accommodation is concerned. Now, this is, indeed, a position which is difficult to accept with anything like equanimity. So, I award that Rs. 5 should be given to every worker per month irrespective of his status or grade, as house rent allowance till the Company provides its men with suitable housing accommodation. Though this grievance had been in existence even at the time of the reference, I do not make it retrospective. I make it prospective, i.e., it will be effective from the date the award becomes operative. Though the issue was for free quarters which I cannot allow, I am competent to grant a lesser relief in the shape of house allowance for the greater relief always includes the lesser relief.

Issue No. 1.

The Unions have not placed before the Tribunal the exact amount of increment in rates and grades that they claim. The Company has also not placed enough materials before the Tribunal so as to enable it to ascertain the rates and grades here. So, unless that is done, it is difficult for the Tribunal to fix with precision the exact amount of increment in rates and grades. The Unions have preferred the claim of 25 per cent. over all increment in the piece-rates, time-rates and monthly rates of the workers. The Company resists the claim. The Company contends that the majority of the workmen in this factory are unskilled. So they are given Rs. 30 as basic salary, as granted by the major Engineering Tribunal. But in place of Rs. 31 as dearness allowance per month, the Company is granting Rs. 39 as dearness allowance per month. Now, unfortunately, the matter of dearness allowance is not before me as covered by the issues. So I have to confine my attention to the basic salary of the workers only. I cannot accept the contention of the Company that the majority of the workmen in this concern are unskilled men. I have already disposed of a case under the section 33A of the Industrial Disputes Act, in the matter of an application

by one Shri Khagendra Chandra Das and others against this very Company, published in the *Calcutta Gazette*, dated 10th June 1954. A quotation from that award will show that many of the people here are highly skilled workmen. I quote below some lines from the said award :—

> "On the evidence I am satisfied that the Company, before the introduction of this new system of work, gave a notice to the workmen, and all these people volunteered their service. An aptitude test was held under the supervision of a University professor, and 68 out of 122 workmen who had applied for this job, were selected from among the old workmen. They were given daily rates at the beginning. The trouble began when the piece-rate on incentive basis was started".

So it is clear that the workmen in this factory are not mostly unskilled men. I had also inspected the factory myself. I found that an automatic plant was in operation, and the workmen were at it. They had to be alert all the time otherwise the machine would be clogged. I found the work highly mechanised and quite arduous. So the Company's version is not very near the truth when it wants to brand the entire strength of workmen or a majority of them as unskilled men. This is only a plea to relegate these workmen to the minimum basic wage of Rs. 30 per month. It is not that the Company cannot pay them more. Its financial position is very sound. It does not want any protection from the Government. It is responsible for production of 80 per cent. of batteries in India. Not only that it does meet the demands within the country, but it even exports batteries outside India. It has hardly any competitor worth the name within the country. So if "living wage" can be granted by any Company, I think, the present Company is one of them. The Company wants to take cover under the fact that by the Incentive Wage system the workmen are earning considerably. That is true. But is that any reason sufficient to deny the legitimate basic wage to these workmen? I have found, and the Company does not deny, that one year's service is quite enough to make an unskilled workman semi-skilled in this concern, if not skilled. So, where is the ground for denying them Rs. 35 as the basic wage after one year? So, I think, I can fairly give Rs. 35 as basic wage to all the workmen after one year's service in this concern. This means that the basic wage should be raised by 16⅔ per cent. If the last stratum of the workmen get this lift, the corresponding lifts should also be given to other workmen who are in grades above them. So, in answer to the Unions' claim I grant in round sum 15 per cent. increment in all the rates,—whether hourly rates, or daily rates or piece rates, or monthly rates. This is also made prospective. It will come into effect with the operation of the award. The Company will revise the basic wages accordingly. I was inclined to put the rates and grades on perfectly sound and satisfactory basis. But neither the Unions nor the Company have placed before me sufficient materials for the purpose. They seem to be content to fight the matter over an all round increment. So I answer the issue accordingly.

AWARD.

The case being opened, I had the impression that given a little encouragement, the parties might heal their differences. Following a short discussion and deliberation the parties came to terms which were recorded in a petition of compromise filed before the Tribunal. The terms are eminently reasonable and fair. An award is passed in terms of the compromise petition which would form Annexure "A".

No. 3948Dis./D/11L-45/55.—23rd August 1955.—Whereas under the Government of West Bengal, Labour Department, order No. 2013Dis./D/11L-45/55, dated the 9th May 1955, the industrial dispute between Messrs. Ballavdas Agarwal (Caterers and Contractors), 20/21, Stephen House, Dalhousie Square, Calcutta and their employee Shri Debi Prosad Shukla, 17/3, Mukhram Kanodia Road, Howrah (Suite No. 2), represented by himself regarding the matters specified in the schedule thereto was referred for adjudication to the Seventh Industrial Tribunal;

ANNEXURE.

In the matter of an industrial dispute between Messrs. Ballabhdas Agarwal (Caterers and Contractors), 20/21, Stephen House, Dalhousie Square, Calcutta and their employee Shri Debi Prosad Shukla of 17/3, Mukhram Kanodia Road, Howrah (Suite No. 2).

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

DR. B. K. BHATTACHARYA, M.A., LL.B., Ph.D. (London), Barrister-at-Law, *District Judge, Judge, Seventh Industrial Tribunal.*

Appearances.

For the workman: Shri Patit Paban Pathak.

For the Company: Shri P. R. Mukherjee, Advocate.

This industrial dispute existing between Messrs. Ballavdas Agarwal (Caterers and Contractors), 20/21, Stephen House, Dalhousie Square, Calcutta and their employee Shri Debi Prosad Shukla of 17/3, Mukhram Kanodia Road, Howrah (Suite No. 2), regarding the matters mentioned below in the issues was referred to this Tribunal for adjudication under Government of West Bengal, Labour Department, order No. 2013Dis./D/11L-45/55, dated the 9th May 1955.

The matter relates to a case of retrenchment.

The contention of the employee Shri Shukla is that his employers, Ballavdas Agarwal (hereinafter sometimes referred to as the "Company") retrenched his services suddenly by a letter, dated 6th November 1954 (Ext. A), with immediate effect. According to him he was a workman and not a supervisor or officer, having been engaged in clerical work.

The Company contends *inter alia* that Shri Shukla was not a workman within the meaning of section 2(s) of the Industrial Disputes Act, because his function was "supervisory and managerial." It has also been urged on the side of the Company that the present reference by the State Government is invalid inasmuch as the State Government is not the "appropriate authority" within the meaning of section 10(a) of the Industrial Disputes Act, for settling a dispute between one of the employees and the Company which was working under a contract from the Government of India.

The following issues arose:—

(1) Whether the termination of services of Sri Debi Prosad Shukla was justified.

(2) What reliefs, is he entitled to?

FINDINGS.

Issue No. 1.

The preliminary objections raised by the Company are taken up first. The Company may be working by virtue of arrangements with the Central Government in procuring labour for railways (which are centrally administered), but it cannot be said that the industry in question was "carried on by or under the authority of the Central Government" within the definition of "appropriate government" stated in section 2(a)(i) of the Industrial Disputes Act, no matter if, as alleged by the Company's Officer Shri Agarwal, "previously all labour disputes concerning this firm were settled by the Regional Labour Commissioner and the Conciliation Officers of the Centre." The business or the industry is carried on by the Company and, therefore, there was an industrial dispute between the Company with its office in Calcutta and the employees. This dispute could clearly be referred to the Tribunal for adjudication by the Government of West Bengal under section 10 of the Industrial Disputes Act. The decision of the Division Bench of the High Court at Calcutta in the case of Carlsbad Mineral & Soda Water Manufacturing Company (India) Ltd. *v.* P. K. Sarkar and others (1952, I. L. L. J., 488) furnishes a complete answer to the point raised by the Company in the instant case.

The next point to consider is whether Shri Shukla was a Supervisor or an Officer, as contended by the Company, or merely a clerical Assistant as maintained by the employee himself. It appears from evidence that in March 1951 Shukla entered the services of India Ice Aerated Water & Cold Storage Co., Ltd. This, according to the employee, is a sister concern of Ballavdas Agarwal, though according to Sri Saraswath, the sole witness examined on the side of the Company, the two companies were distinct. Exhibit B, dated 3rd March 1951, is Shukla's application to India Ice Aerated Water & Cold Storage Co., Ltd. The Company at the time seems to have been recruiting *officers*, as the opening line of the application shows. The normal designation of this post in India Ice Aerated Water & Cold Storage Co., Ltd., was "Supervisor", as has been admitted by the employee. In August 1951 Shukla was posted to Ballavdas Agarwal, in the Labour Department. According to Shri Saraswath, the Chief Labour Superintendent of Ballavdas Agarwal, no formal letter of appointment was given to Shri Shukla at the time of Appointment in Ballavdas Agarwal Company, though orders were issued for sending such a letter. From the mere fact that Shukla might have been a Supervisor in his previous post it cannot be inferred that he continued in this grade in Ballavdas Agarwal. In the circumstances the presumption would not be justified. There is no document in which it has been stated specifically that Shri Shukla was being treated by the firm of Ballavdas Agarwal as a Supervisor, as has been admitted by Sri Saraswath. The representative for the employee has argued that the Company indulged in interpolation—scoring out as well as addition—in describing Shri Shukla at the time of issuing the notice about termination of services (*vide* Ext. 1, which is a part of Ext. A). In any case the word "Supervisor" is being found for the first time, irrespective of the question of interpolation by scoring out, in the notice of retrenchment. In the circumstances very little weight can be attached to the designation mentioned in the notice of retrenchment. Shri Shukla started on an initial salary of Rs. 250 per mensem and thereafter his salary became Rs. 265 per mensem. The learned Advocate for the Company has argued that the amount of salary is a factor which should be taken into consideration. But it has been well-settled that the quantum of salary

drawn (or the mere name or designation of the post) is not a determining factor (1952 L.A.C. 529; 1953 I. L. L. J. 345; 1954 I. L. L. J. 21; Factory Journal Report, Vol. VII, 149; 1954 L. A. C. 788, 1955 I. L. L. J. 609).

The simple question is whether Shukla is a "workman" within the meaning of section 2(s) of the Industrial Disputes Act which runs as follows: " 'workman' means any person employed (including an apprentice) in any industry to do any skilled or unskilled manual or clerical work for hire or reward....." In view of the facts elicited at the hearing no useful purpose will be served by entering into hair-splitting arguments about being an officer or not, exercising any control, supervision or direction. It is not necessary to comment if the definition is a proper one or if too narrow a construction has sometimes been placed, in importing a meaning which according to plain reading of the section is not there. Nor is it required to stress at this stage that a piece of social legislation should be liberally construed. Whether the employee is a Supervisor or an Officer exercising any directional or controlling powers supplies at best merely a negative test (1953 L. A. C. 497) and, if one may add, an incidental, indirect or secondary test. The observations made in some reported cases, as Raymond *v.* Ford Motor Co. (1951 I. L. L. J. 167), Bharat Bank Ltd. (1952 L. A. C. 344), Burmah Shell Oil Storage (1954 I. L. L. J. 21), Chintaman *v.* Phaltan Sugar Works (1954 L. A. C. 788), may be read now subject to this qualification as to negative test, specially when the nature of the duties is clear. What really matters or is directly involved in interpreting section 2(s) of the Act is the nature of the work performed by the particular employee.

Let us now examine the duties of Shri Shukla. He says, "I used to sit in the Head Office of the Company in Calcutta. I was merely a clerical assistant. My duties were the following: I used to copy 'Advice of Payment' prepare statements relating to 'Declaimed Disallowance Bill'. Drafting of small letters used to be done by me. I could not act on my own initiative and I had always taken orders from others. I could not appoint any man or dismiss any man. I could not promote any one nor punish any one. I did not control the Company's financial policy. I did not grant any leave to anybody. Mr. Saraswath and Mr. Mukherjee would be issuing orders to me. The Advice of Payment Register will show what work I had to do there. The 'Disallowance' Register will also show that. I used to file papers in the respective files. * * * * * * I had to do purely clerical job of writing papers, sometimes for the whole day and sometimes for two or three hours. * * * * * I used to sit in the office from 10 a.m. to 4 p.m. Except carrying a few letters I never did any sort of outdoor work." In this connection he has referred to Exts. D, E and F. Exts. E and D seem to be in Shukla's hand-writing in entirety while the major portion of the contents of the other volume, exhibit F, is also in his hand-writing. On one occasion he might have accompanied Shri Saraswath to Bareilly but there is nothing to show that he had gone there in any independent capacity. According to Shukla, he knows stenography and typing and he was promised facilities for taking down short-hand notes and for typing, though he was not given this type of work by the Company. Shri Saraswath has deposed *inter alia* as follows: "Originally he was taken in as my Assistant, as he was a new man and had no experience. His main duties were as follows: To supervise the work of labour at the Howrah Station, introducing officers in the Head Quarters. He was to supervise the work of the labour in the Government Salt Golah, Salkia, and then he used to return to office to do some allotted work which used to

be given to him as he was not an experienced man. He was taken as a general Assistant to me. My duties are supervisory and necessarily his duties were also the same. We could not afford to keep him without any work for four to six hours in the office and to look at my face and, therefore, some work also used to be given to him. He was not a full-fledged supervisor. He was mainly picking up duties under my instructions." On an anxious consideration of the facts and circumstances, I am of opinion that Shri Shukla was engaged mainly and substantially, if not wholly, in clerical work and, therefore, he is to be treated as a "workman" within the meaning of section 2(s) of the Industrial Disputes Act.

Shri Saraswath has admitted that at least two clerks, junior to Shri Shukla, have been retained by the Company. Obviously, the principle of "Last to come, first to go" was not followed in this particular case. Normally this is the rule and it will be for a Company which proceeds on a different footing to explain the reasons for the divergence. The learned Advocate for the Company has stated that Shri Shukla belonged to a different category of clerks, if he was a clerk at all, and as such the Company did not dispense with the services of two other clerks, viz., Shri Sarma, Accounts Clerk, drawing a salary of Rs. 125 per mensem and Shri Sarkar, Despatcher, drawing a salary of Rs. 75 per mensem. It is not the case of the Company that retrenching one highly paid employee was more equitable than retrenching two employees on lower salary. Even if the question had been raised, the Tribunal would not have countenanced a principle, which howsoever plausible would open the flood-gates of nepotism on one hand and of oppression on the other. The salutary principle embodied in section 25G of the Industrial Disputes Act was violated in the instant case. It is held accordingly that the termination of services of Shri Shukla was not justified.

Issue No. 2.

In view of the above findings the Company is directed to reinstate Shri Shukla within two weeks from the date when the award becomes enforceable on publication in the *Calcutta Gazette*, on his presenting or reporting himself for duty, and he will be entitled to get from the Company all arrears of salary and other emoluments and benefit, which ordinarily were due to him, for and during the period he has been kept out of employment.

The award is made accordingly.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT:

SHRI G. PALIT, *District Judge, Chairman, Fifth Industrial Tribunal.*

Present for the Union: Shri P. K. Sanyal, Advocate.

Present for the Company: Shri S. N. Singh, Labour Officer of the Company.

1. By Government order No. 1052Dis./D/7L-17/54, dated the 9th March 1954, the aforesaid dispute has been referred to the Fifth Industrial Tribunal, presided over by me, under the section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication. The said Fifth Industrial Tribunal was constituted under the section 7 of the Act by the notification No. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 10th March 1954. The Union filed its written statement on 12th April 1954 in triplicate. The Company filed written objection on 10th May 1954. After several adjournments the case was taken up for hearing on 22nd June 1955, and it was concluded that day. The award was reserved.

3. The issues contained in the schedule to the order of reference stand as follows:—

(1) Increment of *mistries* for 1952 and 1953.

(2) Fixing up of gradation of the *mistries*.

(3) Whether the sixteen *mistries*, as per list, are entitled to enhanced wages from 20th September 1952 to 20th December 1953, according to the directions given by the Second Jute Tribunal award?

(4) Whether the following eight *mistries* are entitled to enhanced wages from 20th September 1952 to 3rd November 1952 according to provisions of the Jute Tribunal award?

(a) Shri Krishna Ch. Khara, (b) Shri Prasad Mandal, (c) Panchanon Manna, (d) Shri Santosh Samanta, (e) Shri Dhiren Parui, (f) Shri Dhiren Maity, (g) Shri Jiten, (h) Shri Tapeswar.

AWARD.

According to the Union, the present Company was a party to the major Jute Textile Tribunal of 1951. The award of the said Tribunal was published sometime in December 1951. But the Company, however, did not implement the provisions of the said award of the Tribunal. It did not fix up the gradation of the *mistries*, nor did give annual increment to the *mistries*, as per the above award, for the years 1952 and 1953.

The Company, on the other hand, contends that it had fully implemented the award of the major Jute Textile Tribunal of 1951, and fixed the grades and wages of the *mistries* in conformity with the provisions of the said award.

In the circumstances, unless the Union adduces specific evidence showing that the Company's version is wrong, it is difficult for me to accept that the award of the Jute Textile Tribunal of 1951 was not implemented. If, as a matter of fact, the Company neglected to implement the said award, it was up to the Union to move the Government in the matter just to force the said implementation, even on the penalty of prosecution. There is no such evidence that the Union did take any such step. If the Union does not adopt the remedies provided for under the Statutes against non-implementation of the award, the Tribunal finds it difficult to accept the sweeping statement of the Union that the Company failed to implement the award of the Tribunal. The Union has given a list showing the wages that the *mistries* were getting before, and also the wages they are getting now, but the Company denies the correctness of the said list. In the circumstances, it was incumbent on the Union to examine witnesses to prove the list of wages annexed to its written statement. But the Union has not done so. So I am unable to accept the said list on its face value. The evidence is wanting that the Company did not give effect to the provisions of the major Jute Textile Tribunal of 1951. So the issue is answered in the negative, and I give no direction in the matter.

Issue No. 2.

The Union in its written statement chalks out certain lines according to which, it says, the grades of the *mistries* are to be fixed up. The Company meets it by saying that the major Jute Textile Tribunal has already formulated detailed rules about the fixing of grades of the *mistries*, and that the Company is following the said directions in respect of the *mistries*. When there is the award of the major Jute Textile Tribunal in respect of this matter, I do not think it is incumbent on this Tribunal to revise the same, particularly, in the absence of any good cause as here. If the Union is not satisfied with the award of the last major Jute Textile Tribunal, it

can very well wait a little till the award of the next major Jute Textile Tribunal, which is in progress, is published. At all events, it is not up to this Tribunal to disturb the grades of the *mistries* fixed up by the last major Jute Textile Tribunal in its award of 1951. So no relief is given under this issue which I dispose of accordingly.

Issue No. 3.

Under this issue the 16 *mistries*, as per the list attached to the order of reference, claim enhanced wages from 20th September 1952 to 20th December 1953, according to the award of the Second Jute Textile Tribunal. The Company contends that the Jute Tribunal's award was given effect to by the Company in December 1951. So, increment, if any, would fall due in December 1952. In that view of the matter, no increment in wages can be claimed prior to December 1952. So that portion of the claim could not be substained. According to the Union, increments annually would fall due in September every year. But the Company contends that prior to the publication of the Jute Textile Award, there was no fixed time or fixed amount of increment to be given to the workmen. The whole thing was systematised under the aforesaid Jute Textile Award in December 1951. As there is no evidence adduced by the Union to show that prior to the award in question increments would fall due in September of the year, I am unable to discard the version of Company. Of course, under the Jute Textile Tribunal's award as per Appendix IV, it was left open to the Company to follow any system of annual increment that was in prevalence concerning the date of increment. In the absence of evidence to show that increment was annually given in September, as has been urged by the Union, I find it reasonable to accept the Company's version that the increment falls due in December every year, following the aforesaid Jute Textile Award.

Next, comes the question whether the increments were to be given to the 16 *mistries* in December 1952 and in December 1953. To this the Company replies that these men were laid off on 17th November 1952. The Company applied for permission of the Tribunal to discharge them under the section 33 of the Industrial Disputes Act, 1947, because the original case was then pending before the Tribunal. Now, the point is, whether a worker is eligible for earning increment during the period of his involuntary unemployment. If the question is answered in the affirmative, then these men can claim increments in December 1952 and December 1953. But if it is answered in the negative, then no enhanced wages can be available to them. Now, increment is given only on the period of active service rendered, including, of course, authorised leave. But increment cannot be earned when one's service stands in a state of suspension, as in the case of "lay off". To obviate the hardship that will otherwise be caused, the provision for "lay off" compensation has been made. The 16 men in question are recipients of such "lay off" compensation. So my finding is that these 16 men are not entitled to earn increment during the period of lay off in the reckoning of service. Of course, under the lay off, the relationship of "master and servant" is not disrupted. But it can never be said that the workman pur under involuntary unemployment is rendering active service such as to earn increment. In that view of the matter I find that these 16 men were laid off before they had earned annual increment, and were continuing as such during the period in question. So they are not entitled to enhanced wages over and above the "lay off" compensation which they had received. So the issue is answered in the negative.

Issue No. 4.

Regarding these eight *mistries* the Company contends that they were employees not of this jute mill, but of an engineering concern under Messrs. Lachminarayan Jute Manufacturing Company, Limited. As such, it is contended by the Company, they are not entitled to claim any benefit of the aforesaid award of the major Jute Textile Tribunal. The learned advocate on behalf of the Union calls upon the Tribunal to keep this issue open because there is an appeal pending against the decision of this Tribunal in the matter whether the said Engineering firm and the present Jute Mill are, in fact, one and the same unit. I think, in the circumstances, the Tribunal should refrain from deciding this matter. To do otherwise would not be proper because that may complicate the matters of decision in appeal. I am told that six workmen out of the eight have already left having received their dues in full satisfaction. But that does not very much matter because the Tribunal is bound to adjudicate the issue all the same when at least two men are contesting it. But as I have already found that the issue should be left open, I do it accordingly. So, in the result, no relief is granted to the Union in the present case. I make no order for costs.

In the matter of an industrial dispute between Messrs. Modern Art Press, 6 Bentinck Street, Calcutta and one of their employees, Shri Sudhanshu Bikash Roy, C/o. Shri Ajit Kumar Roy Choudhury, 51 Tollygunge Circular Road, Calcutta-33, represented by himself referred under Government order No. 1956Dis. D/13L-9/55, dated the 5th May 1955.

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

Dr. B. K. BHATTACHARYA, M.A., LL.B., Ph.D. (London), Barrister-at-Law, *District Judge, Judge, Seventh Industrial Tribunal.*

For the employee: Shri Sudhanshu Bikash Roy himself.

For the Company: Shri N. M. Das Gupta, Advocate.

The dispute in question centres round an alleged wrongful dismissal from service. Necessary details will appear hereafter.

The following issue arose:—

(1) Whether the termination of services of Shri Sudhanshu Bikash Roy by Messrs. Modern Art Press was justified. What relief is he entitled to?

FINDINGS.

Shri Sudhanshu Bikash Roy entered the service of the Modern Art Press on 25th November 1952 as "Time-keeper" (*vide* Ext. 1). It is curious that the duplicate copy of appointment letter (Ext. B1) shows the designation of the post as "Typist, Time-keeper and Despatcher". Ext. 1 has come from the custody of Shri Roy while Ext. B1 has been filed by the Modern Art Press. The latter bears marks of obvious interpolations. In my opinion, Shri Roy is right when he says that there has been considerable manipulation in Ext. B1 in regard to Shri Roy's duties. This aspect is not without its importance, for all along the case of Shri Roy has been that he was Time-keeper for the Modern Art Press but was prevailed upon to do, for extra remuneration, additional duties of a Receiving and Despatching Clerk for the Thacker's Press and Directories, Ltd., which was situated in the same building and which was managed possibly through some common agency. This has been disputed by the other side.

The two concerns, however, were distinct and separate. Formerly there was a dispute between Thacker's Press and Directories, Ltd., and Messrs. Nationalist, Ltd., on one hand and their workmen on the other. The learned Advocate who appeared on behalf of the Modern Art Press

has drawn my attention to an award which was published in the *Calcutta Gazette* of May 27, 1954. It has appeared from evidence that a mortgagee (The Metropolitan Insurance) is in possession of Thacker's Press and Directories, Ltd., and a Receiver has been appointed. Miss Shibani Basu, a witness, examined on the side of the Modern Art Press, is, according to herself, the Director-in-Charge of the Nationalist, Ltd., and she manages the affairs of Modern Art Press and is also the General Manager of Thacker's Press and Directories, Ltd. Thacker's Press has not gone into liquidation; nor has it merged with the Modern Art Press. Shri Roy has stated on oath that the work and audit in the two places are separate. Miss Basu has admitted that as late as in 1953 men were trained on remuneration by Thacker's Press and Directories, Ltd. There are separate cash ledgers and accounts for the two concerns. Miss Basu has stated that from November 1952 Thacker's Press has no employee at all, all its work being managed by the Modern Art Press. At the time of argument the learned Advocate for the Press showed to me an uncertified copy of an alleged agreement to this effect said to be registered between the two concerns. The precise arrangements, are not definitely known, since the document was not marked an exhibit. Miss Basu has admitted that near about 1953 a separate register was opened for letters received and despatched in connection with Thacker's Press and Directories, Ltd. This is an important admission, which is borne out by the heading in Ext. A which is a register of inward letters. The name "Thacker's Press and Directories, Ltd.", appears therein, and most of the entries in this Register was made by Shri Roy. In view of the original letter of appointment (Ext. 1) and Ext. A and the facts and circumstances of the case, I am of the opinion that Shri Roy was appointed as Time-keeper for the Modern Art Press and somehow or other, perhaps, in the hope of obtaining additional remuneration, was prevailed upon to undertake the work of a Receiving and Despatching Clerk for Thacker's Press and Directories, Ltd. In this connection it may be noted that he was shown in the first salary bill as Time-keeper (*vide* Ext. D—register) as well as in some subsequent papers such as Exts. 2 and 4. This matter will assume importance hereafter in connexion with the transfer order specially.

If Thacker's Press is in a moribund condition, the Modern Art Press, according to Miss Basu's evidence, is not a flourishing concern either. She has admitted that salaries of staff including Shri Roy may have remained partially unpaid. Ext. 8, dated the 7th August 1954, is a slip addressed by Shri Roy, asking for payment of his dues. It appears that there was possibly also a dispute regarding payments for overtime work. The employee has filed Ext. 9 in this connexion. The date of Ext. 8 is rather significant in the light of subsequent happenings.

On 4th November 1954 Miss Shibani Basu issued a letter to Shri Roy (describing him, by the way, as Time-keeper), transferring him from his present post to the Directory Department with effect from 5th November 1954. This document has been marked Ext. 4. Curiously enough, Miss Basu, who, as has been mentioned above, held position in both the concerns, used a note paper bearing the name of Thacker's Press and Directories, Ltd., and not of Modern Art Press, of which Shri Roy was an employee. What is more, Miss Basu did not care to give therein her designation, either in reference to Modern Art Press or the Thacker's Press and Directories, Ltd. At first sight, therefore, the order of transfer was most irregular, for it did not purport to be issued by the proper person. In view of arrears of pay, etc., from the Modern Art Press and dispute regarding additional remuneration from Thacker's Press and Directories, Ltd., Shri Roy might have reasonably apprehended that, besides being

irregular, the alleged order would affect him financially. Transfer, unless it is vindictive, is the usual lot of service holders. But Shri Roy, in my opinion, had reasons to disregard this order of transfer, not only because of the above irregularity or the above apprehension but also because he was sought to be transferred from one limited concern to another. The Modern Art Press would have us believe that it was a case of transfer from one of its departments to another, viz., the Directory Department, but as has been indicated above, the evidence clearly points to the existence of two separate concerns, two distinct entities. The precise working arrangements are not known to the Tribunal and were not made known to the employee. The scope of the alleged Directory Department is not proved; and no documentary evidence or any other reliable evidence about its very existence is forthcoming. An employee of one limited concern might very well refuse to join another in the circumstances, no matter if the latter was euphemistically described as a Department. Ext. 5(a) purports to be Shri Roy's reply to Thacker's Press and Directories, Ltd. A copy of it seems to have been sent to the Modern Art Press, as indicated in Ext. 5(a) and as substantiated by the receipt (Ext. 6), besides Ext. A(1) (read with Ext. 10). Ext. 10 refers to some general directions given by one Dr. Murari Chatterji, obviously some one who holds an important position in the Press.

According to Miss Basu the reason of this transfer was Shri Roy's rude behaviour towards staff and visitors. The proposed transfer, it is said, would have taken Shri Roy upstairs, with fewer chances of meeting the public. Surprisingly enough, not one word of this rudeness did find a categorical mention in the subsequent documents, Ext. 3, dated the 9th November 1954 (Letter of Explanation), or Ext. 2, dated the 9th November 1954 (Letter of Suspension of Shri Roy). Shri Bijayananda Dutt, examined on behalf of the Press, has referred to some chits containing complaints, but they are not forthcoming. Shri Roy, according to Miss Basu, was rude to one Typist as also to S. C. Sarkar & Sons. No corroborative evidence, however, is forthcoming. It appears further that at no time had Shri Roy been called upon in writing to explain this part of his conduct. Miss Basu would have us believe that gross negligence and misconduct referred to in Ext. 2 was in reference to Shri Roy's refusal to join the post on transfer and also to the complaints received against him from time to time. If it was really so, it is surprising why details were not mentioned and so much care was taken to conceal a real element of the charge preferred. In my opinion the evidence does not at all prove that there was any such rudeness as has been alleged at the hearing.

In the Letter of Explanation (Ext. 3) Shri Roy was called upon merely to "explain his conduct during the course of the day in not doing his duties as directed by the Director-in-Charge by office letter, dated 4th instant". It has already been shown that this letter of the 4th instant—the Letter of Transfer (Ext. 4)—contained no reference to "Director-in-Charge" or any other office holder. This moreover had nothing to do with "gross negligence and misconduct", for which on the same date (*vide* Ext. 2) Shri Roy was suspended by the Manager of the Modern Art Press. His suspension, therefore, had obviously an additional element, viz., gross negligence, besides misconduct (which perhaps includes disobedience in not obeying the order of transfer). It has already been shown that the alleged disobedience was not unjustified (and Shri Roy had been in correspondence immediately afterwards). Now, was there any "gross negligence"? Only on 30th September of that year, *i.e.*, a few days earlier, the Superintendent of the Thacker's Press and Directories, Ltd., Shri Augustin, had given him a very nice testimonial, as Ext. 7 will show.

Shri Augustin, who was expected to know the men who worked for him, described him as "keen, conscientious, intelligent, quick * * * plenty of initiative * * * high sense of discipline". Inefficiency and unsatisfactory work, stressed in the written statement of the company, has not been substantiated at hearing. In my opinion this charge has no foundation.

It is abundantly clear that the principles of natural justice have been violated by the employers. No regular proceedings were drawn up and no evidence seems to have been gone into. In Ext. 3 the employee was not given even twenty-four hours' time to explain; and in regard to the charge of "gross negligence and misconduct (apart from disobedience to orders)" he was never called upon to explain. Ext. C, dated the 10th November 1954, is said to be the notice of summary dismissal for "gross negligence of duty and misconduct in his behaviour with his superiors". The grounds were ever-shifting and the poor employee was never given any real chance to prove his case.

On a careful consideration of the facts and circumstances the Tribunal is of the opinion that the conduct of the Modern Art Press in relation to this employee, Shri Sudhanshu Roy, has been extremely unjust, harsh, arbitrary and vindictive. Shri Roy has denied receipt of Ext. C, the notice of dismissal, and the Modern Art Press has failed to prove the manner of service or if it was served at all on him. The order of dismissal was absolutely unjustified.

Ordinarily the proper relief would have been re-instatement, but taking an objective view of the whole matter, and not omitting to consider the total lack of confidence which Shri Roy must be entertaining for his employers, I am of the opinion that Shri Roy should be awarded sufficient compensation without reinstatement. This amount should cover a month's pay in lieu of notice plus ten months' pay by way of damages, at Rs. 100 per mensem. This amount is not heavy, for in the event of reinstatement he would have been entitled to heavy arrears of salary.

There is no manner of doubt that some arrears of pay are due to Shri Roy for the period he worked under the Modern Art Press. According to Shri Roy, Rs. 25 on account of salary for May 1954 plus the entire salaries from June to October 1954 less some payments (not known to the Tribunal) by chits are due to him. In the absence of proper accounting, specially because of the limited nature of the Schedule to the Government Order of reference, I find that this question of arrears of salary up to the end of October 1954, be left open for subsequent proceedings, if any. But the Press would be well-advised in the interest of peace and harmony to pay up the amount without any delay. How much, if at all, is due on account of extra work for Thacker's Press or for overtime work is also left open. The Modern Art Press should pay over and above the aforesaid sums, the salary for nine days of November 1954. The aforesaid payment must be made within 10 days from the date the Award becomes enforceable on publication in the *Calcutta Gazette*.

The award is made accordingly.

ANNEXURE.

In the matter of an industrial dispute between Messrs. R. C. Bose, 261, Bowbazar Street, Calcutta and their two employees Shri Kishori Mohan Mukherji and Shri Jagat Mohan Mukherji, represented by Shop Assistants' Association of Bengal, 7, Padmapukur Road, Calcutta-20, referred under Government order No. 2006Dis./D/11L-94/95, dated the 9th May 1955.

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

DR. B. K. BHATTACHARYA, M.A., LL.B., Ph.D. (London), Barrister-at-Law, *District Judge, Judge, Seventh Industrial Tribunal.*

For the Union: Shri Nikunja Behari Datta.

For the Company: Shri R. C. Bose, Proprietor.

The dispute relates to alleged wrongful dismissal of two workmen, Shri Kishori Mohan Mukherji and Shri Jagat Mohan Mukherji, who are brothers.

The following issues arose:—

(1) Is the discharge of Shri Jagat Mohan Mukherjee and Shri Kishori Mohan Mukherjee justified?

(2) To what reliefs (including unpaid wages if any) are they entitled?

FINDINGS.

Issue No. 1.

The case of the Company, Messrs. R. C. Bose, watch repairers, is that on 31st July 1954 both the workmen were guilty of insubordination and grossly insulting behaviour and that is why the elder brother, Jagat, was dismissed on the spot, while in consequence of Kishori's previous notice also, the younger brother was discharged. It is said that in the early part of July 1954 Kishori had demanded an increase in salary with effect from the next month or resignation from the job. The Proprietor R. C. Bose did not agree to this demand of an increment.

Kishori has denied having demanded a rise in his salary and in the alternative, resignation. The case of both the workmen is that there was an incident on the 31st July 1954 as a result of the employer demanding Kishori to sign a blank paper in token of the receipt of salary for the month of July 1954. According to the employees, on the instruction of the elder brother, Kishori refused to sign the blank paper, whereupon the Proprietor became angry. It is alleged that R. C. Bose assaulted and pushed out of the shop room Kishori while he kept Jagat locked up in the shop room till Kishori brought a constable from the Bowbazar thana after lodging an *ejahar*.

According to the Company the proposed receipt Ext. A, was going to be signed by Kishori—after the existing endorsement had been written out —when Jagat rushed near the former and asked him not to sign the paper. Paragraph 3 of the written statement of the employees refers to "a white paper". At the time of hearing, however, Kishori would have us believe that the colour of the paper was "blue". As a matter of fact the colour of the paper (Ext. A) is white and not blue. If by the expression "white" the employees mean—against the plain meaning of the word—that the paper was merely blank, that also would not be correct. For, while Kishori does not admit that he had made the existing endorsement on Ext. A to the effect that he had received the full salary for the month of July 1954, according to his own brother Jagat the endorsement was made by him (Kishori). This supports the evidence of the Proprietor R. C. Bose (Ram Chandra Bose). The Company's other witness, Satya Bhusan Banerji, Accountant, says that Kishori had written something on a stamped paper, though the contents were not noticed by him (Satya Bhusan). In view of the evidence there is no manner of doubt that Kishori at the request of the Proprietor had written the aforesaid endorsement and to complete the receipt only the signature remained to be given when a row started. I do not see any reason how the receipt which was self-contained could have been manipulated by the Proprietor subsequently, since the writings were all in the handwriting of Kishori. Any such suspicion would be unreasonable. The pay roll for the month of July would not be ready, according to the admitted general practice of the firm before the 6th of the following month and that is why the necessity for a separate receipt arose on the 31st July, on account of Kishori's insistence on an increment, which the proprietor did not find his way to grant. The proprietor has argued that the whole incident must have been the outcome of a preconceived plan to harass him. Kishori does not admit having demanded an increase in salary, but the proprietor has stated on oath about this and as between him and Kishori I would believe the Proprietor and not Kishori who, against all evidence, has denied his handwriting in Ext. A.

It is true that Kishori went out of the shop, but there is no credible evidence to show that he was assaulted or pushed out. O. P. W. 2 Satya Bhusan Banerji, who has deposed in a straight forward manner, has denied any assault or pushing. It was about 2-30 p.m. on a Saturday, and under the Regulations the shop was bound to be closed. If after the Proprietor's request Jagat refused to leave the shop and the Proprietor thought it prudent to lock the door, in order to be on the right side of the Regulations it cannot be said in the circumstances that he (proprietor) was committing any offence against Jagat. No question of rescue by the Police, therefore, arises. Kishori was guilty of unseemly conduct in standing before the shop making a scene and attracting a crowd of passersby. The good name of the shop in the locality must have suffered in consequence. No content with this he went to the police-station and lodged a First Information Report, the contents of which, however, are not forthcoming. The fact

remains that an ugly situation was created. It was much ado about nothing. It appears that subsequently Jagat also lodged *ejahar* with the Police. The Tribunal has not been shown what its contents were. Neither of the brothers did start a complaint case before a Magistrate against the proprietor. In the circumstances, in view of the denial on the side of the proprietor, it cannot be said that there was any assault or physical violence. Accepting the testimony of R. C. Bose, I find that Kishori had given notice of dismissal if no increment of salary was given. The proprietor was not in a position to grant the rise. There was nothing standing in the way of giving effect to the alternative request for resignation which after the incident assumed the aspect of a discharge as well so far as Kishori was concerned. As regards Jagat, we get from the evidence of R. C. Bose and his witness Satya Bhusan Banerji that over and above creating an ugly scene Jagat abused the proprietor filthily by calling him "Badmash" (rogue or rascal) and "Chor" (thief), etc. He further threatened the proprietor by saying that he would be teaching him a lesson. No Company can afford to tolerate insubordination and insolence. Jagat previously also seems to have been rude to the proprietor when customers would make complaints to the latter regarding repair works effected by the former (Jagat). On a careful consideration of all the facts and circumstances it is found that the summary discharge or dismissal of both the employees, viz., Jagat and Kishori, was justified notwithstanding the absence of a formal written notice or proceedings.

Issue No. 2.

Admittedly wages for July 1954 were not paid to either of the workmen on 31st of July 1954 (or even now). The monthly wages of Jagat were Rs. 122 per mensem, while Kishori's salary was Rs. 52 per mensem. These respective amounts must be paid fully within two weeks from the date when the award becomes enforceable on publication in the *Calcutta Gazette*.

In the absence of any proof regarding leave due the amount claimed on this head is rejected. Also no question of one month's pay in lieu of notice or any compensation arises in the circumstances of the case and, therefore, both the items claimed are rejected.

Before parting with the case I would like to mention that there is some uncertainty regarding leave allowed generally to the workmen by the proprietor of the firm. It is high time that a regular and satisfactory scheme of leave is drawn up by the proprietor who should further see that at least those who are paid monthly salary, as distinct from piece-rate workers or daily wage earners to whom payments are made every day, are allowed to avail themselves of this leave without any demur or delay.

The award is made accordingly.

Appearance.

For the Association: Shri N. Das Gupta, Advocate.

For the Company: Shri N. K. Mukherjee, Advocate.

AWARD.

The dispute relates to wrongful dismissal of an employee.

Both the parties appeared and filed written statements.

The following issue arose:—

(1) Whether the termination of services of Shri Ajit Kumar Roy is justified. To what relief is he entitled?

Before entering into evidence the parties have filed a joint petition of compromise. The terms mentioned therein appear *prima facie* to be fair and equitable. In the circumstances there is no reason why the compromise should not be accepted. As a result of this compromise no dispute remains to be settled. A "No-Dispute" award, therefore, is made, making the petition of compromise a part of it.

DECISION

Issue No. 1

It is agreed on all hands that there was a settlement between the parties in course of conciliation proceedings on 3rd February 1954. Appendix "F" to the written statement of the Union is the copy of the said agreement. Under paragraph 7 of the said agreement it was provided, "The question of bonus for the years 1951, 1952 and 1953, which has not been settled, would also be referred to a Tribunal." In pursuance of the said settlement the reference has been made on this point. Previous to the above settlement there had been another agreement between the parties on 4th March 1952. Appendix "X" to the written statement of the Union is the copy of the said agreement. One of the terms of the said agreement was that the Company would pay one month's wages as bonus at the time of Puja, if Company's financial position permitted it.

According to both sides, the financial year of the Company closes on the Dewali, that is to say on the day of Kali Puja which comes off closely after the Puja, meaning Durga Puja. There is no dispute that payment of bonus at the time of the Puja is to depend upon the trading result of the financial year which closes on the Dewali of the previous year. So it is said by the Union that payment of bonus as per terms of the agreement, dated 4th March 1952, related to the financial year which closed on the Dewali of 1951.

Behind this background the Union claimed one month's wages as bonus for 1951 according to the terms of the settlement and six months' wages as bonus for each of the years 1952 and 1953. The Company, on the other hand, contended that no bonus was payable for any of these years as the profit earned by the Company would not justify payment of any such bonus.

The financial year of the Company is from October to September, that is, from one Dewali to another Dewali. The Company filed statements of accounts for the financial years from October 1950 to September 1951 for the purpose of bonus of 1951; from October 1951 to September 1952 for the purpose of bonus for the year 1952 and from October 1952 to September 1953 for the purpose of bonus for the year 1953 (*vide* Exts. D, D1 and D2). The accounts were, however, not audited by any registered auditor. On the accounts so submitted for the two years 1950-51 and 1951-52, there was assessment of income-tax by the Income-tax Department. The assessment papers for these two years have been produced and marked Exts. D3 and D4. For the year 1950-51 the Company showed a profit of Rs. 6,253-7-0 (*vide* Ext. D), while the Income-tax authorities in course of their assessment raised the amount of profit to Rs. 34,262 (*vide* Ext. D3) for the purpose of income-tax. Likewise, for the year 1951-52 the Company showed a profit of Rs. 44,312-4-9 pies (*vide* Ext. D1), while the Income-tax authorities raised the amount of income to Rs. 65,824 for assessing income-tax (*vide* Ext. D4).

Against the aforesaid assessments the Company preferred appeals and the grounds of appeals are Exts. M and M1. The appeals, it is said, have still been pending.

Regarding the year 1952-53, the Company showed an income of Rs. 11,151-6-0 (Ext. D2). The said accounts too were not audited by any registered auditor and there has been no assessment by the Income-tax authorities for the said year either.

In the circumstances, the Company contended that there would be no available surplus for distribution as bonus if due allowance was made for depreciation, return on the capital invested and income-tax paid in accordance with the formula adopted in the Full Bench case. The Union, on the other hand, contended that there would be sufficient surplus for grant of bonus as claimed by them.

Regarding claim of depreciation, it appears that the Income-tax authorities allowed depreciation for the years 1950-51 and 1951-52. For 1950-51, the Income-tax authorities accepted the gross income to be Rs. 75,880 and allowed depreciation of Rs. 41,618 thus holding the net income to be Rs. 34,262. Likewise for the year 1951-52, the Income-tax authorities accepted the gross income to be Rs. 83,687 and allowed depreciation of Rs. 21,500 thus holding the net income to be Rs. 65,824 (*vide* Exts. D3 and D4). The amount allowed as depreciation for those years is quite fair and I find nothing to sustain the claim of the Company for additional amount as depreciation. Regarding Company's claim for a return of six per cent. on the capital invested, the Union contends that in view of the nature of the business the Company has been carrying on such claim cannot be sustained. I am, however, unable to uphold the contention. In view of the Full Bench formula, the Company can legitimately make such claim. According to the statements furnished by the Company (Exts. O and O1), the Company claimed that the amounts of the capital employed during the years 1950-51 and 1951-52 were respectively Rs. 1,95,231-2-6 and Rs. 2,38,997. The return at the rate of six per cent. on the amount of the capital employed for the year 1950-51 would be roughly Rs. 11,713-14-0 and for the year 1951-52 Rs. 14,339-13-0. Regarding claim for income-tax, although the partners owning the Company might have to pay higher rates of income-tax on their total income derived from different sources, I think the income-tax which should be admissible in accordance with the Full Bench formula would be one which is payable on the amount of the net income earned by the Company taking it as an individual unit and not according to higher rate on total income from different sources of the individual partners constituting the Company. The amount of income-tax on the net income of Rs. 34,262 for the year 1950-51 would thus be Rs. 7,560-10-0, while the income-tax on the net income of Rs. 65,824 for the year 1951-52 would be Rs. 25,174. Making full allowance on these heads the available surplus for the years 1950-51 and 1951-52 would be roughly Rs. 14,988-8-0 and Rs. 26,310-3-0 repectively.

In this Company emoluments of the employees were formerly on consolidated basis without specifying how much of it was basic wages and how much dearness allowance. It appears that in March 1952 the emoluments were divided into basic wages and dearness allowance and the employees have been receiving payment on the basis of such division without objection ever since. In the circumstances, the said divided basic wages as was then current would be the basis for the purpose of bonus calculation and payment. According to the Union, the total of monthly basic wages of the workmen eligible for bonus would be Rs. 5,469-8-0 (*vide* Ext. 12) while according to the Company, the total of such basic wages of the permanent employees at the head office and the garage was Rs. 10,754 in the

month of March 1952 (*vide* Exts. P, P1 and P2). The Company's version is more dependable in this respect for obvious reasons. It will so appear that even on the basis of Company's version there would be sufficient money available for payment of one month's basic wages bonus on the trading results of the year 1950-51 and two months' basic wages on the trading results of the year 1951-52, more so when there would be proportionate deduction of income-tax on the amount of the bonus declared. In the circumstances I allow one month's basic wages as bonus for the year 1951 and two months' basic wages for the year 1952.

Regarding 1952-53, there would be no available surplus on the accounts submitted by the Company. The accounts were not, however, audited by any registered auditor nor were it scrutinized by the Income-tax authorities as yet for assessment. It has, on the contrary, been seen that the Income-tax authorities did not accept the Company's accounts of previous two years and they raised the net income considerably. As the workmen are to depend entirely on the accounts maintained by the Company for the purpose and as the accounts are yet in fluid state in view of the circumstances already stated, I think the question as to bonus for the year 1953 cannot be decided either way in the present state of affairs. It is accordingly left open. The workmen would be entitled to raise the question when the Income-tax Department scrutinizes the accounts of the financial year 1952-53 and finds out the net profit for the said year.

Regarding Company's contention that the grounds of appeal against the assessments for the years 1950-51 and 1951-52 should be taken into consideration in finding out the income for those years, I am unable to uphold it. The assessment orders, so long they are not set aside, would hold good and it is not my province to sit on appeal on them.

So, to be precise, I find that the bonus equivalent to one month's basic wages for the year 1951 and bonus equivalent to two months' basic wages for the year 1952 should be paid to the workmen who were on the Muster Roll of the Company respectively during the financial years 1950-51 and 1951-52. The payment should be made within two months from the date the award becomes enforceable.

Issue No. 2

The Union examined all the six workmen concerned (P.W. 2 to P.W. 7) who denied the charges brought against them. The Company, on the other hand, examined its clerk D.W. 1 Shri Narendra Nath Biswas, the Manager, D.W. 2, Shri T. Jagmohan (*alias* Tipu Babu) and the Labour Officer, D.W.-3, Shri Parbati Nath Mukherjee regarding enquiry relating to the charges against these six workmen besides filing copy of the proceedings, Ext. G, and other documents.

Messrs. M. Tilak & Co. (Agents) is a proprietory concern carrying on motor transport business. All the six workmen were employed in its garage at 61, Ballyganj Circular Road—Shri Amal Kumar Maitra (P.W. 2) as Supervisor, Shri Abdul Sobhan (P.W. 5) as permanent Driver, Shri Naboo Singh (P.W. 4) as permanent Driver, Shri Bhagu Ahir (P.W. 3) as permanent Driver, Shri K. Bimaiya (P.W. 7) as Coolie and Shri Bhaggar Ahir (P.W. 6) as Tyreman. The evidence shows that at the relevant time Shri Amal Kumar Maitra was the Vice-President of the Union and other workmen except P.W. 5 were either ordinary members or members of the executive committee.

The Company alleged that its seniormost partner, Shri Varjiban Jaitha, obtained information from the Garage Manager, Shri Mudaliar that a tarpaulin belonging to the firm had been stolen, whereupon information was lodged at Karaya Police Station. In that connection an old couple was alleged to have been arrested by the police.

On 12th August 1953 an identification parade, according to the both sides, was held by the police inside the garage (and not on 10th August 1953 as wrongly stated in the written statement of the Union). On that day the temporary drivers, coolies and other workmen were sent out on out-door duties in the morning. It is alleged by the Union that some time after, the senior partner, Shri Varjiban Jaitha along with a Police Officer, several constables and an old couple arrived in the garage. The workmen were directed to stand in separate rows according to categories—the drivers in one row, supervisors in another row, coolies in one row and mechanics in another row. Then the senior partner, Shri Varjiban Jaitha, it was alleged, addressed the gathering and disclosed that one tarpaulin had been stolen nearly one month ago and that anybody who had stolen it would be pardoned if he would only confess about it. Nobody came forward to confess. The old couple was then asked to go round the rows and identify. First of all the old man went round but failed to identify anybody. Next the old woman went round and identified the coolie, Gyan Ali, and then another coolie, Dhanu. It is said that after this Gyan Ali confessed and implicated driver, Shri Tinkori Roy, who was not present there. Thereafter the police party left with the two coolies, Gyan Ali and Dhanu in custody to the Thana. It will not be out of place to mention here that eventually these two coolies, driver Tinkori Roy and Judhai Chowdhury were sent up for trial under sections 380/411, I. P. C., but they were discharged under section 253, Cr. P. C., on the finding that there was no sufficient evidence against them (*vide* Ext. 10).

Be that as it may, on that very day (12th August 1953) after the police party left, the garage Manager, Shri Mudaliar took the coolie, Shri K Bimaiya (P. W. 7) to the police-station. Shri Amal Kumar Maitra (P.W. 2), Vice-President of the Union, immediately followed them and found the Manager, Shri Mudaliar requesting the investigating officer to arrest said K. Bimaiya. Over this there was an altercation between Shri Amal Kumar Maitra and Shri Mudaliar. Shri K. Bimaiya was not, however, arrested as requested by Shri Mudaliar.

On 13th August 1953 the Company alleged that the Garage Manager, Shri Mudaliar, made report against Shri Amal Kumar Maitra (*vide* Ext. L).

On 14th August 1953 the Company served notices on the six workmen individually in terms as in Exts. E to E5 suspending them from service from 17th August 1953. The said date (*i.e.*, 17th August 1953), I am told by the learned advocate of the Company, was selected as the intervening days (15th and 16th August) were declared holidays. Be that as it may, urgency for such suspension before enquiry was not revealed in the notices, nor were the workmen concerned required to submit explanation in respect of the charges disclosed therein, although, at least, with respect to workmen other than Shri Amal Kumar Maitra, these were the only documents which specified charges against them.

On 17th August 1953 the Company admittedly by further communications in terms of Appendix "E", pages 34 and 35, to the written statement of the Union directed the six workmen "to appear before Mr. Varjivan Jaitha at 9-15 a.m. at 48 Ezra Street, on Tuesday, the 18th August 1953, to defend their case and submit written explanation." In the communication to Shri Amal Kumar Maitra, Appendix "E", page 35, departure was however made in that charges against him were besides formally specified.

The charges so enumerated against Shri Amal Kumar Maitra in Appendix "E", page 35, were (1) that he had been inciting some persons to assault some of the loyal employees of the firm; (2) that he was neglectful in his duties; and (3) that he was a habitual late comer.

The charge against the remaining five workmen as stated in Exts. E4 to E5 was on identical terms. They were charged with having been "connected with driver Tinkory Roy and his gang who were responsible for the unauthorised sale of the Company's property".

On 17th August 1953 on receipt of further communication of that date from the Company, the six workmen concerned prepared their explanations (Exts. F to F5) and submitted them on the next day (18th August 1953) before Shri Varjiban Jaitha at the head office in the morning as required. Shri Amal Kumar Maitra denied the first and second charges and admitted the third charge but pleaded that he had been doing so with the permission of the Proprietor because he used to come from Baranagore. The five other workmen denied the charges brought against them.

On 18th August 1953 an enquiry was alleged to have been held at about 9-40 a.m. in the head office in pursuance of Company's communication dated 17th August 1953, wherein the Proprietor, Shri Varjiban Jaitha, D.W. 1, D. W. 3 and others were present. Ext. G is alleged by the Company to be the typed copy containing the minutes of the proceedings of the said enquiry. D. W. 3, who recorded the minutes, stated in cross-examination that he did not remember how many typed copies relating to the proceedings and findings were made during the enquiry. He, however, admitted that some copies were typed when the matter came before the Tribunal. When questioned whether Ext. G was one which was prepared originally or one of those which were prepared at the time of Tribunal, he could not say which it was. D. W. 2, who claimed to have been present during the alleged enquiry does not find mention in the body of Ext. G where names of those who were present were mentioned. Although the name of D. W. 2, Shri Tribhuban Jagmohan was mentioned at the end of the proceedings at page 3 of Ext. G for the purpose of his signature, the said column is blank and does not contain his signature. It is, therefore, doubtful whether he was at all present. In Ext. G there is also no signature of Shri Varjiban Jaitha, although he was of course present. The evidence of the Labour Officer, D. W. 3, Shri Parbati Nath Mukherjee, who claimed to have written the proceedings reveals that he first took down notes of the proceedings in pencil, then put the said matter in proper form and place in ink on loose sheets and ultimately made over the said loose sheets written in ink for typing, and that Ext. G is the product after typing. The original pencil notes and subsequently transcribed notes in ink on loose sheets have not been produced and no explanation for the same has been given. Ext. G on the face of it shows that no witness in support of the charges was examined, but only the workmen concerned were interrogated separately one by one. In their evidence D. W. 1 and D. W. 3 however stated that all the workmen were present during the enquiry, meaning simultaneously. According to D. W. 2, the letters Exts. K to K2 were shown to Shri Amal Kumar Maitra during the said enquiry. But Ext. G does not show that these documents were shown to P. W. 2, Shri Amal Kumar Maitra.

The findings as appearing in Ext. G, according to D. W. 3, were arrived at jointly by him and the Manager Shri Mudaliar in 5/6 minutes after the enquiry was over. It is to be considered whether this fact does not suggest that everything was being done from a pre-conceived notion.

Be that as it may, on 19th August 1953 the decision of the management was communicated to the workmen. Workman, Shri Amal Kumar Maitra (P.W. 2) was dismissed and workmen, Shri Abdul Sobhan (P. W. 5), Shri Bhaggar Ahir (P. W. 6) and Shri K. Bimaiya (P. W. 7) were discharged—all from 17th August 1953 when they were suspended. The two other workmen, Shri Bhagu Ahir (P. W. 3) and Shri Naboo Singh (P.W. 4), who were suspended, were not allowed to resume duty though it was held in

Ext. G "no *prima facie* case could be found in respect of these workmen". Hence the dispute.

"Though the Tribunal does not act like a Court of Appeal but rather as a supervisory body, it would be open to the Tribunal to examine the findings of the management on the charge of misconduct to assure itself that there is evidence to support the findings and that the decision of the management is a possible view on the evidence before it." It has also been pointed out in the case of Buckingham and Carnatic Co., Ltd., reported in 1952 L. A. C. 491, that in four exceptional circumstances a Tribunal can review the decision of the management, namely, (1) where there was want of *bona fides;* or (2) where it was a case of victimisation or unfair labour practice or violation of the principles of natural justice; or (3) where there was a basic error of facts; or (4) where there was a perverse finding on the materials. The Tribunal has to be satisfied that on the materials before the management the view which it took was a possible and probable one. Now, let us see how far it was so.

At the very outset it may be noted that the Company, it appears, made a show of an enquiry on 18th August 1953 at 9-40 a.m. as communicated earlier on 17th August 1953. Though the version of the workmen that there was no enquiry at all is not strictly correct, their evidence that there was no enquiry after they submitted explanations on 18th August 1953 in respect of the charges cannot be brushed aside. The record of the proceedings of enquiry as filed by the Company would show that the enquiry was not real but a mere eye-wash. When the charges were denied it was incumbent upon the management to examine the witnesses in support of the charges brought against the workmen and to afford opportunity to those who were charged with to cross-examine those witnesses, if any. Nothing however was done in this respect. Besides, it appears from Ext. G that certain suggestions not communicated to the workmen previously were made to them during the enquiry and even when they denied them, none was examined in support of those suggestions and thus the workmen concerned were deprived of the opportunity to cross-examine. The question of defence can arise only when there is evidence in support of the charges or the suggestions made at later stage and not before. Notwithstanding denial it appears that these were made the basis of decision against the workmen. Regarding Shri Amal Kumar Maitra's plea that he was coming late with permission from the Proprietor, Shri Varjiban Jaitha as he was indispensable and as he came from Baranagore, the proprietor, of course, denied it during the proceedings but he did not afford opportunity to Shri Maitra to cross-examine him. So his denial was of no value. In the circumstances the workmen rightly characterised that it was a show of enquiry and not a *bona fide* enquiry with respect to the charges levelled against them.

With these remarks let me deal with the cases of the workmen individually. Firstly, against workman, Shri Bhagu Ahir (P. W. 3) and Shri Naboo Singh (P. W. 4), Drivers, it was held by Ext. G that no *prima facie* case could be found in respect of these two persons. Curiously enough, notwithstanding such finding, it was remarked in Ext. G that their suspension period should be extended by seven days more to facilitate further investigation. After making such finding the Company, it appears, did not move but sat tight over the matter. The strike commenced on 26th August 1953 and if the Company so minded it could have concluded the enquiry within seven days by 25th August 1953. It did not do so. So it is an idle plea that the Company could not do anything as the strike broke out. Even if it was not possible to do so, I find no justification to refuse employment to these workmen and to keep them suspended indefinitely when even before this Tribunal the Company could produce no materials whatever in support of the charge against them. It is, therefore, obvious that

their action in refusing employment to these workmen so long and to keep them suspended is not *bona fide*. It appears from Ext. 11 that even when the Labour Officer recommended employment to them on termination of the strike, the Company refused to do so. This also shows that its action was *mala fide*. In the circumstances, I find that the refusal on the part of the Company to give them duty is unjustified and cannot be sustained. The learned advocate of the Company was also good enough to admit that he had no case against these workmen.

Secondly, against three workmen, Shri Abdul Sobhan (P. W. 5), Shri Bhaggar Ahir (P. W. 6) and Shri K. Bimaiya (P. W. 7), who were discharged, the Company's charge was that they were suspected to be connected with driver, Shri Tinkori Roy and his gang, who were responsible for unauthorised sale of the Company's property. All of them denied the charge. No witness was examined either during the alleged enquiry or before this Tribunal in support of the charge. The workmen not only denied the charge in their explanations and during the enquiry but also before this Tribunal. The suspicious circumstances introduced against them for the first time during the alleged enquiry on 18th August 1953 were also denied by the workmen when they were questioned about them and yet no witness was examined in support of those suggestions either during the alleged enquiry or before this Tribunal. Therefore, the evidence of the workmen remained unrebutted. So it comes to this that the finding of the management was without any basis whatever, and it cannot, therefore, be sustained. P. W. 5, Shri Abdul Sobhan denied on oath before this Tribunal that he and Moin travelled in the same bus towards the garage on 12th August 1953. He besides deposed that he did not attend garage on 12th August 1953 and 13th August 1953. The Company has in its possession the attendance register which they did not produce to refute it. It is also in his evidence that he went to the garage on 14th August 1953 when the Manager without allowing him to resume duty took him to the Thana where at the instance of the Police Inspector an old couple was asked to identify him but they failed to identify him. His evidence also reveals that after this failure he was let off. It appears that even then on that very day he was given charge-sheet and suspended (*vide* Exts. B series). Likewise, P. W. 6, Shri Bhaggar Ahir on oath denied that he was taking tea in a tea stall when the police came to hold identification parade and deposed that he did not at all go for duty on 12th August 1953 as after return from duty on the previous day (11th August 1953) he had some motions. P. W. 7, Shri K. Bimaiya, deposed that he was present during identification parade on 12th August 1953 and none identified him and that even in spite of this Shri Mudaliar took him in his car to the police-station and requested the police to arrest him, but they declined to do so on the ground that there was none to identify him and that over this there was altercation between Maitra Babu (P. W. 2) and Mudaliar Saheb. Notwithstanding this, he was suspended and given charge-sheet on 14th August 1953. The suggestions made during the alleged enquiry are no proof and cannot be the basis of any decision. Then the principals, Tinkari Roy, Gyan Ali and others, with whom they are said to have been connected or to have conspired, it has already been noted, were discharged for want of sufficient evidence (*vide* Ext. 10). So Company's action against them not only appears to be without basis but also *mala fide*. Their discharge cannot, therefore, be sustained.

Lastly, against Shri Amal Kumar Maitra (P. W. 2), Vice-President of the Union, the Company alleged at page 6 of its written statement "There was an incident on 12th August 1953 in the Garage when the police went into the Garage to investigate a case of theft and arrested two lorry coolies, Dhannu and Gyan Ali. Investigation by Police disclosed a conspiracy to cheat the Company of its properties by a certain gang of workmen.

On the disclosure of this fact and the arrest of the two coolies, Amal Kumar Maitra along with others started behaving in a manner which was subversive of maintenance of discipline in the Garage. When this matter was brought to the knowledge of the Management, they issued charge-sheet to him on 14th August 1953." This gives the clue how the charge-sheet was also given to him. He denied the first two charges in his explanation, yet no witness was examined in support of the charges either during the enquiry or before this Tribunal. Regarding the third charge, he, of course, admitted of having been a habitual late comer but he, however, pleaded that he was so coming late more than other co-workers with permission from the proprietor as he was to come from Baranagore. The circumstances seem to support his case. It has already been noted that there was an altercation between him and the Manager, Shri Mudaliar on 12th August 1953 when the latter took Shri K. Bimaiya and was insisting upon the Police Officer to arrest the said worker. Behind this background the Manager, Shri Mudaliar for the first time on 13th August 1953 made a report to the proprietor against P.W. 2, Shri Amal Kumar Maitra regarding his late attendance and complaining further that he was inducing drivers and coolies "to hit him and Suresh" (*vide* Ext. L). This letter was apparently actuated by the incident of the previous day when there was altercation between him and P. W. 2 over the former's request to the Police Officer to arrest Shri K. Bimaiya. If P. W. 2's habitual late attendance was not permissible, he would have been reported against about it earlier. Of course, during the enquiry the Proprietor, Shri Varjiban Jaitha, denied having granted such permission but then he did not subject himself to cross-examination by Shri Amal Kumar Maitra, who persisted in so saying and furthermore circumstanese also pointed in favour of the workman.

Regarding the first charge of inciting others to assault the loyal workers, there is no mention about it even in the letter, Ext. L, except the allegation that Shri Mudaliar and Suresh were threatened. But neither Shri Mudaliar nor Shri Suresh came forward to make such statement either during enquiry or before this Tribunal. Regarding the letters, Exts. K. series, it seems that these were faked. The alleged authors of these letters were not examined either during the enquiry or before this Tribunal. No mention was made about them either in the letter, Ext. L, or in the minutes of proceedings, Ext. G. It is said in evidence by the Company that these letters (Exts. K, K1 and K2) were forwarded by the Garage Manager, Shri Mudaliar, to the Head Office, but there is nothing on them to show that these were at all received by the Manager or at the Head Office. Ext. K was addressed to the Manager while Exts. K1 and K2 were addressed to the Proprietor at 48, Ezra Street.

Regarding the entry Ext. J, it seems to have been purposely introduced by the Company to mislead the Tribunal. Even if the evidence of D. W. 2 that P. W. 2 was absent from duty on 26th March 1953 and 27th March 1953 and came late on 28th March 1953 and that when on 28th March 1953 he was marking himself present for 26th March 1953 he was detected in the said act by Shri Mudaliar who marked him absent and made his initial thereunder be true, it is of no help to the Company when no such charge of falsification of attendance was brought against the workman. Had the case in this respect been true, it would not have been left without taking action contemporaneously or long before the present action. It appears that this was purposely introduced into the findings as recorded in Ext. G in order to take action by giving a bad name to the workman. The circumstances leave no room for doubt that the Company proceeded against this workman from a pre-conceived idea and its action against him was not *bona fide*. The previous charges as in Exts. I and I1 are therefore of no consequence. The dismissal cannot, therefore, be sustained and must go.

It will not be out of place to mention here that the alleged theft of tarpaulin out of which the dispute cropped up has not even been substantiated though challenged from the very start.

So to conclude and to be precise, I find that all the six workmen are entitled to be reinstated with full emoluments from 17th August 1953. The Company is directed to reinstate them on their reporting for duty within one month from the date the award becomes enforceable. The Company is also directed to pay their wages, dearness allowance, etc., from 17th August 1953 till the date of the publication of the award in the *Calcutta Gazette* within one month from the date the award becomes enforceable.

Issue No. 3.

Serial Nos. 1 to 7 were clerks and supervisors, serial Nos. 8 and 9 were mechanics, serial Nos. 10 to 14 were drivers and serial Nos. 15 to 25 were lorry attendants designated as coolies. Out of these 25 workmen, 11 have since admittedly quitted service of the Company. They were, supervisors and clerks (serial Nos. 1 to 7), one mechanic (serial No. 8), two drivers (serial Nos. 11 and 14) and one coolie (serial No. 21) (*vide* P. W. 1). So the case of the remaining workmen, namely, one mechanic (serial No. 9), three drivers (serial Nos. 10, 12 and 13) and ten coolies (serial Nos. 15 to 20 and 22 to 25), need consideration and of none else. Annexure 7 to the Company's written statement shows the length of service of each of these workmen up to 25th August 1953. There was admittedly strike from 26th August 1953 and no work from that date till 11th February 1954.

The Union alleges that though these workmen are employed in the permanent establishment of the Company still they are being deprived of all the benefits admissible to the permanent workmen, such as, leave, holidays, etc., by describing them as temporary hands. The Union accordingly claims that when these workmen have all put in service for more than six months, they should be made permanent. The Company resists the claim. It contends that in view of the nature of the transport business which the Company has been carrying on, which was of a fluctuating nature, the Company has in its employ different categories of workmen—some permanent workmen, some temporary and some casual workers. It cannot do otherwise and make all of them permanent. Besides, out of the 25 workmen, serials 9 to 25 were appointed as casual workers. Lastly it is said that due to strike and verious other factors the Company's volume of work has been considerably diminished. Up to the middle of 1950 the Company possessed 60 lorries and used to ply in the road about 45 lorries; then before the strike from 26th August 1953 the Company possessed about 40 lorries and used to ply about 30 lorries; but after the strike the Company lost a considerable volume of its work with the result that it possesses 30 lorries but plies only 15 to 17 lorries per day. As the volume of work has thus been greatly reduced and as the Company has full complement of permanent employees to meet the present requirement, the Company is not in a position to make these men permanent.

The fourteen workmen (one mechanic, three drivers and ten coolies) whose case is required to be considered were, according to both sides, employed on the basis of "no work no pay" and they used to be paid wages weekly (*vide* page 25 of the written statement of the Union). The statement regarding length of employment of each of these workmen (annexure VII to the written statement of the Company) goes to show that these men were employed from time to time and none had continuous employment so far. It further appears that none of these workmen had put in even total length of six months' service prior to the commencement of the strike on 26th August 1953, while since the strike they admittedly did not work. The evidence reveals that the volume of work of the Company has been considerably

reduced since the strike and there is no prospect of improvement in the position in the near future. According to both sides, the Company after the strike possesses only 29 lorries. The evidence shows that out of them only 17 lorries ply. As against this, it is admitted by the Union that the Company has 18 permanent drivers and about 20 permanent coolies (*vide* P. W. 1). In the circumstances, I agree that there is no scope for employment of these workmen on permanent basis.

Regarding promotion of three permanent coolies to the post of drivers in preference to the three drivers whose case is before the Tribunal, the evidence shows that these three drivers as also others declined to attend and take out lorries from the workshop before 8 a.m. while the customers wanted their presence at 7 a.m. In the circumstances the Company alleges that it had to promote the three permanent coolies who knew motor driving and who expressed willingness to work at 7 a.m. I find nothing wrong on the part of the Company in so doing. When the fourteen workmen in question were employed on the system of "no work no pay" and had none continuous employment, the Company cannot be saddled with additional liability by making them permanent if it cannot be shown beyond doubt that there is scope for their permanent employment in the present volume of work. From the evidence and circumstances I am unable to hold that there is such scope. The result is that prayer for making these workmen permanent cannot be upheld.

The issue is accordingly answered against the workmen.

Issue No. 4.

It is nobody's case that the strike was illegal. A strike, though not illegal, may be unjustified. In the present case the Company pleads that the strike was unjustified and consequently the employees are not entitled to any pay during the strike period. I agree that the workmen are not entitled to any pay for the strike period if the strike, though legal, was unjustified (*vide* 1952, L.A.C., page 317). So the question to be considered in this respect is whether the strike was justified or not. The Union contends that it was justified. The employees struck work from 26th August 1953 as the six workmen were suspended and thereafter one was dismissed and three discharged and two refused work. The Union contains that as the action of the Company in terminating the employment was unjustified, the workmen were within their rights to go on strike from 26th August 1953 as they did. I am unable to uphold this. No doubt strike is one of the fundamental rights available to workmen but it cannot be justified unless before so doing all other remedies were exhausted. A strike is justified only as a last weapon when all other remedies have been exhausted. In the present case, according to the showing of the Union, they did nothing whatever to get redress through proper channels before resorting to strike. They did not approach the proper authorities for redress. The Company, on the other hand, simultaneously with the strike reported the matter to the Labour Commissioner on 26th August 1953 (*vide* Ext. H). The Labour Commissioner wrote to the President of the Union by Ext. H1 on 26th August 1953 to maintain *status quo* under section 33 of the Act, in that he had taken up the dispute for conciliation. It was not heeded to by the Union. The strike continued. The Company wrote to the Labour Officer on 29th August 1953 how in execution of the said strike the men had resorted to threats of violence. In spite of the request of the Labour Officer to resume duty and to maintain *status quo*, the workmen did continue the strike. The Assistant Secretary to the Government of West Bengal, in the Labour Department, wrote to the President of the Union on 12th December 1953 by Ext. H3

requesting him to call off the strike. Even after this the strike continued. The Company were losing customers (*vide* Ext. H4). The evidence of D. W. 2 shows how the strike affected the Company. P. W. 1 admitted that the strike did really affect the Company as claimed. It was only in the conciliation proceedings that the workmen consented by agreement on 3rd February 1954 to withdraw the strike from 4th February 1954 and not before. In the circumstances, the strike cannot be said to have been justified. The case reported in 1953, L. A. C., page 86, has no application to the facts of the present case. The facts are quite different. There the strike was only for one hour as a consequence of unfair labour practice in the matter of dismissal. In the present case the workmen not only resorted to strike without exhausting all other remedies but also persisted in it in spite of repeated directions of the authorities to maintain *status quo*. Then again the present case is no strictly a case of unfair labour practice or victimisation. I am, therefore, of opinion that the workmen are not entitled to pay during the strike period.

The Union contends that when by the settlement, dated 3rd February 1954, the strike was withdrawn categorically from 4th February 1954 and when the Company agreed to grant 10 days' time for resumption of duty and when it further stipulated that the actual work would begin from 12th February 1954, there is no justification on the part of the Company to refuse pay to the workmen for eight days from 4th February 1954 to 11th February 1954. The contention seems to be well-founded. By the agreement appendix 'F' to the written statement of he Union, the Union, it appears, withdrew the strike unequivocally from 4th February 1954. It further appears from the said agreement that the Company granted 10 days' time from 4th February 1954 to the workmen to resume duty (*vide* paragraph 9 of the settlement). Then again the Company agreed that the actual work would begin with effect from 12th February 1954 and that workers would resume their duties on that date (*vide* paragraph 3 of the settlement). After having granted these concessions, I think the Company should in fairness give pay to the workmen for the said concessional period from 4th February 1954 to 11th February 1954. The payment should be made within one month from the date the award becomes enforceable.

Now, therefore, in terms as above, I give my award in respect of all the issues.

Judge, Third Industrial Tribunal.

The 18th August 1953.

By order of the Governor,
S. MULLICK, Jt. Secy.

This contention, which is raised before us, by Shri Sen, lawyer for the company, was also raised before the lower Tribunal. The lower Tribunal observed that it could have understood the case if Narain Chandra Das was discharged on the ground of inefficiency and came to the conclusion that the company's dealings were not strictly above board regarding this employee. It further observed that the company did not enter Prithviraj and Prolhad in the attendance register of December 1952. The Manager was non-plussed when confronted with this. He was forced to admit that some persons are paid by voucher. The names of all the persons junior to the appellant are given in Exhibit A. There are two clerks in the Provident Fund Department and surely any one of the appellant's juniors from this department or from the Jute Department or Ration Department, or Store Department or the Labour Officer could have been discharged on the principle of "last come, first go." At present we are not concerned with the question as to who should be discharged or whether anybody should be discharged at all. If the company decides to discharge any one and if it is justified in doing so, the discharge should be made in accordance with the rule of "last come, first go". We reject the contention of the learned lawyer for the company that all the junior clerks are engaged in such specialised works that the principle of "last come, first go" cannot be applied in view of the work of specialised nature. For instance, with regard to the clerks in the Provident Fund Department, it was suggested that the clerks doing the work should be acquainted with accounts. But we may observe that the knowledge of accounts required in this Department is not of such a nature that any specialised person is necessary for that kind of work. We therefore see no reason to interfere with the findings in the award under appeal and we accordingly dismiss this appeal with cost which we assess at Rs. 50.

DECISION.

This is an appeal by one Hari Charan Panji, an employee of Messrs. Rivers Steam Navigation Co., Ltd., and Indian General Navigation and Railway Co., Ltd., commonly known as Joint Steamer Company, against the award of the Third Industrial Tribunal, dated 9th January 1954, holding that the retirement should stand and the four employees should each get one month's wages and dearness allowance. This is an appeal only by one of the four employees. During the pendency of the dispute arising out of the original reference, out of which the present proceedings have arisen, the four employees, who had made complaints under section 33(A) of the Industrial Disputes Act, along with three others, were served with notices on 29th May 1953 asking them to retire from their service from 30th June 1953. The retirement was upheld by the lower Tribunal. It is unnecessary to repeat the facts already given in the award under appeal.

The Company's case is that the action taken was strictly in conformity with the agreement between the Company and the Union and was also according to the terms of a former award. It is submitted by the Company that under the agreement dated 25th March 1952 between the Companies and the Indian Steam Navigation workers' Union, it was agreed that six clerks with more than 35 years' service would be retired when their services would become redundant. At that time the appellant, Shri Hari Charan Panji, had not completed 35 years' service but at a subsequent meeting held on 27th May 1953 the Union agreed that the services of Shri Panji may be dispensed with. It is stated that it was thus agreed that the seven employees who had then completed 35 years service should be retired in view of the fact that the reduction of the staff of the joint Audit Department was necessary and the former award referred to above, had provided that irrespective of the length of service, the age of compulsory retirement was sixty. The above agreement was arrived at as the services of some of the staff of the joint Traffic Audit Department were not required. The Company submit that in view of these agreements and requirement of the Company to retrench, and as the retrenchment was done in accordance with the formal award and agreement, the action to retire the employees was *bona fide* and justified. The company submit that as provision for retirement was made in a formal award and as the action taken was in pursuance of the agreement with the union, no written permission under section 33 of the Industrial Disputes Act was necessary.

This is the third appeal which we have heard within a short space, about three weeks, in which the provisions of section 33 have been disregarded on one excuse or another. The Tribunal observes: "It is in a way admitted by the Companies that there was a contravention of the provisions of section 33 as they did not take permission from the Tribunal". We have already expressed our disapproval of this line of conduct to contravene section 33 and then plead that it was unintentional or that the observance of the section is not necessary on some doubtful and disputable ground. As we have made it clear whenever a statute is disregarded, the disregarding party shall not be allowed to benefit by that act and will have to face the consequences of their intentional or unintentional neglect of law. According to the authoritative decision of this Tribunal, the mere disregard of the provisions of this section does not justify reinstatement and the lower Tribunal rightly examined the merits of the case.

The Company's case is that they have acted within their authority in accordance with the award and in full compliance of the agreement with the union. It was also admitted at the time of the argument before us that the retirement was made on account of the subsequent agreement with the union, sanctioning the retirement of seven persons including the appellant. It was further admitted that the first agreement with regard to the six employees does not cover the case of the appellant. Therefore to justify the retirement of the appellant the company will have to show that the subsequent agreement was really arrived at between the Company and the Union. There is no proof of this subsequent agreement. It appears that certain proceedings of the meeting were drawn up subsequently, and these proceedings are not signed by any member of or on behalf of the Union. The learned lawyer for the Company submitted that the mere fact that a copy of the proceedings is produced, in the absence of any proof that such an agreement was arrived at, it must be taken to have been agreed upon. In other words, we are asked to presume that the subsequent agreement was actually arrived at. This fact is of course denied by the union and we see no reason whatever to presume that the subsequent agreement was actually reached. When that agreement is denied, and the justification of the retirement depends on that agreement, in our opinion, the fact that such an agreement was reached, should have been proved by the Company. It was not difficult for the company to do so. Even a statement of the Manager or any other person present at the time may have been sufficient. We therefore hold that retirement of the appellant, at the age of 59½ years, was premature, and the appellant is entitled to get six months' full pay, his total emoluments, which he lost on account of the premature retirement. Of course he is not entitled to the one month's salary granted to him in lieu of notice, and the amount, if already received, will be accounted for in the payment of the six months' emoluments awarded above. The award is therefore set aside and this appeal is allowed as aforesaid with costs.

As the Company failed to observe the provisions of section 33 of the Industrial Disputes Act, the appellant is entitled to the costs of this appeal, irrespective of the results of this appeal. He will get costs from companies which we assess at Rs. 150.

DECISION.

These two appeals are directed against an award of the Fifth Industrial Tribunal in a dispute between Messrs. Western India Match Company, Limited (WIMCO, Ltd.), and their employees and referred to it by West Bengal Government order No. 2699Dis./D/11L-21/52, dated the 7th October 1952.

The following nine issues had been referred to the Tribunal:—

(i) Working hours for clerical staff, drivers, subordinate staff at office as well as at depots.

(ii) Grade and increment in respect of driver.

(iii) Whether the claims for increment and/or upgrading, the case may be, in respect of (a) Shri P. C. Bose, (b) Shri R. B. Sinha, (c) Shri D. K. Chakravarty and (d) Shri K. Mukherjee are justified? What redress they are entitled to?

(iv) Sick leave with pay for two depot Mazdoors.

(v) Accumulation of privilege leave for subordinate staff including depot watchmen and depot sweeper.

(vi) Whether the Company is justified in giving the depot sweeper the existing remuneration? If not, what should be his basic pay and scale of pay? Is this employee entitled to any dearness allowance, bonus and tiffin allowance? If so, what?

(vii) Re-employment of Shri Kalachand Samajpati.

(viii) Leave allowance.

(ix) Gratuity.

The Tribunal made its award in respect of all the issues. The appeal by the Union which is Appeal No. Cal. 180/53 is confined to the award in respect of issues Nos. 1, 2, 4, 7, 8, 9 and Appeal No. Cal. 184/53 which is by the Company is confined to issues Nos. 1, 2, 6, 9.

Before considering the appeal on merits with regard to the issues, an objection taken by the Company which was rejected in the Tribunal below should be considered first as it affects most of the issues.

The Company objected that the workmen were not at liberty to raise the dispute as the matters were covered by an agreement under section 19 of the Industrial Disputes Act concluded in a conciliation proceeding. It appears that the Union submitted a charter of demands containing many items and an agreement was concluded on 26th November 1951, which was to remain binding for a period of two years. The terms of the settlement were as follows:—

"The parties agreed to settle the above dispute on the following terms for full and final settlement of their disputes and this will remain valid for two years from 1st December 1951":—

(1) *Scales of pay.*—It has been agreed by the parties to introduce a new grade, viz., Rs. 110—7—180. Accordingly names have been suggested by the employers considering their efficiency, seniority and other necessary points and approved by the Union. The names are as follows:—

(1) B. K. Basu, (2) A. N. Banerjee, (3) R. N. Mitra, (4) T. Mullick, (5) D. B. Upadhaya, (6) O. N. Pathak, (7) B. K. Talukdar, (8) S. K. Auddy, (9) D. N. Sen Gupta.

Other grades will remain as it is.

(2) *Scales of pay of the menials.* At present the scale remains Rs. 30—1—40. But it has been agreed to raise it to a maximum of Rs. 45 putting an efficiency bar at Rs. 40 and allowing yearly increase of rupee one thereafter.

(3) The question of gratuity will be considered by the Board of Directors of this Company afterwards and the employees will accept their decision as final.

(4) All the above points will be effective from 1st December 1951.

(5) All other demands as per charter of demands submitted by the Union in the Labour Directorate (except the above points) are hereby withdrawn.

(6) Regarding the question of tiffin allowance and working hours will be decided later on in a joint conference.

It was argued that as the opening words were "for full and final settlement of their disputes" demands that were not conceded were rejected and could not be reagitated for two years. Paragraph 5 of the terms, make the position clear, the other items were taken out of the charter of demands, i.e., from the conciliation proceedings. This makes the position clear that the other items were not rejected but were left outside the agreement. The contention of the Company that the other items of the charter of demands shall be deemed to be rejected for two years is not correct. The learned Tribunal below was correct in rejecting this contention of the Company.

Let us now consider issue No. 1. This relates to the working hours of the clerical and of the subordinate staff.

By an award of the mercantile Tribunal in 1949, the working hours were fixed at from 9-30 a.m. to 5 p.m. with a recess for half an hour and on Saturdays from 9-30 a.m. to 1 p.m. The Company followed this in respect to the clerical staff but though no reservation was made for subordinate staff, they were asked to come at 8-30 a.m and remain till 6 p.m., while the drivers are asked to come at 8 a.m. and remain till 7 p.m. The Union claimed attendance for all at 9 30 a.m. with a grace for 15 minutes till 4-30 p.m. on Mondays to Fridays and from 9-30 a.m. to 1 p.m., on Saturdays for all categories of employees.

The Tribunal refused to revise the working hours for the clerks and for the subordinate staff. It awarded that they should come half-an-hour earlier and depart half-an-hour later. This differentiation was made because it was necessary for the subordinate staff to come a little before and make the office clean and tidy for the clerks to come and also put things in order after clerks leave. We are of opinion that the Tribunal has taken a practical view of the matter and this difference ought to exist. The appeal by the Union against this must fail.

For the clerks, a reduction of half hour was demanded on the ground that in some offices shorter hour existed. The total working hour amount to 39 hours in the week which is not considered excessive and we are not prepared to disturb the award of the Tribunal. When we do not disturb the working hours of the clerk, we should not disturb the working hours for the subordinate staff.

For the driver, the Tribunal found the working hours at from 8-30 a.m. to 6 p.m. The drivers have to carry employees to office and take them back. The longer hours are necessary. The appeal on this issue by the Union fails.

The learned advocate for the Company contended that the drivers made an agreement for the working hours and could get no relief. The agreement was made before the reference and as it was not before the conciliation officer, they could raise the dispute. The contention of the Company must fail.

The award of the lower Tribunal in this respect be affirmed.

Issue No. 2.—The Tribunal found the grade for the driver at Rs. 60—3—90 (10 years)—E.B.—4—118 (7 years). The learned counsel for the workmen argued that the previous grade was that a driver could reach Rs. 99 in lesser number of years. This argument must fail as there was no grade before and only *ad hoc* increment was given and it was only an accident that a particular driver reached Rs. 99 earlier The present grade and scale of pay are satisfactory and the method of adjustment, i.e., placing the man in the appropriate stage in the time scale or to the next higher stage, when it is not in any one stage is satisfactory. This does not call for any interference. The appeal by the Union on this point fail. The Tribunal fixed overtime allowance for the drivers. The appeal by the Company on this point must be upheld as it is beyond the reference. The award in respect to overtime allowance be set aside.

Issue No. 4.—Here two of the depot mazdoors, Bama Charan Mali and Sonatan Rauth fell ill and had been recommended sick leave for a month with pay by the medical officer of the Company. The Company refused this on the ground that subordinate staff was not entitled to any medical leave with pay under the terms of the mercantile award. The learned Tribunal quoted the following passage from the award of the Mercantile Tribunal:—

> "*Sick leave—Against medical certificate (firm's doctor).* Maximum three months on full pay with firm's discretion to extend the period without pay.
>
> We are told that these leaves are not available to the members of the subordinate staff, who are said to get leave at the dicretion of the employers. We retain the existing rules with this modification that for the subordinate staff privilege leave shall be for 14 days per year cumulative up to three years and casual leave shall be five days with pay and five days without pay in a year, non-cumulative and not to be taken in extention of the privilege leave or any holidays and sick leave without pay at the discretion of the Company".

In the mercantile award, four concerns were dealt with in one award. In the case of Messrs. Anderson and Wright and Co., a distinction had been made between clerical staff and subordinate staff and the passage quoted above appears there. The case of this concern was dealt with in a later place in which the distinction has not been maintained. Here clerks and members of the subordinate staff have been treated equally.

Here the rule about sick leave is—

> *Sick leave.*—Subject to medical certificate, one month's sick leave for each year of service subject to a maximum of 12 months in all during the whole of an employees period of service.

Under this rules the leave is admissible. The award in this respect is allowed and the two workmen are allowed leave on full pay.

The appeal on this point is competent as the substantial question of law involved is that the Tribunal applied to the case the rules of a different concern other than those of the Company concerned.

Issue No. 6.—The appeal is by the Company on the issue. Here the matter is simple. The Company had a grade for menials, Rs. 30—1—45. Pearilal, the sweeper was not admitted to the grade by the Company on the ground that he was a part-time worker while the Union contended that he was a whole time worker. The lower Tribunal, on evidence, found that he was occupied for most of the time and was in fact a whole time employee. He was then put into the grade. No appeal lies against this unless a substantial question of law is involved. This is a question of fact concluded by the findings of the lower Tribunal which have not been shown to be perverse.

The learned Advocate could not establish any other substantial question of law and the appeal on this point is incompetent.

Issue No. 7 relates to the re-employment or reinstatement of Kalachand Samajpati. He was appointed as a clerk in 1944 and was posted to the Accounts Section. In the letter of appointment the following terms appear:—

> "We shall further be entitled to determine the employment at any time without any notice of payment in lieu of notice in the event of your being guilty of any disobedience or upon your breach of any of the conditions of this letter or our office regulations or of your being guilty of any act or conduct calculated to or which shall cause any damage or discredit to the Company or in the event of your neglect of your duties or your becoming from any cause incapacitated for a longer period than two calendar months from properly discharging your duties".

He met with an accident in June 1948, by a fall from a bus while going to office. He was taken to the hospital and an operation on the groins had to be performed. He was detained in the hospital for some months and on the basis of the conditions of service quoted above, the Company terminated his services (Ex. B). On his recovery, he wrote to the Company for reinstatement on 15th October 1948, and in reply the Company wrote to him on 6th January 1949: "As soon as any suitable vacancy occurs in the office, your application will be given due consideration." Samajpati again wrote to the Company on 20th February 1949. The matter was thereafter taken to the Labour Commissioner. The Company again wrote to the Labour Commissioner on 16th November 1949, that his case would be sympathetically considered when a suitable vacancy would arise.

Thereafter six appointments have been made but Samajpati has not been reinstated. One new appointment has been made in the post held by him. He has not been taken. During the course of hearing before the lower Tribunal it was said on behalf of the Company that Samajpati was unfit for appointment. There is no record of his inefficiency and this plea is inconsistent with the assurance of re-employment. Equally inconsistent was the suggestion in cross-examination of Samajpati and repudiated by him that he had been suffering from bone T.B.

The Tribunal refused to reinstate Samajpati on the ground that the Company terminated his services on the basis of the agreement for service and he could not be reinstated. This view of law is erroneous. The cases are covered by the principle enunciated in paragraphs 8 and 9 of the judgment in the case of Buckingham & Carnatic Co's. case (1952 L.A.C. 490) and later followed in other cases. The Tribunal can override contracts or act against contracts made by the parties. The decision of the case on this erroneous conception of the jurisdiction of the Tribunal raises a substantial question of law and makes the appeal on this point competent.

It has been held by this Tribunal that an employer ought not to terminate the services of a person for absence due to reason beyond his control and in the instant case there cannot be any doubt about that. It is no doubt true that it is often difficult for an employer to keep a post vacant for long but in the present case Samajpati waited long and the management made many appointments in this post in the meantime. The learned Advocate for the Company argued that this was a case of re-employment and not reinstatement. In the present case re-employment means reinstatement. This is a fit and proper case where an order for re-employment or reinstatement should be made. We accordingly decide that Kalachand Samajpati be reinstated within a month of this decision coming into operation, on a salary which he would have been entitled to if he had been in continuous employment. These years be treated as leave without pay with continuity of service. On account of this long delay, we only order for payment of Rs. 1,000 to Kalachand as compensation for forced idleness.

Issue No. 8.—This relates to an allowance to be granted to the worker for spending leave in health resorts on the ground that some officers are paid that. The lower Tribunal disallowed this on the ground that these were in the nature of ex-gratia payments to officers. This has not been a very common condition of service in mercantile firms of West Bengal and the lower Tribunal's view appears to be correct. The appeal on the point should be dismissed.

Issue No. 9.—The Union demanded retiring gratuity in addition to Provident Fund allowed by the Mercantile Tribunal. The Union demanded gratuity at the rate of one month's pay for each year of service and wanted to have identical facilities allowed by the Company at its Bombay centre. The Company objected on the ground that Mercantile Tribunal did not allow it. Since the Mercantile Tribunal there have been many awards providing double retiring benefits where the concerns are prosperous (General Assurance Society, Ltd., 1952 L.A.C. 124; Assam Oil Co., 1954 L.A.C. 543 and some other cases). The prosperity of this concern cannot be doubted. This is a fit case where two forms of retiring benefits should be allowed.

The Company raised an objection that in the conciliation proceedings, it was agreed to be settled by negotiation within three months. As the parties failed to come to a settlement within three months, a reference after that period is not bad. The Tribunal was competent to allow a gratuity scheme. The appeal by the Company is for the total rejection of the scheme and the appeal by the workmen is for enhancement of it to a month's wages for each year of service. From what we have said before, the appeal of the Company must fail. The Company had its scheme at Bombay and we fail to see any reason why it should be different here. We consider that in fairness the scheme at Bombay should be made applicable here. The Bombay rules are embodied in an award and we repeat the portion of the award as our decision in this case:—

(1) *On the death of an employee while in the service of the Company or on his physical or mental disability to continue further in service.*—One month's salary or wages for each year of continuous service subject to a maximum of 15 months' salary or wages to be paid to his heirs or assignees or to the disabled employee as the case may be.

(2) *On retirement or resignation of an employee after 15 years of continuous service.*—15 months' salary or wages.

(3) *On termination of service by the Company after completion of 10 years' continuous service and over.*—One month's salary or wages for each completed year of service, but not more than 15 months' salary or wages.

(4) *On completion of nine years of continuous service.*—Seven months' salary or wages.

(5) *On completion of eight years of continuous service.*—Six months' salary or wages.

(6) *On completion of seven years of continuous service.*—Five months' salary or wages.

(7) *On completion of five years but less than seven years of continuous service.*—Four months' salary or wages.

Gratuity shall not be payable to any employee who is dismissed for gross misconduct. Salary or wages for the purpose of calculating gratuity shall be the last salary drawn on the date of death, disability, retirement, resignation or termination as the case may be. The Company shall be at liberty to grant gratuity in excess of the award. The scheme of gratuity shall come into force from the date when this decision comes into operation and all the past services of the employees of the Company shall be taken into account. Gratuity on the above basis shall also be granted to all persons who ceased to be in the services of this Company (except for gross misconduct) after the date of the reference of this dispute to adjudication, i.e., 5th January 1949.

The above rules shall replace the gratuity rules awarded by the lower Tribunal.

The appeal by the Company on this point is dismissed and the appeal by the workmen be allowed in the way indicated above.

In the result, the appeals be disposed of in the way indicated above. In view of the preponderence of success of the workmen, they will get Rs. 100 as costs.

Points 2, 3, and 4 as mentioned above are not appealable items under section 7(1)(b) of the Industrial Disputes (Appellate Tribunal) Act, 1950. An appeal on these points is competent only if substantial questions of law are involved. As Shri Niren Dey, Counsel, appearing for the workmen, could not make out any question of law, far less any substantial question of law on these points, the appeal, so far as it relates to the award on these points, must be dismissed as non-maintainable.

For a correct appraisal of the appellants' demands on the other points in the present appeal which are undisputedly specific items listed in section 7(1)(b) of the Appellate Tribunal Act, a short history of the dispute and the steps taken from time to time to resolve the dispute is likely to be of some use. Prior to the second World War, the wages of different categories of workmen employed in industrial establishments were low. Still the workmen hardly ventilated their dissatisfaction until the price specially of the essential commodities shot up during the Second World War and the post-war period. In Calcutta the Bengal Chamber of Commerce, whose duty, as an Association of Mercantile Firms, was to guide the constituent members with its recommendations on matters touching upon smooth working of the establishments, could appreciate that smooth working in industrial establishments was dependant on peace in the industry which in its turn was dependant on a contended labour force, and towards the end of 1946 or in the beginning of 1947, prepared a scheme of wage structure for different categories of workmen which included among other things grading the different jobs, fixing the minimum and maximum of each grade, the automatic scales of

increment and a liberal scheme of dearness allowance. This was recommended to the constituent members of the Bengal Chamber of Commerce, and we may say, without any fear of contradiction, that the recommendations were adopted by the majority of the members either entirely or substantially. The present Company Messrs. McLeod & Co., Ltd., who are a member of the Bengal Chamber of Commerce, appear to have fully implemented the recommendations and to have adjusted the then existing wages and dearness allowance of the workmen of different categories by placing them in proper grades according to the judgment of the management. Shortly after the independence of India, industrial disputes in over 250 commercial firms were referred for adjudication to a Tribunal, better known as the Mercantile Tribunal. The recommendations of the Bengal Chamber of Commerce, prior to the award of the Mercantile Tribunal, was based on certain figures compiled by the weekly periodical "Capital" on the pre-war cost of living of a middle class family. The Tribunal, it appears, had occasion to look into the investigation of the "Capital" during the adjudication proceedings in the case of the Bengal Chamber of Commerce. The "Capital" made no allowance for accommodation. The Mercantile Tribunal, accordingly, fixed the minimum basic salary of a clerk at Rs. 70 by adding Rs. 10 on account of house rent allowance to the minimum basic salary of Rs. 60 recommended by the Bengal Chamber of Commerce. As a result both the minima and the maxima of the several grades recommended for the clerical staff were increased by Rs. 10, and in view of the adjustment of pay which had taken place not long before the adjudication proceedings before the Mercantile Tribunal, the basic salaries of each and every member of the clerical staff were increased by Rs. 10 by way of adjustment. This increment did not affect the annual increments which the workmen were entitled to under the scales of their respective grades. The case of the Bengal Chamber of Commerce was the first to be taken up by the Mercantile Tribunal among the contested cases. The award for Bengal Chamber of Commerce was undoubtedly intended to be the standard and the Mercantile Tribunal expressed in the awards for some of the mercantile firms that its intention was, having regard to the then existing service conditions including wage structure and dearness allowance, to confirm subtantially to the award for the Bengal Chamber of Commerce. As we have already said that Messrs. McLeod & Company, Limited, were one of the firms listed in the Order of Reference to the Mercantile Tribunal. Without going into the details, we may usefully refer in brief to the award of the Mercantile Tribunal for the present firm on points, 1, 4 and 5 specified in the very beginning of this decision.

(a) *Grades and scales for the clerical staff*:

"C" grade Rs. 70—4—134.

"B" grade Rs. 110—7—180.

"A" grade Rs. 160—10—260.

Special grade Rs. 260—15—335.

Outdoor clerks Rs. 65—4—133.

Members of the clerical staff were to continue to get the dearness allowance according to the Bengal Chamber of Commerce scheme. They were also allowed a flat increment of Rs. 10 by way of adjustment necessitated by the modification in the scales as existed prior to the award. The scale for the subordinate staffs was Rs. 30—1—40—E.B.—1—50. The minimum wages of a member of the subordinate staff, as existing prior to the award, was less than Rs. 30 and the Tribunal appears to have directed to pull up the minimum to Rs. 30 and to deduct from the dearness allowance which was at the relevant time Rs. 52, such amount as was required to be added to the minimum basic salary to bring it to Rs. 30.

(b) *Retiring benefits*.—The Mercantile Tribunal recommended a Contributory Provident Fund with a contribution on either side of 10 per cent. of the basic salary of a clerk and 6¼ per cent. of a basic salary of a member of the subordinate staff.

(c) *Medical facilities*.—The Mercantile Tribunal generally refused to enlarge on the existing medical facilities that were available at the time of the award to the staff of the establishment. The then existing medical facilities were allowed to continue.

The demands of the workmen centre round mainly the grades and scales of pay of the different categories of workmen and adjustment of the basic salary of each and every workman. They also demand automatic promotion from one grade to the other so that each and every workman may reach maximum of the top grade that may be provided. They also demand pension or retiring gratuity in addition to the existing Provident Fund and the demand of the workmen under the head of "Medical facilities" is for the entire cost of treatment from the simplest ailment of an employee at his residence to a detailed treatment in a hospital including the cost of X-ray and clinical expenses.

The learned Tribunal revised the grade for the outdoor clerks and the "C" grade for the indoor clerks as indicated below:—

Outdoor clerk Rs. 69—4—133.

Indoor clerk (C) Rs. 74—110—6—128—E.B.—6—170.

The learned Tribunal also ordered by way of adjustment in conformity with the revision of the two grades, a flat increment of Rs. 4 for the outdoor clerks and an extra increment within the scales of all employees of the clerical staff in the C and B grades of the indoor clerks. These increments which were to be subject to the condition that the maximum of the grade is not exceeded, was not to affect the right of the workmen to the normal increments or the anniversary thereof. It was further awarded that an employee in the "C" grade drawing the basic salary above Rs. 110 shall be fixed at the stage of the actual salary he is getting or if there was no such stage in the scale existing prior to the award, at the stage next above his actual basic salary. One extra increment was also allowed to the employees of the subordinate staff which was not to affect the right of the members of the subordinate staff to the normal increments.

Before we enter into the merit of the demands of the Union in the present appeal, we should discuss the objections raised by Shri N. Dutt Mazumdar, Counsel for the Company, against the said demands. The self-same objections appear to have been pressed before the learned Tribunal. The objections are: (1) As the object of the Government in constituting a Major Mercantile Tribunal and in referring the industrial dispute of over 250 mercantile firms to the said Tribunal was to standardise the service conditions including wages, dearness allowance and retiring benefits in mercantile firms in Calcutta, the demands of the employees of an individual firm for a revision of the service conditions as awarded by the Mercantile Tribunal should be rejected; (2) as the award of the Mercantile Tribunal was for fair wages and for other conditions of service which were fair and were intended to lay down long term condition of service, no revision of the said conditions is warranted in the absence of sufficient justification; (3) the Government not having proceeding under section 10(5) of the Industrial Disputes Act, 1947, the reference is likely to disturb the equilibrium in the industry in the State of West Bengal and is likely to provoke disputes in other firms; (4) in selecting the present firm for the reference, the Government has denied this firm, against the fundamental principles of the Constitution, an equal protection of law.

The last two objections do not appeal to us. If the present Company had any grievance against the reference, they could have and should have moved the Government in the matter and should have the Order of Reference rectified in the light of section 10(5) of the Industrial Disputes Act. We also fail to understand how in making the present reference, the Government denied the present Company equal protection of law. There is no suggestion that the Government refused to refer for adjudication the industrial disputes of any other mercantile firm. In any view of the case the reference cannot be held void as the learned Counsel contends.

About the other two points there is no legal bar to revising a previous award. The principle of *res judicata* has no application to adjudications on industrial disputes under the Industrial Disputes Act. However, on principle, a previous award should not be changed except on sound justifiable grounds. Some of these justifiable grounds are:—(1) Change of circumstances; (2) anomaly, mistake or error in the last award involving hardship to either party or to both; (3) principle of gradual advance to the living wage. The question of revision of a previous award is a question of expediency and prudence. We shall discuss this question when we enter into the merit of the demands of the workmen.

Shri N. Dutt-Mazumdar opposes the demands of the Union in the present appeal on the ground that the Company, whose main business is managing agency of different units of industries, has lost some of the managing agencies and that as a result, the work of the Company has been considerably reduced. No financial incapacity has been specifically pleaded in the written statement. The Company might have lost some of the agencies and as a consequence the work of the Company might have decreased, but that does not, in any way, indicate that the Company is not in a position to bear the burden, which the demands of the Union, if awarded in full, may involve. Loss of some of the agencies resulting in decrease in the work may entitle the Company to retrenchment of staffs and, in fact, we could understand that the Company did not lag behind in re-organising the establishment by retrenchment from time to time.

We now proceed to discuss the merit of the demands of the Union. The demands of the Union so far as the basic wages are concerned have been pitched too high. We are, however, glad that Shri N. Dey, at the hearing of this appeal tempered down the demands of the Union considerably and we could understand that so far as the demands of basic wages of the clerical staff are concerned, the learned Counsel would be satisfied to have

the minimum awarded by this Tribunal for the clerical staff in the Caltex India, Ltd., reported in 1952 LAC at 402. We need not enter into the arithmetical calculation about the actual needs of the workmen with standard family of three consumption unit according to the principle of balanced diet. Rupees 5-8-0 has been accepted by this Tribunal as the *per capita* requirement on subsistence level at the living cost index of 100. The subsistence allowance for three consumption unit of a manual workman's family comes up to Rs. 16-8-0. It has also been accepted by this Tribunal that of the total expenditure of a family in the pre-war days, 60 per cent. represented the cost on food and 40 per cent. the cost on other items such as clothing, house rent, etc. The minimum wage providing not merely for the bare subsistence of life but for the preservation of the efficiency of the workers and hence providing for some measure of education, medical treatment and other amenities works out to Rs. 27-8-0 for a workmen of the working class with a family of three consumption unit at the pre-war price level. It has also been established that the needs of a workman belonging to the middle class are 80 per cent. more than the needs of a member of the working class. Thus the minimum wage of a middle class employee with the consumption units at a cost of living index 100 works out to Rs. 49-8. The workmen generally enter service at an age when they have hardly three consumption units to maintain. The All-India Bank Tribunal presided over by Mr. Justice K. C. Sen proceeded on the assumption that a workman should be taken to have 2.25 consumption units at the start. It has since become the convention with the Industrial Tribunals to proceed on the basis that a workman has at the start to maintain 2.25 consumption units only. This figure was adopted in the cases of Caltex (India), Ltd., reported in 1952 LAC page 402, Karam Chand Thappar & Bros. reported in 1953 LAC page 152 and All-India Bank Case decided by Special Bench of this Tribunal at Bombay. The minimum wage as understood by this Tribunal for a member of the working class with 2.25 consumption units at the start thus works out to Rs. 20.6 and that for a middle class employee with the same consumption units to Rs. 37.125. Thus if the starting pay of a workman is fixed on the basis of more than 2.25 consumption units, a substantial margin would be left for some amenities continuously during his whole career of service; for, with the gradual increase of his family he would be getting yearly increment in his salary, his wages thus fixed would accordingly be in the region of the fair wages. This was the observation of the Special Bench of this Tribunal in the case of the Caltex (India), Ltd.

Fixation of fair wages of the industrial workmen and revision of their wages fixed by a previous award should be on identical considerations, except that the wages fixed by an award require stricter circumspection on the ground that the wage structure laid down by a previous award was intended to be a long-term scheme and should not be altered except on the justifiable circumstances already discussed.

The wage of a workman does not mean his basic pay only but the sum total of his basic pay, dearness allowance and other benefits which go directly to reduce the expenses of a workmen on items of expenditure which are generally taken into account for calculation of a fair wage. In the present case, in deciding the question of advisibility or otherwise of a revision of the basic pay of the workmen, we cannot leave out of account at least the item of dearness allowance simply on the grounds that it was not covered by the Order of Reference or that there was no dispute over it. The clerical staff of the present concern are getting dearness allowance according to the Bengal Chamber of Commerce scheme which is undoubtedly generous. Because of the generous nature of the scheme, the clerical staff did not raise any dispute about dearness allowance and in fact there was no scope for any reference on this item by the appropriate Government. A scheme on a particular point in a concern in the locality cannot justify revision of the scheme on the same point existing in other concerns merely on the ground that the former is more favourable. Before any decision is taken on this point, the overall picture must be looked into. All the components which go to make up the wage packet must be laid before the Tribunal, and the Tribunal cannot revise the scheme on one of the components which is less favourable and retain another which is more favourable. Such a pick and choose policy can never be countenanced. The principles of fixing a fair wage have been discussed at length by a Special Bench of this Tribunal in the case of the Buckingham & Carnatic, Ltd. (1952 LAC page 492) and the Caltex India, Ltd. (1952 LAC page 402). Their Lordships considered the four factors laid down by the Fair Wages Committee Report, viz.:—

(i) Productivity of labour.

(ii) Prevailing rates of wages in the same or similar occupation in the same or neighbouring localities.

(iii) The level of national income and its distribution.

(iv) The place of the industry in the economy of the country.

It was observed that the assessment on the basis of the first factor mentioned above, viz., productivity of labour, is, however, difficult and uncertain and that the factor of *per capita* national income has a somewhat remote bearing on the question of the total emoluments of an industrial worker and that that figure is a hypothetical figure. It has further been

observed that this factor does not mean that an industrial worker must have total emoluments equal to the *per capita* national income. It is very difficult to estimate the place of the industry in the economy of the country so far as the present Company is concerned. The main business of the Company, as we could understand, is managing agencies of several units of different industries. The importance or otherwise of managing agencies has been the subject matter of an impending legislation. We are left only with the second factor, viz., prevailing rates of wages in the same or similar occupation in the same or neighbouring localities. We do not propose to discuss the calory requirements for balanced diet of a workman or the actual needs of a workman.

It shall be our duty to see whether the total emoluments of the workmen before us are substantially at par with the prevailing rates and are consistent with the concept of a fair wage and whether in the present economic condition of the country any substantial advance is called for. The Mercantile Tribunal arrived at its estimates for a family of three consumption units even at the start at the pre-war price level, i.e., at the point 100 in the cost of living index. Since then there has been a tendency to fix the starting pay at a higher index but on a lower estimate of consumption units at the start. This change in the policy has not affected the estimate of the Mercantile Tribunal. The Mercantile Tribunal which was charged with the onerous duty of fixing the service condition of the workmen for over 250 firms in Calcutta was, in duty bound, to proceed cautiously keeping in view that the living wage for a workman according to his social position and status, was the objective. While each and every Tribunal is anxious to secure the maximum benefit to the workmen, the possibilities of the marginal employees being discarded must be avoided by all means. According to the Fair Wages Committee's report, the objective is not merely to determine wages which are fair in the abstract but to see that employment at existing level is not only maintained but if possible increased. The award of the Mercantile Tribunal was undoubtedly the first step taken to advance the service conditions of the workmen of mercantile firm. This fact by itself does not justify a further advance unless and until it be shown that such a futher advance is otherwise justified. In the case of the Caltex (India), Ltd., the Special Bench of this Tribunal awarded an increase for the basic wages, without reference to the dearness allowance, calculated on cost of living index 180. A similar procedure appears to have been adopted in the case of Karam Chand Thappar & Bros., Ltd. (1953 L.A.G. page 152), with this difference that in the case of the Caltex (India), Ltd., the minimum basic salary of a clerk was to be Rs. 80 at the start whereas that of a clerk in the case of the Karam Chand Thappar & Bros., Ltd., was to be Rs. 70 at the start. In the case of the Buckingham Carnatic Co., Ltd., the same Special Bench of this Tribunal awarded Rs. 28 for an unskilled worker. The minimum wage of an employee of the working class with a family of 2.25 consumption units at a cost of living index 180 works out to Rs. 37.125 and that of the middle class with the same consumption units and on the same cost of living index works out to Rs. 66.82. In the case of the Karam Chand Thappar & Bros., Ltd., the actual figure, viz., Rs. 66.825 or Rs. 66-12-0 was taken to be the basis of calculation, while in the case of the Caltex (India), Ltd., at every stage of the calculation, the figures were rounded and Rs. 67-8-0 was taken as the basis. Although incapacity to pay has not been pleaded by the Company in clear and unambiguous term and although the balance-sheet and other account books have not been produced to show the exact financial position of the Company we may fairly leave out of consideration the case of the Oil Company. The position of oil industry in India is unique. What is possible for the Oil Company is hardly possible by any other industry. Although the Tribunal, which decided the case of Karam Chand Thappar & Bros., Ltd., intended to give the clerical staff a start calculated on the cost of living index 180, the basic wage could not be fixed at more than Rs. 70. This is what the clerical staff of the present concern has been getting. Prior to the decision in the case of the Caltex (India), Ltd., the basic wage estimated on the pre-war price level was accepted as the basic minimum salary at a cost of living index 160 to 180, when the workers might reasonably have expected to have more. This was because the estimates of minimum requirements relied on by the Tribunal were to relate to a period when the employees might reasonably be expected to have at least two children to support besides his wife, which event, would not according to the opinion of the wage fixing authorities, come before the workmen reaches the 7th or 8th year of his service. Besides, in view of the low *per capita* national income of the country every individual must make some sacrifice. Whatever might have been the reason, the fact remains that the Central Pay Commission did not compensate any employee for a rise in the price up to 85 points and the Bengal Chamber of Commerce also left 80 points of the rise over 100 uncompensated. If we refer to the case of Karam Chand Thappar & Bros., Ltd., we shall find that the employees of the said concern were allowed dearness allowance at a much lower rate than what the appellants before us are getting. Lastly we have been referred to the decision of the Special Bench of this Tribunal in the All-India Bank dispute. It may be found from the decision that even in the "A" class bank who have considerable secret reserves in addition to the disclosed reserves considerably exceeding the capital invested, the clerical staff did not get a farthing more than what the clerical staff of the present concern are getting. The starting total

emoluments including dearness allowance and house rent allowance of a member of the clerical staff of "A" class Bank in class I area (Calcutta, Bombay, Madras and Delhi) was Rs. 143. In the present firm an ordinary clerk would get Rs. 143-8-0 as basic pay and dearness allowance. We could understand at the hearing of this appeal that the employees of the present concern are entitled to substantial bonus under an agreement which is to continue for at least a few years to come but this piece of evidence which was not placed before the Primary Tribunal could not be admitted here. In any case leaving out of account other benefits, if any, available to the workmen of the present concern, we find that the clerical staffs have been getting a fair wage. Shri De referred us to two or three awards recently given by the West Bengal Industrial Tribunal to show that the minimum basic salary of a clerk was increased. We understand that those awards are mostly under appeal. We cannot accordingly take these awards into accounts. We have recently increased the starting salary of the Empire of India Life Assurance Company, Limited, from Rs. 70 to 75 on the ground that the management had already given such an increment to the clerks of the Head Office. It may be noted that the dearness allowance and the total emoluments of the employees in this Insurance Company are much less than what is available to the employees of the present concern.

Whenever dearness allowance is linked with the cost of living index a portion of the rise has usually been left uncompensated. Where dearness allowance has been fixed without reference to the cost of living index, the percentage of neutralisation is much less and the workmen do not seem to be better off. The fact that no neutralisation has been provided for a rise in the cost of living index from 100 to 180 does not warrant an increase in the basic wages of the clerical staff in the present case. The basic pay of a clerk was fixed with reference to the pre-war price level with a substantial margin which raises the basic pay of the lowest paid clerk to the region of a fair wage. Even on an estimate of the minimum needs of a clerk at cost of living index 180, the lowest wage of a clerk in "C" grade is not less than what was considered in the case of Karam Chand Thappar & Bros., Ltd., a fair wage. The learned Tribunal has made some alterations in the grades for the outdoor clerks and the "C" grade of the indoor clerk. He has increased the starting of pay for the outer clerks and extended the "C" grade. We are, definitely of the opinion that further increments of the minimum and maximum of the several grades were not called for at this stage.

The Company has at present four grades for the indoor clerks and one for the outdoor clerks or sarkars. Mr. Niren Dey on behalf of the union urges for reduction of the number of grades. According to him there should be only one grade or at best two grades, if more than one grade is thought necessary, with facilities to each and every clerk to reach the top at least some time before his retiremnt. Shri Dutta Mazumdar invites our attention to the chart of demands of the Union where the demands relate to four grades. In the chart of demand the Union demanded an increase in the minimum and maximum and scales of increment in the existing grades. Although we are not in agreement with Shri Dutta Mazumdar that the Union's contention for reduction of the number of grad s should be turned down as not having been specifically demanded, we feel extreme difficulties to concede to the suggestions of Shri N. Dey on other very good reasons. Grades represent nothing but the money value of different jobs according to the skill, effort, intricacy, responsibility, experience and other considerations involved in the jobs. Although the routine works of a clerk are essentially similar in nature, it cannot be denied that some of the jobs require quick despatch, mature consideration and thorough mastery of the rules and practice of the establishment which are generally expected of the comparatively senior people and that the senior people are generally allotted such works which involve greater responsibilities, in preference to the comparatively junior people. This was the view taken by the Special Bench of this Tribunal which decided the bank disputes. Grading of jobs are based on these facts, and in the absence of any suggestion of unfair practice on the part of the management, we, for obvious reasons, do not consider it expedient to interfere. The present system of grading the jobs has been in force at least for some time and there is no definite suggestion against the system. Any alteration in the system by an outsider is likely to raise complications which must be avoided by all means.

The next demand of the Union is for abolition of efficiency bar and automatic promotion from one grade to another The main reasons for opposing test of promotion are the apprehensions of the workmen that they will be played into the hands of the employers and that the efficiency test will be utilised as a cloak to victimise a workman and to discriminate between workmen and workmen and that most of the clerks will not reach the top. Against these apprehensions of the workmen there may be similar apprehensions in the minds of the employers that automatic scales of increment and automatic promotion without a check upon efficiency might well result in cases of indolence, indifference and inefficiency. The stop placed at the end of each grade corresponds to the efficiency bar in a long running scale, and the smaller grades are in the nature of links in one of the same chain, for they are intended for the same category of workmen, viz., the clerks. Promotion from one of these grades to the next higher grade and crossing the efficiency bar in the long running scale should be on indentical

considerations. As the stops at the end of the several grades are in the nature of efficiency bars, we are not in favour of any efficiency bar in the middle of any grade. We accordingly propose to remove the efficiency bar placed in grade "C" specially when the higher grades have no such efficiency bar. The efficiency which should be required of a workman for promotion from a lower grade to the higher grade of the same category of workmen should be the initial efficiency of the workman plus such efficiency as he is normally expected, having regard to his initial education and nature of his work to have acquired by experience during the period of service he has already put in. The growing needs of the workmen are undoubtedly one of the main considerations and gradual salary advance for increasing efficiency and experience with the length of service is another equally weighty considerations. We do feel that the grades having been intended for the clerks, each and every clerk with normal efficiency should have facilities to reach the top of the highest grade. We have already indicated what this normal efficiency should be. Shri Harsidhbhai observed in his award on the Banking Industry in Bombay "promotion to the higher grade depends on general capacity and the record of service for a certain number of years as an efficient clerk. It is not a very positive test of extraordinary ability, industry or capacity to organise. That would be a test for promotion to officers' cadre from clerical grades but the efficiency required for promotion from lower to the higher clerical grade is only that much efficiency which is necessary for doing the daily routine of clerical work". But promotion will depend upon the decision, the Management arrives at after applying some test about the efficiency of a clerk.

We do feel the justification of the Union's demand for facilities to each and every clerk to reach the maximum of the topmost grade intended for the clerks and with a view to facilitate such promotion we propose to reduce the span of some of the grades as indicated below:—

Grades.	Span as awarded.	Span as revised.
	Years.	Years.
C	20	19
B	10	9
A	10	9
Selection	5	5

We also lay down some rules for guidance of the Management which are expected to be of substantial benefit to the clerical staff—

1. Stenographers shall not be placed below grade "B".

2. Subject to clause 1, all appointments to the clerical grade (not the Sarkar grade) shall be in grade "C" to start with the minimum of the grade. The efficiency bar in grade "C" imposed by the learned Tribunal shall be removed.

3. Vacancies in the higher grades including the Selection Grade shall ordinarily be filled up by promotion from the next lower grade. Subject to clause 1 direct appointments in the higher grades including the Selection Grade shall be made only when suitable persons are not available from the lower grades.

4. For promotion from a lower grade to the next higher grade seniority shall be the general rule. Deviation from this general rule is permissible only when a senior man falls short of the test laid down below, in which event the next senior man shall be considered.

5. On promotion, a clerk shall be placed at the stage in higher grade at which the basic pay is either equal to or just above the basic pay at the stage in his existing grade next to the stage he is in at the time of the promotion.

6. Circumstances permitting (if there are vacancies in the higher grades), clerks in the lower grade shall be considered for promotion to the next higher grade at the end of the latest stage in the lower grade just below the stage in his original grade where the basic pay is either equal to or less than the starting pay of the next higher grade. This shall be called the Selection Point and shall be at the end of the 9th stage in the "C" grade (Rs. 105); of the 6th stage in the "B" grade (Rs. 148); of the 10th stage of the "A" grade (Rs. 260). This is indicated in the Annexure to this decision.

7. A clerk in any grade once found unfit for promotion to the higher grade shall not be permanently debarred from competing for promotion. He shall be considered on each and every occasion when vacancies in the higher grade occur.

8. The general test for promotion should be whether the employee's work has fallen below that standard of efficiency normally expected of him at that particular stage of his career when the efficiency at the start has been re-inforced by the experience from which he should have profitted. This rule shall apply to cases of indoor clerks for promotion from one grade to the next higher grade including the Selection Grade.

9. Promotions to the higher grades, when there are vacancies shall be very sparingly held up.

10. Sarkars shall be eligible for promotion to the "C" grade of the indoor clerks, and if found suitable by the Management for indoor clerical work shall be promoted to the "C" grade in which case his basic pay on promotion shall be adjusted according to rule (5). Once they are promoted to the rank of indoor clerks, these rules shall apply to them for promotion from one grade to the next higher grade.

We have been asked to lay down the proportion of the appointment in the several grades. In the absence of any definite evidence about the requirement of the Company of higher jobs, we cannot concede to the request of the Union on this point. Grades of pay are undoubtedly indicative of the degrees of responsibilities, intricacy and other factors involved in the different jobs. The Company have at present 7 Sarkars, 117 clerks in "C" grade, 56 in "B" grade, 25 in "A" grade and 4 in Selection Grade. It is clear that the number of clerks in grade "B" is about 50 per cent. of the number in grade "C" the number of clerks in grade "A" and the Selection Grade taken together bears almost the same ratio to the number of clerks in grade "B" and the number in Selection Grade is a little less than 20 per cent. of the number in grade "A". We recommend that unless there is a substantial change of circumstances these ratios shall be maintained. Now we come to the question of adjustment. Pursuant to the recommendations of the Bengal Chamber of Commerce the Company graded employees some time in 1946 or 1947 and placed according to their respective efficiency, ability and other considerations. In the absence of any specific instance of unfairness to any particular workman, it must be presumed that the grading of the workman was properly done. Prior to the introduction of the grades, the initial pay and periodical increments of the employees depended on the discretion of the employer. We may presume that the initial pay and the subsequent increment corresponded to the individual ability and efficiency of the workmen concerned and his pay at the relevant time was a material factor for consideration in grading the workmen. Some of the workmen might have been denied increments and while others might have been given accelerated increments in the past. The grades and scales of pay are laid down with reference to the jobs and not with reference to the men appointed to the jobs. But when the question of grading a particular man arises his personal abilities cannot be ignored. Seniority is not the only criterion for placing a particular employee in a higher grade. In grading the employees, at the initial stage efficiency, abilities and his job and basic pay which are indicative of his efficiency and ability count more than the seniority.

The union has filed a chart showing the length of service of the members of the clerical staff, the grades in which they have been placed and the basic pay they have been drawing. This shows a number of anomalies. The grading and pay do not always correspond to the length of service. The principle of grading a workman which we have just discussed, is a complete answer to the Union's grievance. The seeming anomalies might have been due to various considerations, viz., how a particular employee started, whether he was promoted from an inferior status, whether his increments were held up, whether he got accelerated increments in recognition of his abilities and when he was promoted from a lower grade to the next higher grade and such other considerations. As we have already discussed that the job and the basic pay of an employee immediately before the grading was introduced were material factors in deciding the grade in which he should be placed and the seniority he should be given in the grade. The experience gathered during the service contributed substantially to the efficiency of a workman at the time when the grading was introduced. Now that the members of the clerical staff had been adjusted in the new grades presumably with reference to the efficiency, abilities and basic pay immediately before the introduction of the grades not long before the Mercantile Tribunal's award, the Mercantile Tribunal had nothing to do but to add a flat increment of Rs. 10 to the basic pay of each and every clerk by which the minimum and maximum of the grades were increased. In the award under appeal some alterations were made in the grade for the outdoor clerks and grade "C" for the indoor clerks and consistently with the alterations, the learned Tribunal has allowed some increments by way of adjustment. These increments are considered fair and shall stand. As we have reduced the span of some of the grades by increasing the rates of annual increments, we direct that if by reasons of such alteration, the basic pay of any clerk does not synchronize with any stage in his grade, he shall be placed at the next stage in the grade provided the maximum of the grade is not exceeded thereby. As regards the subordinate staff, we consider sufficient the existing scale of basic pay and the dearness allowance as confirmed by the learned Tribunal and we are definitely of the opinion that no interference is called for in respect of the basic wages of the other categories of workmen. There is no sufficient material to justify any interference.

We next take up the question of retiring benefits. The Mercantile Tribunal almost uniformly awarded one single retiring benefit in the form of Contributory Provident Fund with contribution on either side at 10 per cent. of the basic pay for the clerical staff, and 6¼ per cent. for the subordinate staff. Only in few cases where the employees voluntarily introduced

more than one scheme, the Mercantile Tribunal could not and did not reduce the benefit. Our attention has been drawn to the few cases where the employees are given double retiring benefits. These few cases represent a very small fraction of the total number of mercantile firms in Calcutta. Double retiring benefits might have been in vogue in Bombay or in some other places as a "pattern of the day" but in Bengal one retiring benefit is the prevalent condition of service in a majority of commercial firms. We consider that a Contributory Provident Fund with a contribution on either side of 10 per cent. of the basic salary of a clerk and 6¼ per cent. of basic salary of a member of the subordinate staff is a sufficient provision for old age. We are not, accordingly, inclined to interfere.

The last point which arises out of consideration relates to medical facilities. According to the report of the Health Survey, medical facilities of the people in general are responsibilities of the State. The employers are required to make special arrangements where there is risk of the employees contacting some diseases peculiar to the industries or where the employees by reason of their employment have to live in a place where the medical facilities arranged with the State for the people at large are not available to them. Besides a healthy wage structure provides for medical treatment. We feel that estimates which we get from the experts at pre-war level provided for medical expenses like all other expenses have increased considerably. This rise might not have been compensated fully. Some generous employers have accordingly provided some facilities for their workmen in this direction. Although the report of the Health Survey does not oust the jurisdiction of the Industrial Tribunal in this matter, the Tribunal have hitherto proceeded very slowly and have been reluctant to enlarge substantially the scheme which the employers have themselves introduced. In a few cases where the Tribunal revised a scheme introduced by the employers, they generally proceeded on either express or tacit consent of the employers. We do not feel ourselves called upon to enlarge the existing scheme of the Company. We, however, direct that the existing scheme shall not be altered to the prejudice of the workmen. Hence ordered that the appeal be dismissed with slight modifications as indicated in the body of the judgment. In view of the partial success of the Union, we direct that the Union be paid Rs. 100 as costs of the present appeal.

Note.—Since the 1st January 1929 the datum of all gauges has been finally altered to refer to the Bengal Public Works Department datum which is 6·25 feet above the Kidderpore Old Dock Sill. The values of the highest and lowest readings have similarly been altered. Printed notes on the correction to be applied to all reduced levels recorded since each gauge was established have been prepared.

*The Zero of the Buxar gauge has been checked from G.T.S. Bench marks Nos. 125 and 126 on line 70K and found to be 169·91 feet above the Bengal P.W.D. datum.

†On and from 1st January 1931, high water level and low water level readings are shown at Swarupganj.
